MESSAGE: RECTOR AND VICE-CHANCELLOR PROF PETERSEN

At the University of the Free State (UFS), we inspire excellence and transform lives. This is what we stand for, and what we believe in.

My vision is ...

to cultivate a university that embraces diversity, inclusivity, and academic excellence. I want you to feel welcome and safe when you enter our learning and living space – a place where you can realise your social and academic dreams. We offer you an experience that provides a balanced foundation for whatever the future demands, ranging from academics, to sport, art, cultural activities, and a range of student associations to choose from.

We have grown ...

into a recognised university since 1904, with scholars who influence local and global growth. Our alumni excel in business, sports, arts, culture, and in many other areas. You too, can develop and expand your potential within our seven faculties, covering the entire range from undergraduate degrees and diplomas, to doctoral and postdoctoral degrees.

Meet and learn ...

from some of the finest academic intellectuals, while improving your skills with the help of our Centre for Teaching and Learning – including tutorials and academic writing services. Many other services offered by our Student Affairs, such as student leadership development programmes, career services, student health and wellness programmes, and student counselling, will make your time with us memorable.

Our scholars ...

thrive with our support. Our number of researchers with ratings from the National Research Foundation (NRF) almost doubled in the past few years, and our Vice-Chancellor's Prestige Scholars Programme (PSP) helps selected scholars on their pathway to professorship – you can become one of them.

First-year students ...

are welcomed through our Gateway First-Year Orientation Programme. We will help you find your way around campus, make sure you are registered, refer you to academic advising, career counselling, and other support services on campus.

Come and enjoy ...

a supportive, caring, enjoyable, and intellectually invigorating environment where academic excellence and human embrace are at the core of what we do. We have great goals and aspirations for your success as a future graduate, trailblazer, and leader in the world.

Pick a bright future with us.

Prof Francis Petersen

University of the Free State

BLOEMFONTEIN, THE HEART OF THE FREE STATE

The University of the Free State is situated in Bloemfontein – the centre of South Africa. Bloemfontein is part of the Mangaung Metropolitan Municipality, Free State, and serves as the capital of the province, as well as the Judicial Capital of South Africa.

This beautiful city is also known as the 'City of Roses', due to the many roses that bloom all around the city during summer. However, Bloemfontein's true beauty lies in its people. Residents are known to be exceptionally generous and friendly. Considering the city's affordability, you can hardly imagine a more ideal study destination! You will be welcomed in a lovely setting, without spending a fortune on living and recreation.

Bloemfontein is big enough to provide you with all the services you need, but also small enough to maintain a peaceful study atmosphere, with much of the natural, architectural, and historical legacy of central South Africa interwoven into this modern, developing city. The UFS is very fortunate to call Bloemfontein our home.

This lively city, with the heart, caring character, and tranquillity of a big town, is the economic, educational, and medical-care hub for a vast inland area of South Africa. We trust that our city, with its fascinating mix of diversity and tradition, will charm you as a student of the University of the Free State. We look forward to welcoming you!

BLOEMFONTEIN CAMPUS

Visit our Bloemfontein Campus:

University of the Free State
205 Nelson Mandela Drive
Park West
Bloemfontein

www.ufs.ac.za | T: +27 51 401 9111

The Bloemfontein Campus dates back to 1904, making our university one of the oldest higher-education institutions in the country. The Main Building, and other buildings of historic and architectural importance, portrays the calm though vibrant atmosphere appropriate to an academic institution of more than 113 years old.

It is a vast campus where staff and students are encouraged to walk in order to enjoy the beautiful buildings, parks, lawns, artwork, and other facilities. Every effort has been made to make the campus user- and experience-friendly, including braille-guided areas for blind students, and additional ramps and elevators for students with disabilities.

When on the campus, stop and rest under one of the shady trees. You will find that many of the benches represent artwork by Azwifarwi Ragimana, a famous South African artist. Walk through the Thakaneng Bridge and the Student Centre where you will find a range of food outlets, KopsieFM – the campus radio station, stationery and bookshops. The swanky KopsieGear shop offers visitors and students exciting Kopsie merchandise.

Our Bloemfontein Campus is immaculately maintained and provide a safe and secure environment for the more than 26 000 students who study here. Through an active programme of sports, cultural, and social events, our students are also given the opportunity to develop into competent and compassionate future leaders.

Student accommodation is very popular and our residences are within walking distance of all facilities. Our Bloemfontein Campus is regarded as one of the most integrated campuses in South Africa, with a very diverse group of students.

The campus is situated in one of the main roads passing through Bloemfontein, Nelson Mandela Drive, and is within walking distance of shopping centres, schools, and other places of interest.

Visit our Qwaqwa Campus:

University of the Free State
Kestell Road
Phuthaditjhaba

www.ufs.ac.za | T: +27 58 718 5000

Situated in the scenic sandstone mountains of Phuthaditjhaba in the Eastern Free State, our Qwaqwa Campus attracts students from across the continent, with the majority from the Eastern Free State and western KwaZulu-Natal. More than 5400 students call it home.

This campus offers programmes in the Faculties of the Humanities, Education, Economic and Management Sciences, as well as Natural and Agricultural Sciences, with postgraduate teaching in various centres of excellence. Our main consideration is that the learning programmes, research, academic interventions, and community-service learning opportunities are socially and educationally responsive to the region. The on-campus research hubs produce valuable knowledge, of which many have a local focus.

With the influx of postgraduate students from around the globe, Qwaqwa Campus is probably the fastest growing rural campus in South Africa. To address the recent growth spurt, existing buildings were renovated, the infrastructure updated, and new building added. The huge investment in infrastructure makes it one of the best equipped rural campuses, with a spacious layout, modern lecture theatres, and comfortable residences.

Various male, female, and day residence accommodate students' living, learning, and social needs. With floodlit stadia, athletic tracks, netball and basketball courts catering for sport talent and aspiration.

SOUTH CAMPUS

Visit our South Campus:

University of the Free State
Oliver Tambo Road
Bloemfontein

www.ufs.ac.za | T: +27 51 401 9111

Nestled in the hills overlooking the vibrant city of Bloemfontein, lies the South Campus of the University of the Free State (UFS). The facilities can accommodate up to 4 000 students and include lecture rooms, an auditorium, a library, and an impressive administration building.

Originally established in the 1980s as a satellite campus for Vista University, it was incorporated into the UFS in 2004. Ever since its incorporation, the UFS tailored the South Campus to play a significant role in the economy of the region, the enhancement of its people, as well as being the hub for distance-learning programmes offered by the institution.

One of the main roles of the campus is to draw new students from lower levels of education that would previously not have been able to attain higher education. The South Campus offers programmes for students to gain access to Further Education and Training (FET) and Higher Education (HE) levels. These programmes enable learners to ultimately enter the mainstream curriculum after completing the preparation courses. Through offering this opportunity, the UFS ensures that students – who might otherwise have fallen by the wayside – get to develop to their full potential and realise their dreams.

In addition, the South Campus also serves as the pivotal centre to more than 6 000 distance learners. These students are not able to study on campus due to a variety of factors, such as their geographical location, financial constraints, or having to complete their degrees on a part-time basis as a result of job commitments. The influx of distance learners accounts for the South Campus being the fastest growing of the UFS campuses.

