

### **How do I transfer from another university to the UFS?**

You can not really “transfer” from one university to another! You will have to apply to study at the UFS and should have the necessary qualifications as prescribed by the UFS. Download an application form from <http://www.ufs.ac.za/applicationform> or phone 051-4013000 and ask our marketing office to send you an application form to your postal address.
