REASON FOR THIS PROGRAMME

Welcome to the University Access Programme [UAP]. We introduced this programme in 1992 to assist many deserving students who do not meet our admission requirements due to imbalances in the school system. Since the programme began in 1993, degrees were awarded to 4 182 UAP students, including:

- 370 honours degrees,
- 39 master's degrees, and
- 9 MB ChB degrees
- 2 PhDs degrees

During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher-education studies.

“Education is the most powerful weapon which you can use to change the world”

“A winner is a dreamer who never gives up”