On-campus students receive intensive small-group instruction, which has been proven to be a highly successful method of tuition. Distance education is accomplished through the use of online technology and broadcasting mediums.

APPLICATION TO STUDY IN 2019

BECOME A UFS STUDENT IN EIGHT STEPS

1

Apply online or in hard copy (written).

Your application form will be captured. You will receive a student number.

2

3

You will receive a conditional offer for non-selection programmes if you meet all the admission requirements. Selection programmes are excluded.

If you have applied for campus residence, you will now receive correspondence from Housing and Residence Affairs.

4

5

If you are accepted when the final Grade 12 results are released, you will receive communication regarding your admission.

Five (5) days prior to registration in early 2019, you have to make a prepayment. Use your student number as a reference number.

6

7

Register early 2019.

Collect your study material and timetable after registration.

8

REMEMBER TO WRITE THE NBTs BEFORE THE END OF 2018

APPLICATION TO STUDY AT THE UFS IS FREE

You can apply either online or in hard copy.

IMPORTANT APPLICATION OPENING DATES

Date	Programmes for which applications open
1 April 2018	Applications to study any undergraduate programme in 2019 offered on the Bloemfontein and Qwaqwa Campuses
1 September 2018	Applications to study any University Access Programme (UAP) in 2019 offered on the South Campus

ONLINE application: Go to www.ufs.ac.za. Follow the link <https://apply.ufs.ac.za/> – online application. Proceed through all eight easy steps and submit your electronic application.

Upload copies of the following in PDF or JPEG format when you apply for undergraduate studies:

- Your ID or passport
- Your Grade 11 final results with the school's stamp
- Your academic record only if you are a current student at another institution of higher learning
- Grade 12 June results, with the school's stamp as soon as they are available must be emailed to studentadmin@ufs.ac.za, especially if you have applied for a selection programme.
- USAf accreditation is the examination board for South African universities. Apply to mb.usaf.ac.za for conditional exemption, foreign conditional exemption, or mature age conditional exemption.

The online application is quick and easy – no hassle, no fuss!

The electronic application has a modern design and is mobile and tablet-friendly. You can apply using any device. You can expect a quicker response time if you apply online.

HARD COPY application: Go to www.ufs.ac.za. Follow the link 'how to apply' and download the hard copy application. Complete and sign the application, and mail it with all the relevant certified documentation to: The Application Office, PO Box 339, Bloemfontein 9300.

Remember to include copies of:

- Your ID or passport
- Your Grade 11 final results with the school's stamp
- Grade 12 June results, with the school's stamp as soon as they are available must be emailed to studentadmin@ufs.ac.za, especially if you have applied for a selection programme.
- Your academic record only if you are a current student at another institution of higher learning
- USAf accreditation is the examination board for South African universities. Apply to mb.usaf.ac.za for conditional exemption, foreign conditional exemption, or mature age conditional exemption.

International students: If we receive your application after 31 August 2018, it will not be captured.

IMPORTANT INFORMATION FOR ALL STUDENTS

- All information in the Prospectus is subject to change without prior notification.
- Closing dates: Your application for admission **MUST** be captured before you register in 2019. Keep in mind that all programmes have limited spaces available, and therefore you are encouraged to apply as soon as possible to avoid disappointment. When we process your application for admission, we capture your details onto the UFS databases – if your details are not available, you will not be admitted or be able to register. For this reason, it is very important to stick to the closing dates.
- National Senior Certificate: If you already have a National Senior Certificate (NSC), you must include a copy with your application form.
- Application: Make sure that you complete the application properly, and attach all the required documents. Gaps in the application, as well as outstanding documents, will delay your application process.
- Transferring students: If you transfer from another tertiary institution, you must include a certificate of conduct and an official study record from the previous tertiary institution with your application, AND submit copies when you register. **The closing date for students transferring from other tertiary institutions is 30 September 2018.**
- International students: If you are from another country, you must attach your certified school leaving certificate, diplomas, and proof of a conditional exemption certificate issued by the Matriculation Board to your application. Apply to mb.usaf.ac.za for the conditional exemption. **The closing date for international students is 31 August 2018.**

All Health Sciences applications must be accompanied by a completed medical certificate and principal's signature. Forms available at www.ufs.ac.za

Confidentiality Clause

The UFS confirms that all personal information provided in your application form will be treated confidentially and will not be sold to a third party or used for commercial or related purposes.

The UFS further confirms that your personal information will only be used for purposes relating to your potential relationship with the UFS as a student, including but not limited to the processing of your application to study at the UFS, effecting registration at the UFS and for any communication purposes related to your application and/or registration to study at the UFS.

ADMISSION REQUIREMENTS FOR UNDERGRADUATE STUDIES

There are specific matric exemption requirements that you must meet if you want to study at any South African university. If you completed school in or after 2008, and have a National Senior Certificate (NSC), you need the following to apply for admission to a Bachelor's degree at any South African university:

Four (4) of the seven (7) subjects included in your NSC subject package must be from the designated subjects listed below, with a minimum mark of 4 (50%) in each of these four (4) subjects:

Designated list of school subjects	
Accounting	Information Technology
Agricultural Sciences	Life Sciences (Biology/Physiology)
Business Studies	Mathematics or Mathematical Literacy
Consumer Studies	Music
Dramatic Arts	Three languages (one of these must be the language of teaching and learning at a higher-education institution and two other recognised language subjects)
Economics	
Engineering Graphics and Design	
Geography	Physical Sciences/Natural Sciences
History	Religion Studies
	Visual Arts

WHAT DO YOU NEED TO STUDY AT THE UNIVERSITY OF THE FREE STATE?

In addition to the requirements above, for degree studies at the University of the Free State we expect that:

- You have a NSC or NCV with an endorsement that allows entrance to degree studies (Bachelor's degree) or an equivalent qualification.
- You have a minimum level of 4 (50%) in the chosen UFS language of instruction: English or Afrikaans (only applicable to certain programmes).
- You meet all the minimum admission requirements for the programme you intend to study.
- You must pass certain school subjects with a minimum level of achievement in order to take a certain university module. For example, you must get a mark of 70% for Mathematics in Grade 12 if you plan to study BSc majoring in Physics with Engineering subjects.

You will be conditionally admitted based on your Grade 11 or equivalent results, subject to you meeting all the minimum requirements for the intended programme of study. Your final admission to the programme of choice will depend on your final Grade 12 results. You will be notified immediately of the university's final admission decision after your Grade 12 results have been released by the Department of Education.

CALCULATION OF YOUR ADMISSION POINT (AP) SCORE

It is important that you study the admission requirements of the programmes you are interested in, thoroughly. The UFS calculates your AP score based on the NSC achievement scale. An AP score consisting of seven levels is used. Points will be awarded for six academic subjects (note: no points will be awarded for achievement points lower than 30%). One point is awarded for Life Orientation from achievement level 5 (60%) or higher when calculating your AP score for admission purposes.

