Welcome

Registration for the 2016 intake cycle is now open.

The National Benchmark Tests (NBTs) were commissioned by Higher Education South Africa (HESA) with the task of assessing academic readiness of first year university students as a supplement to secondary school reports on learning achieved in content specific courses.

The NBTs assess the ability to combine aspects of prior learning in competency areas - **Academic Literacy (AL)**, **Quantitative Literacy (QL)** and **Mathematics (MAT)** - that directly impact on success of first year university students. The NBTs are designed to help students identify their strengths and weaknesses in these areas.

NBT Registration

! Please use Internet Explorer or Firefox to navigate this website. We have been informed of inconsistencies when navigating with Google Chrome.

You NEED the following to register:

- Your official ID book (if you are not a citizen of South Africa, you will need your passport)
- A *unique* email address
- City and site where you want to write
- NBT requirements from the institutions where you plan to apply
- Date when you want to write (allow 3 weeks to receive results)
- Pen and paper to record your username and EasyPay number

Take note of the following:

The NBT Project does not determine which test you must write nor the deadline for submitting results. Most institutions in South Africa post their requirements on their website and in their prospectus.

The username and EasyPay number assigned to you during registration is used to:

- Complete the registration process if you did not finish
- Correct personal information
- Request change to test date or site
- Verify payment so that your results may be released
