Reason for the Programme

Welcome to the University Access Programme (UAP). We introduced this programme in 1992 to assist many deserving students who do not meet our admission requirements due to imbalances in the school system.

Since the programme began in 1992, qualifications were awarded to 5 154 UAP students, including:

1016
higher certificates

5 728 degrees
(462 honours degrees,
49 master's degrees,
9 MB ChB degrees and
3 PhD degrees)

During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher-education studies.

Education is the most powerful weapon which you can use to change the world.