NSC Level	UFS AP
7 (90%–100%)	8
7 (80%–89%)	7
6 (70%–79%)	6
5 (60%–69%)	5
4 (50%–59%)	4
3 (40%–49%)	3
2 (30%–39%)	2
1 (0%–29%)	-

To calculate your AP, you can use the following example:

For five (5) academic subjects, you must obtain a level 5 (60%)
 For one (1) further academic subject, you must obtain a level 4 (50%)
 For Life Orientation, a level of 5 (60%) or higher to score 1 point
UFS overall AP score

$$\begin{aligned}
 5 \times 5 &= 25 \\
 1 \times 4 &= 4 \\
 1 \times 1 &= 1 \\
 &= 30
 \end{aligned}$$

Are you a Top Achiever?

If you have an AP score of 35 and above, you are a Top Achiever and qualify for a conditional admission offer linked to a merit bursary of a corresponding value to your AP score. This excludes admission to selection programmes. Another benefit of being a Top Achiever is that you will be invited to an early-bird registration during January 2019, subject to meeting all the minimum requirements for the intended programme of study with your final Grade 12 results.

Note that your achievement level in Life Orientation is excluded from the calculation of your AP score for the allocation of a merit bursary in your first year of study. See the section on Financial Aid (Bursaries and Loans).

ADMISSION REQUIREMENTS FOR INTERNATIONAL STUDENTS

ACADEMIC ADVISING AT UFS

Academic Advising is your academic support and success lifeline while studying at the UFS!

Academic advisors at the UFS strive to connect you to the UFS campus because "only a Kovie knows the feeling". They are there to guide you to success while on your academic journey from the day you register all the way to your graduation day.

Academic Advisors are available to:

- Provide you with career information and guidance;
- Provide you with information in relation to your studies;
- Connect you to student support services/programmes (i.e. UFS student support network);
- Help you develop and strengthen academic success skills; and
- Align your personal, academic and career goals/aspirations.

The advising relationship between you and your advisor is a mutual relationship of trust and respect.

As a prospective student, it is important that you connect with an academic advisor as early as possible.

How to connect with an academic advisor:

- Email: advising@ufs.ac.za
- Like the UFS Academic Advising page on Facebook

Meet the advisors:

Contact the faculty academic advisors at the Centre for Teaching and Learning:

COMPULSORY NATIONAL BENCHMARK TESTS (NBTs)

What are the NBTs?

Universities South Africa (USAf) initiated the NBTs that several South African universities use as part of their student placement processes. The first test is the Academic and Quantitative Literacy Test (AQL), and the second is the Mathematics Test (MAT). Each test takes three hours to complete and both tests are written on the same day.

Is it compulsory to take the NBT tests?

Yes, all first-time entering undergraduate applicants to the University of the Free State must write the NBTs before registering, but preferably before the end of 2018.

Must I write both tests?

It depends. ALL prospective students must write the AQL test. If you apply to the Faculty of Economic and Management Sciences, the Faculty of Natural and Agricultural Sciences, or the Faculty of Health Sciences, you must write both the AQL and MAT tests where required.

Why write the NBTs?

The level of academic reading and writing that you must be able to master at university is very different from what you are used to at school. If you lack this level of skills, you may have a hard time at university. But if we know what the level of your skills are, we can make sure that you enrol for the most appropriate modules and programmes in your first year. And that is what we use the NBTs for – to help us understand what skills you have, and what skills need to be developed.

How, when, and where to write?

Registration for NBTs opens on 1 April 2018. You should write the NBTs while you are in Grade 12, before you register at the university. Visit www.nbt.ac.za for all the information you need. Once you have written the tests, you can use the results to apply at any university. The UFS only accepts NBT results, NO other admission tests will be considered. If you are applying to study MBChB in the Faculty of Health Sciences, you have to write the NBTs by the first weekend in July.

How does the UFS make use of the NBT results?

In three ways:

- We use it as part of the selection process for the Faculty of Health Sciences (School of Clinical Medicine and School of Allied Health Professions).
- If you apply to any of our other faculties (including Nursing), we use NBT results during the registration process.
- To place students in appropriate academic literacy development modules, where necessary.

Generally, as stated above, we use NBT performance levels to place first-year students into appropriate programmes or modules. If you did not pass the NBT Academic Literacy Test and want to study in English, you must register for one of the

following academic literacy development modules in English: EALH/EALE/EALN/EALL 1508. The same applies if you want to study in Afrikaans (if offered in the relevant faculty), but did not pass the Academic Literacy Tests – in which case you must register for one of the academic literacy development courses in Afrikaans: AGAH/AGAM/ AGAL/AGAN/AGAE 1508.

These academic literacy development courses are not language courses. They teach you to read academic text efficiently and critically, while extracting the main ideas and key details. This skill will help you to adequately demonstrate your knowledge in tests and exams. It will also teach you to write academic essays and assignments. Overall, it will give you the confidence to perform at your best, academically.

NB: If you have not written the NBTs yet, please register to write as soon as possible.

What is the UFS proficiency/pass score?

Academic Literacy (AL) = 64%
Quantitative Literacy (QL) = 70%
Mathematics Test (MT) = 68%

FACULTY OF ECONOMIC AND MANAGEMENT SCIENCES

Against the background of our mission to be a dynamic, innovative, and quality-driven faculty, the Faculty of Economic and Management Sciences covers a diverse academic spectrum, from public and private sector management, to specialised training for accountants on undergraduate level, and aim to provide relevant, market-driven capacity and competence through, inter alia, research.

Students can obtain first-degree qualifications in one of three teaching programmes: Private Sector Management, Public Sector Management, and Training of Accountants. These qualifications aim to develop students' intellectual skills through scientific teaching and learning so that they will be thoroughly prepared for various careers in the broad field of Economics and Management. Furthermore, the faculty offers successful international programmes for both staff and students.

FACULTY OF EDUCATION

The Faculty of Education educates teachers in several disciplines. Our one role is to prepare pre-service teachers for their work in schools, ensuring that they have a strong disciplinary base for their professional work. Students in our undergraduate Bachelor of Education degree (offered in Pre-school/Foundation, Intermediate, and FET phases) are preparing to be teachers in primary and secondary schools. The key teaching and learning tenet of the programme is reflection, with an emphasis on instructing prospective teachers about teaching as opposed to teaching them only how to teach.

FACULTY OF THE HUMANITIES

The primary purpose of a Humanities education is to give you access to critical thinking skills, appreciation of literature, understanding of cultures, the uses of power, the mysteries of the mind, the organisation of societies, the complexities of leadership, the art of communication, and the challenge of change. All of these skills will support you in your future career. A qualification in the Humanities is therefore well respected all over the world. People with this type of qualification form the backbone of society.

The Faculty of the Humanities encompasses a great variety of academic departments and modules that vary in disciplines including Languages, the Arts, Human Sciences, Social Sciences, and Cultural Sciences. This wide variety of modules makes it possible for prospective students to compile a degree programme suitable for their career choice, interests, and aptitudes.

Certain programmes were developed to train you for a specific career, while others equip you with skills needed for various positions. Today's ever-changing career world requires various skills that this faculty can equip you with, including: language proficiency, communication skills, creativity, interpersonal skills, problem-solving skills, computer literacy, and critical thinking.

