The official class timetable for all campuses is published on the UFS Web (www.ufs.ac.za) under *Students – Official Timetables*, where modules are listed alphabetically.

Personal class timetables for students can be obtained, after registration, on the UFS Web (www.ufs.ac.za) under *Students – KovskyLife (Student portal) – Student Self-Service*.

Important Information:

- Immediately next to the module code, the **type of class** is indicated, e.g. Lecture, Practical, etc.
- Select the **Afrikaans or English** class/practical that you will attend.
- **IMPORTANT:** If Lec 1, Lec 2 and Lec 3 are indicated on the timetable, you have to attend all three the classes. This is NOT an indication of choice.
- The (A), (B) etc. refer to **groups** in the same module and are usually indicated where a large number of students have registered for the module. Select the group which scheduling suits your timetable best, but once you have chosen e.g. group A, you have to attend the scheduling of classes for that specific group.
- In the next column, the **timeslot** is indicated. Determine the period that you will attend according to the timeslots as indicated above.
- In the following column appears the **venue** in which the specific module will be presented. The codes for the venues are provided in the diagram with the codes of buildings.

You are welcome to enquire at our office in the George du Toit Administration building, Room 166. We will gladly assist.
