lebekomk@ufs.ac.za

PhD: 2006, Environmental Geography, University of the Witwatersrand, South Africa
MA: 1995, Environmental Policy and Planning, University of Zimbabwe, Zimbabwe
BA Honours: 1985, Geography, University of Zimbabwe, Zimbabwe

Geoffrey Mukwada has 25 years of experience as a university lecturer and researcher. He joined the UFS in 2010 as Lecturer in Environmental Geography. His research interests include natural resource conservation and management, climate change and rural livelihoods. Prof Mukwada has published more than 50 papers in international peer-reviewed journals and presented 27 papers at national and international conferences. He has graduated 8 master's and 11 PhD students.

He is a C2 NRF-rated researcher. He is the coordinator of the University Staff Doctoral Programme, which involves collaboration between the UFS, the University of Venda, the Appalachian State University, the University of Colorado, and the University of Montana, as well as coordinator of the Mountain-to-Mountain Research Project, a collaborative research project between the UFS and the Appalachian State University. He is a faculty affiliate of the Department of Geography and the WA Franke College of Forestry and Conservation at the University of Montana.

Inspiring excellence, transforming lives through quality, impact, and care.