FACULTY OF LAW

The Faculty of Law is among the best in the country. Its location in the judicial capital, Bloemfontein, exposes Law students to the practice of law in both the lower and higher divisions of the courts. Close ties with the profession allow the faculty to share the expertise of judges and legal practitioners with students. The faculty is proud of its high academic standards and its commitment to the constant improvement of its programmes.

The Faculty of Law is committed to excellence in teaching and to delivering jurists with qualifications of international renown to the professions. Legal education will open doors to a wide variety of career opportunities, including the advocates' profession, attorneys' profession, legal advising, labour consulting, prosecuting, magistrates' professions, and positions in the insurance and banking industries.

The faculty is known for outstanding and relevant research, and is also involved with community projects in which the UFS Law Clinic and several centres in the faculty play a major role.

The faculty enjoys close ties with several international law schools and law faculties, especially in Britain, Europe, and the USA. The faculty is also proud of its alumni association of former law students who remain loyal to the faculty.

Bachelor of Laws (LLB) Four-year curriculum via E-learning

The E-learning division in the Faculty of Law handles the teaching and learning of distance-learning students in the faculty. Distance learning is especially ideal for working students residing outside of Bloemfontein, or students who are unable to attend physical classes. The faculty offers a distance-learning instructional model with an emphasis on e-learning teaching and learning activities. In addition to residential (on-campus) learning, the LLB (4-year curriculum) is also offered via E-learning.

Natural Sciences

Here, the frontiers of knowledge are constantly shifted through fundamental research and new technology developed in support of our efforts to stay in step with the challenges of a constantly changing world. Our expertise in the natural sciences includes mathematics, chemistry, physics, geosciences, biological sciences, information technology, and consumer sciences. We are leaders in material, nano, and polymer science, and carry out work on photoluminescence, quantum dot synthesis, and astrophysics.

THE FOLLOWING PROGRAMMES ARE PRESENTED ON THE SOUTH CAMPUS:

Enquiries: Pieter Bothma: +27 51 505 1381 (Bfn) | bothmapj@ufs.ac.za

Programme Description		Minimum Admission Requirements						
Programme	Academic Plan Code	AP	Language of instruction	Mathematics	Life Sciences	Physical Sciences	Compulsory National Benchmark Test	Campus

- Admission to BSc majoring in Forensic Sciences is subject to selection. A minimum AP of 34 is required, with a cumulative AP score of at least 17 for Mathematics, Life Sciences, and Physical Sciences. NBT results will be used for selection and admission purposes. No person with a criminal record will be admitted to the programme BSc majoring in Forensic Sciences.

Note:

- If you want to register for Chemistry as a major, remember that we only admit a limited number of students based on academic excellence in the second year.

Chemistry and Physics

Enquiries: Programme Director: Dr Johan Venter: +27 51 401 3336 | venterja@ufs.ac.za

Programme Description		Minimum Admission Requirements						
Programme	Academic Plan Code	AP	Language of instruction	Mathematics	Life Sciences	Physical Sciences	Compulsory National Benchmark Test	Campus
BSc majoring in Chemistry and Biochemistry	BC432119	30	4 (50%)	5 (60%)	5 (60%)	4 (50%)	AL, QL, MT	BC
BSc majoring in Chemistry and Food Sciences	BC432129	30	4 (50%)	5 (60%)	5 (60%)	4 (50%)	AL, QL, MT	BC

BSc majoring in Physics and Engineering Subjects	BC434026	34	4 (50%)	6 (70%)		7 (80%)	AL, QL, MT	BC

- For BSc majoring in Physics and Engineering, a minimum cumulative point of 12 must be achieved for Mathematics and Physical Sciences. For example, if Mathematics is on level 6 (70%), Physical Sciences must be on level 6 (70%) or if Mathematics is on level 7 (80%), Physical Sciences will be accepted on achievement level 5 (60%).

Notes:

- If Biological subjects are the second major, Life Sciences at level 5 (60%) is required.
- If you want to register for Chemistry as a major, remember that we only admit a limited number of students based on academic excellence in the second year.

Consumer Sciences

Enquiries: Programme Director: Prof Hester Steyn: +27 51 401 2304 | steynhj@ufs.ac.za

- If you enrol for any of the Applied Statistics degrees, Mathematics on level 5 (60%) is required.
- If Agrometeorology or Chemistry or Physics is the second major, Physical Sciences on level 4 (50%) is required.

AGRICULTURAL SCIENCES

In terms of Agriculture, the faculty has the most specialised group servicing the farm-animal industry, with expertise in breeding, nutrition, and physiological manipulation. Research on irrigation and salinity, water harvesting, and the optimisation of water use are other key focus areas, as well as research on the modelling of non-point pollution of water for irrigation.

Enquiries:

All Agricultural programmes: Dr Antonie Geyer: +27 51 401 9053 | geyrac@ufs.ac.za

Food Sciences: Prof Koos Albertyn: +27 51 401 2223 | albertynj@ufs.ac.za or Dr Frans O' Neill: +27 51 401 7553 | oneillfh@ufs.ac.za

UAP and Extended Curriculum Programmes: Elzmarie Oosthuizen: +27 51 401 2934 | oosthuizenem@ufs.ac.za

THE FOLLOWING PROGRAMMES ARE PRESENTED ON THE SOUTH CAMPUS:

Programme Description		Minimum Admission Requirements					
Programme	Academic Plan Code	AP	Language of instruction	Mathematics	Mathematical Literacy	Compulsory National Benchmark Test	Campus
BAgric Extended Curriculum Programme	BC5300E1	22	4 (50%)	2 (30%)	5 (60%)	N/A	SC
BScAgric Extended Curriculum Programme	BC5480E1	22	4 (50%)	3 (40%)		N/A	SC

- Either Mathematics or Mathematical Literacy will be accepted. However, if you have Mathematical Literacy, your AP score must be 24 or higher. It is a four-year programme.

- Students attend the first year of study on the South Campus and proceed in the second year to the Bloemfontein Campus.

The Department of Architecture is underpinned by the critical need for making space. The school embraces a scholarly milieu for exploring the integrated aspects of the human ecological landscape (social, environmental, cultural, and historical ecologies) and consequently promotes architecture that is addressing current aspects of sustainability, meaning, and poetics. The department's approach to the human ecological landscape is critical rather than normative, investigative rather than prescriptive, and process-orientated rather than result-motivated. Students are encouraged to investigate this multi-dimensional character of architecture in view of the different interrelationships between man (both as an individual and social being), the environment (natural and man-made), culture (local as well as universal), and time (historical and contemporary). Through these different ecological interrelationships, regular design principles and form-giving elements are identified that prepare the student for local and international design.

The Department of Quantity Surveying and Construction Management aims to develop, by means of dynamic scientific education, independent and critically-thinking graduates who will become leaders in their field. Over the past few years, the department has made significant contributions to the various professions and to the construction industry as a whole.

FACULTY OF THEOLOGY AND RELIGION

The faculty is the only institution in central South Africa that offers fully-fledged, all-inclusive theological education. It offers training in all theological disciplines, starting at undergraduate level. The faculty embraces values that encourage cultural, gender, and ethnic inclusivity, promote academic and intellectual excellence, innovation, support, and spiritual and ethical integrity. It also strives to establish a sense of community and hospitality within all the spheres of faculty activity. The Faculty of Theology and Religion delivers a unique national and international contribution to the development of the church, society, and the academic theological environment. This is achieved through quality theological education and specialist research based on a classical theological teaching and research framework.

