NATIONAL ANTHEM OF SOUTH AFRICA

Nkosi sikelel' iAfrika

A vertical strip of the South African flag is visible on the left side of the page, showing the red, green, yellow, and blue colors.

Maluphakanyisw' uphondo lwayo,
Yizwa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.
Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika -
South Afrika.
Uit die blou van onse hemel,
Uit die diepte van ons see,
Oor ons ewige gebergtes,
Waar die kranse antwoord gee,
Sounds the call to come together,
And united we shall stand,
Let us live and strive for freedom,
In South Africa our land.

In order to maintain the dignity of the ceremony, you are requested to take note of the following:

ABOUT THE UFS

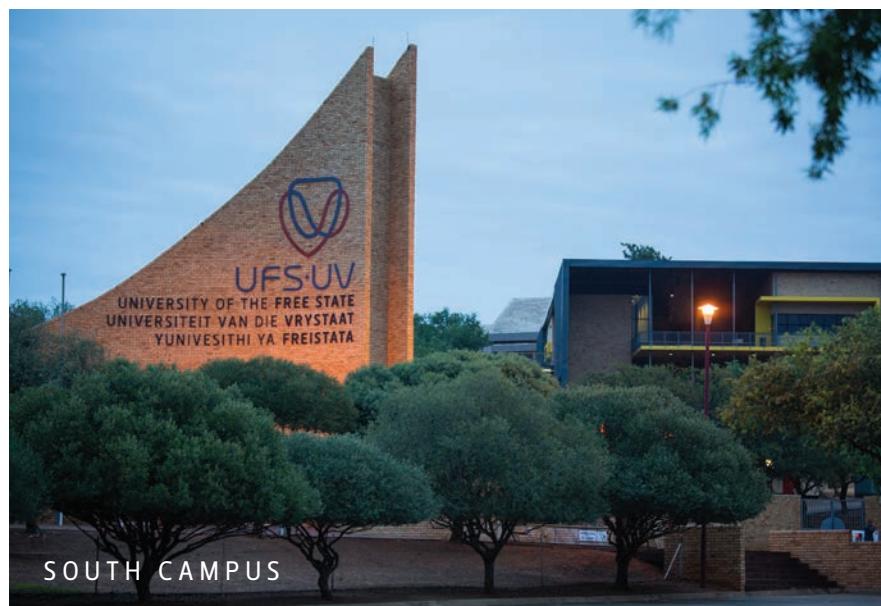

The University of the Free State (UFS) is one of the oldest institutions of higher education in South Africa.

It opened its doors in 1904 in Bloemfontein as the Grey University

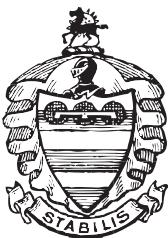

College, with six students in the Humanities. Since then, the institution has grown to more than 40 000 students, spread over three campuses and across seven faculties (Economic and Management Sciences, Education, Health Sciences, the Humanities, Law, Natural and Agricultural Sciences, Theology and Religion).

Most of the students are located on the Bloemfontein Campus, with the Qwaqwa Campus situated in the picturesque Eastern Free State, serving a rapidly-growing number of rural students from the immediate area and surrounding provinces. The South Campus – also situated in Bloemfontein – serves as the centre for distance-learning programmes offered by the UFS, as well as alternative access to higher education for promising students who have not obtained the required marks in their final school examinations.

Over the years, the university has grown into an education hub which has positioned itself on the global stage, promoting research excellence, with exceptionally talented scholars and students who are recognised the world over, as well as alumni who have grown into influential leaders in society.

DEVELOPMENT OF THE UFS CREST OVER MORE THAN A CENTURY

1904

Up to 1935, the same coat of arms was used as the Grey College School.

1935

By 1935, with the name change to University College of the Orange Free State, the coat of arms fell into disuse, especially among students.

1947

In 1947, an agreement between management and students led to the new motto Per Fidem ad Sapientiam (Through faith to wisdom).

1950

In 1952, it was changed to In Deo Sapientiae Lux (In God is the light of wisdom). The traditional orange, white and blue, linking the UFS to the South African national colours, changed in the late 1990s. The orange was replaced by cherry red.

UNIVERSITY OF THE FREE STATE
UNIVERSITEIT VAN DIE VRYSTAAT
YUNIVESITHI YA FREISTATA

2011

The academic brand - the historic University of the Free State crest that has been the symbol of the university since 1952, has evolved to embrace the aesthetic expectations of the stakeholders. The shape of the traditional academic shield has been simplified and contemporised. Much of the symbolism of the crest remains intact, acknowledging the location of the UFS brand as one of the country's premier institutions of higher education, with a proud history of academic excellence and an ever evolving, vibrant culture.

MESSAGE FROM THE RECTOR AND VICE-CHANCELLOR

Dear Student

Congratulations on obtaining your qualification! Graduation is a significant and memorable day and a culmination of the time you spent here at the University of the Free State (UFS). As a graduate, you have become part of a fraternity of exceptional individuals who have walked across the stage before you. You have also

become an alumnus and a member of the Convocation of this great 114-year-old institution.