ALTERNATIVE ACCESS TO HIGHER-EDUCATION STUDIES

Couldn't get university admission? It does not have to be the end of the road for you. Do you have an AP of at least 18? In that case, you can get access to a variety of degree study programmes if you meet the minimum requirements of the University Access Programme (UAP), which includes the University Preparation Programme (UPP), Higher Certificates in Economic and Management Sciences, and Higher Certificate in the Humanities.

The programme provides prospective students with an opportunity to enjoy degree studies at higher-education institutions after successful completion of an access year.

What is the UAP?

We introduced this programme to assist many deserving students who do not meet our admission requirements. There are various study options:

- Higher Certificate in Economic and Management Sciences (Commerce)
- Higher Certificate in Economic and Management Sciences (Administration)
- Higher Certificate in the Humanities
- University Preparation Programme in Economic and Management Sciences (Oudtshoorn only)
- University Preparation Programme in Human and Social Sciences (Oudtshoorn only)
- University Preparation Programme in Natural Sciences
- University Preparation Programme in Agricultural Sciences
- University Preparation Programme in Education

If you complete any of the above options successfully, you can get access to almost any mainstream course – if you meet the specific admission requirements of that course. During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher-education studies. In the Skills and Competencies in Lifelong Learning

course, you will learn skills to help you with problem-solving, self-assertiveness, and other generic competencies. An Academic Literacy course will also improve your academic reading and writing skills.

Who may participate in the programme?

It is an open facility that welcomes all applicants who could not obtain access to a higher-education institution, including the University of the Free State.

All students: Applications open on 1 September 2018
SA students: Applications close on 30 November 2018
International students: Applications close on 30 October 2018

The programmes are presented at the following sites (option availability varies from site to site):

- Bloemfontein South Campus
- Goldfields TVET College in Welkom
- Motheo TVET College in Bloemfontein
- South Cape TVET College in Oudtshoorn (only UPP options available)
- Flavius Mareka TVET College in Sasolburg
- Maluti TVET College, Bethlehem Campus
- Maluti TVET College (Phuthaditjhaba), Kwetlisong Campus

General minimum admission requirements:

- A National Senior Certificate (NSC) or National Certificate: Vocational (NCV) Level 4, and an AP of either 18 for Higher Certificates, or 20 for UAP study options.
- Four subjects on level 3 (40%) or higher.
- Language of instruction on level 3 (40%) or higher for all options.

Faculty-specific Admission Requirements:

Economic and Management Sciences:

- BCom with specialisation in General Management study option: Mathematics on level 3 (40%) or higher.
- BAdmin study option: Mathematics is not a requirement to study this option. The duration of the course is four years. NB: You will not be allowed to change from an Administration to a Commerce programme.

Natural Sciences:

- Mathematics on level 3 (40%) or higher; and
- Life Sciences on level 3 (40%) or higher; or
- Physical Sciences on level 3 (40%) or higher

Agricultural Sciences (BAgric):

- Mathematics on level 2 (30%) or higher; or
- Mathematical Literacy on level 5 (60%) or higher

ACADEMIC MERIT BURSARIES FOR NEW FIRST-YEAR STUDENTS

The UFS has increased the academic merit bursaries for first-year students. You have worked really hard and the UFS values and acknowledges your effort.

The university reserves the right to amend the regulations and bursary values and/or conditions applicable to the awarding of bursaries without prior notice.

If you qualify for an academic merit bursary, we will credit your class-fee account with the amount of the bursary after you register as a student at the University of the Free State.

The following scale is used to award bursaries:

Admission point	Bursary Value
35-37	R6 000
38-40	R10 000
41-43	R15 000
44+	R20 000

NSC level of achievement	Achievement level required by UFS	UFS Admission Point (AP)
7 (90%-100%)	8 (90%-100%)	8
7 (80%-89%)	7 (80%-89%)	7
6 (70%-79%)	6 (70%-79%)	6
5 (60%-69%)	5 (60%-69%)	5
4 (50%-59%)	4 (50%-59%)	4
3 (40%-49%)	3 (40%-49%)	3
2 (30%-39%)	2 (30%-39%)	2
1 (0%-29%)	-	-

The subject Life Orientation is excluded from the AP score calculations for bursary purposes.

These bursaries are automatically awarded to new students based on their performance in the final matriculation examination. The bursary offer is subject to you meeting the minimum admission requirements of your programme of study and being registered at the UFS as a first-year student in 2019.

First-year students, who first registered at other higher-education institutions

First-time entering first-year students who first registered at other higher education institutions, discontinued their studies, and then register at the University of the Free State, will not qualify for academic merit bursaries during their first year of study.

What does this mean? If you transfer to the UFS from another university, you cannot get an academic merit bursary during your first year of study at the UFS.

Interruption of studies

To qualify for an academic merit bursary, a student must register at the University of the Free State as a student again. If there is an interruption of more than five (5) years between the last examination (matric or university) and the year in which the bursary must be awarded, the student does not qualify for a bursary.

What does this mean? If you interrupt your studies for more than five (5) years, you will lose the academic merit bursary.

Discontinuation of study

If a student discontinues his/her course during the year, the bursary will be recovered pro rata.

What does this mean? If you have a bursary, and stop studying, any credit balance on your UFS class-fee account (up to an amount equal to that of the bursary) will be taken away after you have discontinued your studies.

Payment of academic merit bursaries

Students who qualify for an academic merit bursary will have the bursary amount credited to their tuition-fee account after registration at the UFS.

What does this mean? You will not get cash; the money will be paid into your student account at the UFS.

Undertaking

The student undertakes to complete his/her degree studies at this university. If he/she does not complete the course, Council reserves the right to claim back the entire bursary amount or the part thereof that may already have been paid out. However, each case will be treated on merit.

A bursary may be withdrawn at any time if the behaviour, diligence, or progress of the student is found to be unsatisfactory. If the examination results of a bursar are such that he/she will have to repeat the studies of a full year/semester, the bursary will be regarded as a study loan and it will have to be paid back.

What does this mean? If you get an academic merit bursary from the UFS, you can only complete your studies at the UFS. If you don't complete the qualification, you may have to pay back all the money, or some of it. It depends on your specific situation. If you do not perform well academically, or do not adhere to the university's code of conduct, you may lose the bursary.

OCCASIONAL STUDIES

Students who register for occasional studies do not qualify for merit bursaries based on their academic achievement of the previous year or academic achievements during their occasional studies.

BML (BACHELOR IN MANAGEMENT LEADERSHIP)

Students who register for BML studies do not qualify for merit bursaries based on academic achievements during their BML studies.

Terms and conditions apply.

BURSARIES FOR CULTURE, ART, AND LEADERSHIP

New first-year students: prospective students must apply before 15 February of the year of study concerned. The application form is available at www.ufs.ac.za – follow the links: Students – Kopsielife – Academic Life – Financial Aid. You can submit the completed application form to Mrs J Buitendag, Room 170, George du Toit Building, Bloemfontein Campus.

The following scale is used to award bursaries:

Achievement	Bursary Value
Head boys/girls	R1 750
Deputy head boys/girls	R1 100
Olympiad winners [national level]	R7 300
Olympiad runners-up [2nd place] [national level]	R2 440
Olympiad runners-up [places 3-5] [national level]	R2 190
Olympiad runners-up [places 6-10] [national level]	R1 835
President's scouts	R1 835
Expo winners [Gold]	R1 835
Achievements at international level [individual achievements]	
Achievements at national level [individual achievements]	

In addition to the mentioned accomplishments, bursaries can also be awarded based on other cultural, art, and leadership achievements.

NB

An AP score of 30 is required for the awarding of bursaries for culture, art, and leadership.

SPECIAL MERIT BURSARIES FOR SPORT

Bursaries are awarded every year to sportsmen/sportswomen who can contribute towards expanding Kopsies proud record in the field of sport. Applications for these bursaries close on 30 September (1st round) and 30 November (2nd round) each year. The application form is available at www.ufs.ac.za – follow the links: Students – Kopsielife – Academic Life – Financial Aid. For further information, contact KopsieSport on +27 51 401 2475 | octobercze@ufs.ac.za

SUNDRY BURSARIES

The university has various bursaries available for general or specific fields of study or in specific departments and faculties. Follow the link: <https://www.ufs.ac.za/kopsielife/unlisted-pages/bursaries/financial-aid> for further information, application forms, and closing dates.

FUNZA LUSHAKA EDUCATION BURSARIES

Funza Lushaka Education bursaries are available for deserving Education students who specialise in scarce education subjects. Applications usually open on 1 October of the preceding year. The application form is available on www.funzalushaka.doe.gov.za. Please note that the completed application form, certified copy of ID, and certified results must be submitted to the Bursary Officer as proof of application. Contact the Bursary Officer at the Faculty of Education, Nicolene Butler, on +27 51 401 2025/3041 or butlerNM@ufs.ac.za for more information.

LOANS: NATIONAL STUDENT FINANCIAL AID SCHEME (NSFAS)

Financially needy students may apply for financial aid (NSFAS) online at www.NSFAS.org.za. If you experience problems with your online application, contact the NSFAS call centre at 0860 067 327. **Applications open at the beginning of August and close end of November.**

NB

Only South African citizens qualify for NSFAS funding.

FEES PAYABLE

All university fees are determined by the Council, who may amend it at any time. The amended amount will be payable on request.

Fees are payable in full, irrespective of whether any services rendered by the university are disrupted by circumstances beyond the university's control, such as strikes, student boycotts, public unrest or any other disruption on campus.

ERRORS OR OMISSIONS

Although the information contained in the prospectus has been compiled as carefully as possible, the Council and Senate accept no responsibility for any errors or omissions.

**For the complete Fees Yearbook, visit the website www.ufs.ac.za and follow the links:
Students – Tuition Fees – Fees Yearbook**

PAYMENT DATES

Tuition and residence fees are calculated per semester. All fees must be paid regardless of whether or not an account was received. Official account statements are emailed to your UFS4LIFE email address. It is your responsibility to enquire should you not receive an account at that email address.

PAYMENT DATES FOR SOUTH AFRICAN STUDENTS

First semester: all fees for the first semester are payable on/ before 31 March.
Second semester: all fees for the second semester are payable on/ before 31 August.

PAYMENT DATES FOR INTERNATIONAL STUDENTS

First semester: all fees for the first semester are payable on/ before 31 March.
Second semester: all fees for the second semester are payable on/ before 30 June, regardless of any other date which may appear on account statements.

DISCOUNT ON EARLY PAYMENTS (SA STUDENTS ONLY)

Discount is given on early payment of tuition-fee accounts. Standard discount is given annually and is as follows:

- 5% when all fees for the whole year is paid before 28 February
- 2½% when all first-semester fees are paid before 28 February

Discounts are not given automatically. You must apply for discounts in writing. Discounts are only given on module and accommodation fees charged. If you receive any form of financial aid from the UFS on tuition and/or accommodation fees, you do not qualify to claim this discount.

All other fees are payable no later than the end of the month, following the month in which the transaction took place, as indicated on the account statement, unless specifically stipulated otherwise in the regulations.

BURSARIES AND LOANS

IMPORTANT: If you have a bursary or loan, it is your responsibility to ensure that the bursary donors make payments on time, and in accordance with university regulations. You must make sure that you provide your sponsors with the correct details of your account.

PAYMENTS PRIOR TO REGISTRATION

Visit www.ufs.ac.za and follow the links: Students – Tuition Fees – Payments prior to registration to view the amounts that must be paid before you register in 2019.

FIRST SEMESTER

Registration for first-semester and year modules takes place during January–February.

- Prepayments must be paid five (5) working days before you register. You will not be able to register until these amounts reflect as credits on your tuition-fee accounts. If your tuition fees are less than the amounts required, you must only pay the full tuition amount.

Registration for second-semester modules takes place in July.

- South African students: Payments prior to registration for the second semester are the same as for the first semester.
- International students: International students must pay all fees for the second semester in advance before registration can take place.

STUDENTS RECEIVING FINANCIAL AID (SA STUDENTS ONLY)

If you receive financial aid (bursary/loans), and the bursary or loan covers all fees for the year, the amount payable before registration will be reduced by the amount of the financial aid. If your bursary or loan does not cover all fees for the year, you must still pay the prepayment before you register.

Please fax proof of your bursaries/loans to +27 51 401 3579 five (5) working days before you register. You must bring the original proof of your bursary/loan with you when you register.

ESTIMATED PROGRAMME COSTS

- The cost per programme is the average cost per year.
- Tuition fees are charged per module.
- Programme prices vary according to the modules registered for.
- Prices quoted are for SA and SADC students.
- International non-SADC students pay the actual module price + 50%.

For the estimated costs, visit www.ufs.ac.za and follow the links: Students – Tuition Fees – Fees Yearbook, or get an online quotation at Students – Tuition Fees – Quotation.

The below programme/tuition-fee estimates are only guidelines to enable you to plan the cost of study for your first year.

These estimates EXCLUDE other expenses, e.g. food, uniforms, textbooks, study material, stationery, accommodation, travelling, etc. Also note that these programme prices are 2018 prices, and are subject to change.

Notes and study material

Study material/notes are automatically prepared when you register, and charged accordingly. It is your responsibility to collect the study material. If you cancel/discontinue any of the modules, you will not be refunded for the notes.

Books

Money for books can be paid into a separate account in advance. The amount paid will be transferred to your student card. At the end of each academic year, the credit available on your book-money account will automatically be transferred to your tuition-fees account.

Student card

Your student card is your key to all kinds of services and events at the UFS. It is your official university identification and, as a student or employee, you must carry it with you whenever you are on campus. Your electronic student card is for your use only, nobody else may use it. Your personal details are associated with your card and are unique to your card. Your first card will be issued free of charge. A fee is payable to replace a lost, stolen or damaged card.