Our alumni include educators, health professionals, scientists, entrepreneurs, agriculturists, artists, humanitarians, legal and finance professionals, clergy, sportsmen and women, etc., who contribute to the welfare and growth of so many people in our beautiful country and beyond.

At Kovsies, we are immensely proud of you as our graduate. We hope that you had a challenging and rewarding learning experience; that you learnt about confidence, the ability to express your opinions, and the ability to prosper and use your talents. Do not be afraid of the challenges ahead. Put your hard-earned knowledge to good use.

I join those who have helped you along the way to this big day – including your lecturers and mentors, fellow students, friends, and loved ones – in applauding you for all the hard work and perseverance that has made this moment

possible. Enjoy and celebrate this exceptional day with family and friends.

May you look back with a sense of pride, knowing that you possess the required knowledge and skills to build and succeed in your chosen career.

The UFS is, after all, a place that inspires excellence and transforms lives.

GUEST SPEAKER

MR G VAN SCHALKWYK

Head: Cape Academy of Mathematics, Science and Technology

No stranger to the South African education landscape, Mr Greg van Schalkwyk has been involved with

various regulating and developing bodies. He has helped to develop the National Curriculum Statement (NCS) policy document and was a member of the Technical Committee responsible for the Mathematics curriculum at FET (Further Education and Training) and HET (Higher Education and Training) level, among others. Mr van Schalkwyk's tertiary education qualifications include a BSc (UWC), BEd (UNISA), MEd (UWC), and STD (UWC).

After holding many public-education positions in the Western Cape Education Department, Mr van Schalkwyk was called to head the Cape Academy of Mathematics, Science, and Technology (CAMST) in 2005. CAMST offers extra- and co-curricular activities such as Mandarin, Aeronautics, Robotics, and Drone Technology. Learners participate in and have won several accolades, both nationally and internationally, in Mathematics, Science, and Information Technology, as well as languages.

To create opportunities for CAMST learners, Mr van Schalkwyk participated in building a network of collaborations with international

institutions – from Ivy League universities to institutions in Japan, the USA, the People's Republic of China, the UAE, Norway, and the UK. With the help of technology, partnerships were also formed with private-sector companies and NPO organisations, for example:

- Participating in the Mathematics A-lympiad through the Freudenthal Institute in the Netherlands.
- Establishment of the Stream Lab through partnerships with the Sakhikamva Foundation that hosts extra-curricular training of learners in Robotics, and simulator exercises.
- The transformation of a mobile classroom into an i-Stream Hub (information- Science-Technology- Robotics- Aeronautics- Mathematics) Classroom of the Future.
- Collaboration with i-Innovation and Tata Consultancy Services (TCS) to acquire an ExoLab that duplicates an experiment on board the International Space Station and share data with NASA and schools across the continents.

PLEASE NOTE

The Main Procession graduation gowns – embroidered with rich diversity

South Africa, and the Free State in particular, has a long-standing friendship with our neighbouring country, Lesotho.

Through a shared history, we have become co-creators of our futures. For this reason, the UFS decided to incorporate our tradition with that of the Basotho in the design of our Main Procession graduation gowns.

The gowns are inspired by the Seanamarena – the traditional Basotho blanket. The different patterns on the Seanamarena indicate the status one holds in the Basotho nation or reflect the occasion being celebrated. Keeping the Seanamarena pattern in mind, we combined our traditional academic designs with that of the Basotho nation.

YOKE PATTERNS

Yoke pattern for the Chancellor and Vice-Chancellor

This Seanamarena pattern is an interpretation of a design – used exclusively for the king and chiefs – which means “to swear by the king”. This blanket has the highest status of all Basotho blankets.

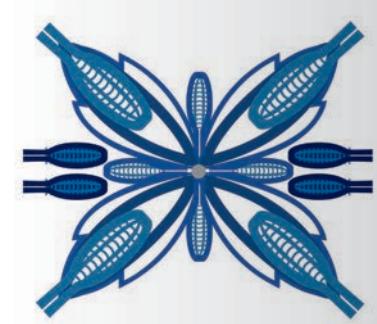

Yoke pattern for the Chairperson of the Council

This Seanamarena Victorian crest motif appeared after the visit of the Prince of Wales to Lesotho in 1925, which made a profound impression on the local people. Customers refer to this blanket as ‘lesiba’ – meaning feathers – when buying it.

Yoke pattern for the Vice-Rector

This Seanamarena Poone design symbolises good crops, wealth, and fertility. The Poone is given as a present to honour an important visitor.

Yoke pattern for Registrar

The same Seanamarena Poone design used for the Vice-Rector applies to the Registrar, with some slight design and colour alterations.

The Deans wear gowns made in the colours of the faculties or others which indicate the office they hold.