Parking disc

To park in designated parking spaces allocated to students, you must buy a parking permit/disc at Traffic Services by the end of February. It must be displayed on the windshield of your vehicle.

ACCOMMODATION COSTS

You or your parent/guardian or both are responsible for the full accommodation fee for the accommodation period. Tariffs for accommodation in the different residences and living units are available on request.

Contact Housing and Residence Affairs on +27 51 401 3455/3562 or visit www.ufs.ac.za and follow the links Students – Residences.

Reservation deposit

When you accept the accommodation offer, you must pay the reservation deposit.

Rules regarding deposits

You will forfeit the deposit you paid if accommodation has been allocated to you and a place has thus been reserved for you, when you:

- do not show up, or
- cancel your place after 31 December.

The reservation deposit may be used at the sole discretion of the university to recover any contingencies resulting in costs, losses, damages, penalties, etc.

The reservation deposit will ONLY be refunded if you:

- do not comply with admission requirements;
- are not selected for a specific course;
- pass away;
- submit a satisfactory medical certificate as motivation for cancellation;
- leave at the end of the term of accommodation. The deposit will be transferred to your tuition-fees account, and if this results in a credit on the account, the credit may be paid out on request.

NB

Residential students must familiarise themselves with all policies regarding accommodation

Accommodation costs in case of cancellation of studies

First-year students: If you stay in a residence, and cancel your accommodation during the first term of the academic year, you will be responsible for accommodation fees up to the date of cancellation. If you cancel your accommodation during the second, third or fourth terms, you will be responsible for the full accommodation fee for the term in which the cancellation is submitted.

Meal fees and system

Paid meals are offered in the dining halls of Soetdoring and Roosmaryn on a cafeteria basis; you do not need to reserve meals in advance.

You can deposit money for meals, which will be credited to your student card within 48 hours. There is no fixed amount payable; it depends on your budget.

At the end of each academic year, the credit available on your meal-money account will automatically be transferred to your tuition-fees account.

Family discount on tuition and/or accommodation fees

If three or more students who are dependents from the same family (children, stepchildren, adopted children, but excluding children-in-law or married children) study at the university and/or stay in university residences at the same time, the following discount will be granted on the amount payable for residing in a UFS residence, and on modules the students are registered for:

- Three students: 10%
- Four or more students: 15%

Discounts will be granted on the following conditions:

- A discount may only be claimed for full-time undergraduate SA students.
- All dependents must be under the age of 26.
- Students receiving any form of financial aid for tuition and/or accommodation fees do not qualify for this discount.
- The discount will be recalculated if one or more of the students discontinue their studies, or leave the residence.
- Family discounts are not given automatically. You must apply for family discount in writing, and must present evidence of relationships. The full particulars of the students concerned must be submitted.
- A discount may only be claimed for the current academic year.
- Family discount will only be given on module and accommodation fees.

STUDENT COMMUNITIES

When you become a Kovsie, we want you to feel that you belong to a circle of friends – people who support and inspire you to reach your full potential. This sense of belonging is facilitated through student communities. UFS student communities are created through small pockets or groups that build towards larger communities.

We encourage you to become a member of these cohesive groups through on-campus residences, day residences, student associations, and/or faculty organisations. Together, these groups form the strong building blocks of larger communities, called Student Life Colleges.

Student Life Colleges are created by clustering on-campus residences and day residences, who then work together with student associations and faculty organisations. The college communities form the social spaces where you can engage in all student life programmes; e.g. culture events, sport events, community service events, etc.

Model for creating a sense of belonging for individual students through student communities

STUDENT LIFE COLLEGES (SLC)

The following SLCs, with their respective residences, form part of our university community:

HOUSING AND RESIDENCE AFFAIRS

ON-CAMPUS RESIDENCES

Residence Accommodation: Junior/Senior Residences

The accommodation agreement that you entered into with the UFS will, subject to other stipulations or regulations as approved by the Council from time to time, be binding for the full accommodation period. You, or your parent/guardian, or both, are responsible for the full accommodation fee for the accommodation period.

Accommodation at the UFS will become your second home, and life in a student residence at the UFS can be a very exciting and rewarding experience. If you are accepted into one of our residences, you will benefit from a completely new world of friendships that can last for a lifetime. There are many people from different language, racial, and cultural backgrounds on campus. Living and

learning in this diverse environment can give you a definite advantage over many other jobseekers once you graduate, and this will help you later in life.

Our residences are very popular, with a waiting list for applicants. Therefore, you should apply as soon as possible if you want to secure a place.

The leadership in residence communities consists of a Residence Head, Prime, Residence Committee, and Peer Mentors. This leadership team creates a residence environment where every student feels welcome and inspired. All residence communities are driven by a set of shared values, which mediates a culture of mutual accountability.

First-year students are supported in their transition to higher education by means of a Peer Mentor system in residences. Each first-year student is allocated to a Peer Mentor who facilitates individual conversation as well as conversations in small group format with students.

APPLICATION FOR RESIDENCE ACCOMMODATION

To become a resident, you need to:

- Complete the application form for admission as soon as possible.
- Make sure that you complete the forms correctly to avoid delays.
- Keep your breakage deposit ready in case you are selected for placement in a residence (refer to the placement procedure on the application form).
- Take note of the academic admission criteria for residences. Make sure that your admission point meets the criteria.
- Indicate your involvement/achievement in leadership, culture, and sport.

PLACEMENT POLICY

It is very important to take note of the following academic requirements for junior residences on the:

Bloemfontein and Qwaqwa Campuses:

- A minimum Grade 12 admission point of 30 is required for admission in a residence.
- Your academic merit is determined based on the most recent admission point as calculated by the university (whether Grade 11 or Grade 12 point).
- If you were admitted to a residence based on the Grade 11 point and the Grade 12 point is less than 30, your admission to a residence will be cancelled.
- If your current admission point is less than 30, you can still apply for residence accommodation. You will qualify for admission to a residence (subject to availability) if your final Grade 12 admission point is 30 or more.
- If you are currently in the University Access Programme (UAP), you will qualify for admission to a residence if you pass all your modules.
- If you were registered at the UFS or another tertiary institution for the second or subsequent years, you must have passed at least 120 credits to qualify for admission to a residence. Current first-year students will qualify for admission to a residence based on their Grade 12 admission point.

South Campus: Admission to a full-time programme on the South Campus

- If you were provisionally admitted to a residence on the Bloemfontein Campus prior to your final Grade 12 results becoming available, and your final results indicate that your studies encompass an extended curriculum programme at the South Campus, such provisional admission shall automatically be transferred to a residence on the South Campus.
- Your admission is in all cases subject to you meeting the conditions pertaining to the aforementioned admission.

General admission requirements:

To place balanced students in residences, the highest level of achievement in respect of leadership, culture, and sport is taken into account and calculated as follows:

- School level = 4 points
- Provincial = 8 points
- National = 12 points
- International = 16 points

The application point is calculated by obtaining the total of the admission point (weighted at 2/3) and general admission point (weighted at 1/3).

CO-ED RESIDENCES

Co-ed residences are residence communities consisting of male and female students. Although male and female students both form part of co-ed residences, they stay in separate corridors with separate bathroom facilities. Controlled access to blocks/pods and corridors exist.

DAY RESIDENCES

A day residence is a residence that consists of students who live off-campus in private homes, student houses, townhouses, flats, rooms, etc. Students who are members of day residences must arrange their own accommodation off campus.

If you do not live on campus, a day residence gives you the opportunity to participate in organised student activities. It is very important to us that you have the opportunity to develop as a complete person by participating in academic and non-academic activities on campus. With day residences, you can participate in all activities offered in campus residences.

If you live off campus, you are free to decide whether you want to join one of the day residences or not. Each day residence has a gazellie (or a large lounge with a kitchen and bathroom) on the campus where the 'residents' have residence meetings, study, or simply socialise.

A residence head and a residence committee oversee each day residence. These people are responsible for managing day residences and seeing to it that all activities offered take place in line with the vision, mission, and values of the university.

STUDENT ASSOCIATIONS

Student associations are student communities focused on specific interests. Student associations are categorised as:

- Academic student associations
- Religious student associations
- Political student associations
- Charity-based student associations
- Cultural-based student associations

You can choose to participate in any association, based on your specific interests.

Faculty organisations

Each faculty at the UFS have a faculty organisation for students within that specific faculty. The goal of faculty organisations is to create a student community that can support the learning, development, and success of students.

STUDENT LIFE PROGRAMMES

The goal of Student Life Programmes is to provide you with out-of-class experiences through various programmes and activities that can help you develop critical graduate attributes. The following Student Life Programmes are facilitated through Student Affairs:

- Leadership Development
- Social and Civic Responsibility
- Arts and Culture
- Career Development
- Student Wellness Programme
- Gateway First-year Orientation Programme
- Peer Mentor Programme
- Student Dialogues Programme
- Student Media

The Center for Universal Access and Disability Support (CUADS) aims to ensure that the University of the Free State increasingly becomes a universally accessible higher-education institution which embraces and is welcoming to all students, including students with disabilities.

CUADS assists students in gaining access to:

- Study courses
- All buildings on campus
- Learning material
- Residences
- Sporting activities
- South African Sign Language Interpreting service for deaf, hard of hearing, and deafened students
- Classrooms
- Computer facilities (the CUADS computer lab houses the latest assistive technology and software; alternative furniture and adapted hardware for physically impaired and blind students)
- Specialised exam and test venues for alternative test and exam procedures

Enquiries: Martie Miranda +27 51 401 3713 | cuads@ufs.ac.za

CUADS provides a support service for the following categories of students with disabilities:

- Specific learning difficulties (e.g. dyslexia, ADD/ADHD, hyperactivity).
- Mobility impaired (e.g. wheelchair users, amputees, Cerebral Palsy, Muscle Dystrophy, Spina Bifida, Multiple Sclerosis).
- Visually impaired – (e.g. blind, partially sighted, eye conditions). Students receive all their study material and textbooks according to the format of their choice, which includes:
 - Braille
 - Audio (material is read on a digital recorder)
 - Enlarged material
 - E-text
- Hearing impaired (deaf, hard of hearing, and deafened).
- Debilitating psychological and other chronic conditions (e.g. Schizophrenia, Epilepsy, panic disorder).
- Temporary impairments (e.g. a broken hand).

Special arrangements include:

- Amanuensis during tests/exams.
- Application for extra time during tests/exams according to their specific impairment. (This is done via a formal process of testing and interviewing by a panel from Student Counselling and Development.)
- On request, tutors are arranged for students in cooperation with the A-step programme (existing tutor programme) on campus.

Visit the centre in the SASOL Library to make use of the services and support.

LIABILITIES

Accidents

As the university only insures its own risks, it cannot be held liable for accidents that happen to students. It is therefore recommended that students take out personal accident insurance.

Damage to students' personal possessions

The university cannot be held liable for loss or damage to students' personal possessions. Residence students also leave their possessions in the residences during the holidays at their own risk. It is therefore recommended that students insure their possessions. Protect yourself and the property of the university. Any damage and/or theft must be reported to the Protection Services Division. Distinguish between fun and crime, and respect other people's property.

Vehicles on campus

It is recommended that students who keep vehicles on campus take out SASRIA (riot insurance). All students and members of the public, who wish to use the roads on campus, should purchase an access disk issued by the Protection Services Division of the university. The disc must be displayed on the windscreen.

If you do not have an access permit, you could receive a traffic fine. People using the roads on the university campus or park on the campus, do so at their own risk and the university does not accept any responsibility for any accident, loss or damage. Any damage or theft must be reported to the Security Services Division.

University

An institution of advanced study and research in the arts and sciences where the highest possible academic qualification can be obtained.

Chancellor

The Chancellor is the ceremonial head of the university and is generally a prominent figure in society. Our Chancellor is Dr Khotso Mokhele.

Rector and Vice-Chancellor

The Rector is the Chief Executive Officer of the university, with Vice-Rectors supporting him. Prof Francis Petersen is our Rector and Vice-Chancellor.

University Council

The University Council is the highest decision-making body of the university. The Council consists of representatives of the university, the Student Representative Council (SRC), church and community representatives, prominent business people, and individuals appointed by the government.

Faculty

The students, lecturers, researchers, and management of a group of departments (in a broad sense) working in the same field of study, form a faculty. The head of a faculty is called a Dean and resides at the Bloemfontein Campus.

Department

The students, lecturers, research and management activities in a specific field of study form a department. At the head of a department, we find the departmental head or departmental chairperson. For undergraduate courses, you will be required to attend classes in various departments, while postgraduate studies are generally undertaken in a single department.

Professor

A person who has distinguished himself/herself as an expert in a specific field of study.

Lecturer

The name assigned to a person who presents classes to students. Each department has a number of lecturers who are experts in specific fields of study and who are attached full time to the university. Lecturing staff are addressed in terms of their titles.

Kovsie

The historical word 'Kovsie' is the nickname given to students at the UFS. This is also the general name used for referring to the UFS.

Degree

An academic achievement that provides evidence that you are academically competent in a specific field of study so that you may embark upon a career or careers related to this field. Undergraduate refers to students who are studying for the first degree, while the term postgraduate refers to students engaged in a study field where they have already obtained a degree. For example, the term degree could denote a BA degree (Baccalaureus Artium/Bachelor of Arts), a BCom degree (Baccalaureus Commericii/Bachelor of Commerce), or a BSc degree (Baccalaureus Scientiae/Bachelor of Science). The minimum period of study for an undergraduate bachelor's degree is generally three or four years. This is followed by an honours degree (generally one or two years) or a master's degree (one or more years), and finally a doctorate (generally two years or longer). Some degrees lead directly into certain professions, while other degrees provide general preparation for a variety of careers. A general BCom degree will equip you with the necessary economic and management knowledge so that, for example, you may apply for a position as a manager in a company.

Module

A module refers to specific fields of study within a discipline. For example, Financial Management is one of several modules in the field of study known as Business Management.

The Academic Calendar

An academic year consists of two semesters. The first semester usually commences in February, and the second semester by the end of July. In between, there is generally a holiday of approximately three weeks. The second semester is concluded at the end of November. Undergraduate students write an examination at the end of each semester. For postgraduate studies, much more self-study and research is expected from students.
