DISCLAIMER – IMPORTANT NOTICE

Kindly take note that this prospectus is aimed at prospective undergraduate students wishing to apply for a place at the University of the Free State (UFS) and who wish to start their studies at the UFS during the 2023 academic year. The prospectus accordingly describes and outlines the programmes and services offered by the UFS, as well as the minimum admission requirements for each programme, but must be read together with the policies, rules, and regulations of the UFS (as may be amended from time to time). In order to be considered for selection in a programme, an applicant is required to comply with the programme's minimum admission criteria in respect of the total AP score (APS), subject-specific requirements (as determined per programme), and the faculty/department's specific requirements. However, due to limited space, fulfilling all the minimum entry (admission) requirements does not guarantee acceptance to study at the UFS, or entrance into any particular programme offered by the UFS.

The UFS makes every effort to ensure that the information provided in this prospectus is accurate and up to date at the time of going to press. However, it may be necessary for the UFS to make some changes to the information presented in the prospectus following publication – for example, where it is necessary to reflect changes in policy, practice, or theory, or if an accrediting body necessitates requirements to be amended. Furthermore, certain programmes may only be offered if there is a sufficient number of applicants.

The UFS undertakes to implement all reasonable steps to provide the services (including, but not limited to, the presentation of the programmes) described in the prospectus. It does not, however, guarantee the provision of such services or the presentation of any or all programmes described herein. Should circumstances beyond the control of the UFS interfere with its ability to provide the services or presentation of any programme described herein, the UFS undertakes to use all reasonable steps to minimise any disruption to the services.

Furthermore, the UFS reserves its right to make amendments to admission requirements if and when necessary. It reserves the right to withdraw, wholly or in part, the delivery of programmes. Applicants for, and students in affected programmes will be informed in advance of the commencement of their studies for the academic year concerned.

MESSAGE:

At the University of the Free State (UFS), we inspire excellence and transform lives through quality, impact, and care. This is what we stand for, and what we believe in.

My vision is ... to cultivate a university that embraces diversity, inclusivity, and academic excellence. I want you to feel welcome and safe when you enter our learning and living space – a place where you can realise your social and academic dreams. We offer you an experience that provides a balanced foundation for whatever the future demands, ranging from academics, to sport, art, cultural activities, and a range of student associations to choose from.

We have grown ... into a recognised university since 1904, with scholars who influence local and global growth. Our alumni excel in business, sports, arts, culture, and in many other areas. You too, can develop and expand your potential within our seven faculties, covering the entire range from undergraduate degrees and diplomas to doctoral and postdoctoral degrees.

Meet and learn ... from some of the finest academic intellectuals, while improving your skills with the help of our Centre for Teaching and Learning – including tutorials and academic writing services. Many other services offered by our Student Affairs, such as student leadership development programmes, career services, student health and wellness programmes, and student counselling, will make your time with us memorable.

Our scholars ... thrive with our support. Our number of researchers with ratings from the National Research Foundation (NRF) almost doubled in the past few years, and our Vice-Chancellor's Prestige Scholars Programme (PSP) helps selected scholars on their pathway to professorship – you can become one of them.

First-year students ... are welcomed through our Gateway First-Year Orientation Programme. We will help you find your way around campus, make sure you are registered, refer you to academic advising, career counselling, and other support services on campus.

Come and enjoy ... a supportive, caring, enjoyable, and intellectually invigorating environment where academic excellence and human embrace are at the core of what we do. We have great goals and aspirations for your success as a future graduate, trailblazer, and leader in the world.

Pick a bright future with us.

BOODSKAP:

By die Universiteit van die Vrystaat (UV) inspireer ons uitnemendheid en verander ons lewens. Dit is wat ons voorstaan en waarin ons glo.

My visie is ... om 'n universiteit te bou wat diversiteit, inklusiwiteit en akademiese uitnemendheid aangryp. Ek wil hê dat jy welkom en veilig sal voel wanneer jy ons leer- en leefruimte betree – 'n plek waar jy jou sosiale en akademiese drome kan verwesenlik. Ons bied aan jou 'n ervaring wat 'n gebalanseerde grondslag verskaf vir wat die toekoms ook al van jou vereis – van akademie tot sport, kuns, kultuurbedrywighede en 'n verskeidenheid studenteverenigings om van te kies.

Ons het gegroei ... tot 'n erkende universiteit sedert 1904, met navorsers wat plaaslike en internasionale groei beïnvloed. Ons alumni blink uit in die sakewêreld, sport, die kunste, kultuur en op baie ander gebiede. Jy kan ook groei en jou potensiaal ontwikkel binne ons sewe fakulteite wat die hele spektrum dek – van voorgraadse kwalifikasies en diplomas tot nagraadse kwalifikasies.

Ontmoet en leer ... van sommige van die beste akademiese intellektuele, terwyl jy jou vaardighede met behulp van ons Sentrum vir Onderrig en Leer verbeter – wat studiekele en akademiese skryfdienste insluit. Talle ander dienste wat deur ons Studentesake aangebied word, byvoorbeeld studenteierskap-ontwikkelingsprogramme, loopbaandienste, studentegesondheid- en welstandprogramme, asook studentevoorligting, sal jou tyd saam met ons onvergeetlik maak.

Ons navorsers ... floreer met ons ondersteuning. Ons navorsers met graderings van die Nasionale Navorsingstigting (NNS) het oor die afgelope paar jaar bykans verdubbel, en ons Visekanselier se Prestige-program vir Jong Navorsers (PSP) help uitgesoekte navorsers op hulle pad na professorskap – jy kan een van hulle word.

Eerstejaarstudente ... word verwelkom deur ons Gateway-oriënteringsprogram vir Eerstejaars. Ons sal jou help om jou weg op die kampus te vind, seker te maak dat jy geregistreer is, en jou na akademiese advisering, beroepsvoorligting en ander steundienste op die kampus verwys.

Kom geniet ... 'n ondersteunende, vriendelike, aangename en intellektueel verfrissende omgewing waar akademiese uitnemendheid en die aanvaarding van mense die kern vorm van wat ons doen. Ons het uitnemende doelwitte en oogmerke vir jou sukses as 'n toekomstige gegradueerde, baanbreker en leier in die wêreld.

Kies 'n blink toekoms saam met ons.

THE HEART OF THE FREE STATE

BLOEMFONTEIN

The University of the Free State is situated in Bloemfontein – the centre of South Africa. Bloemfontein is part of the Mangaung Metropolitan Municipality, Free State, and serves as the capital of the province, as well as the Judicial Capital of South Africa.

This beautiful city is also known as the 'City of Roses', due to the many roses that bloom all around the city during summer. However, Bloemfontein's true beauty lies in its people. Residents are known to be exceptionally generous and friendly. Considering the city's affordability, you can hardly imagine a more ideal study destination! You will be welcomed in a lovely setting, without spending a fortune on living and recreation.

Bloemfontein is big enough to provide you with all the services you need, but also small enough to maintain a peaceful study atmosphere, with much of the natural, architectural, and historical legacy of central South Africa interwoven into this modern, developing city. The UFS is very fortunate to call Bloemfontein our home.

This lively city, with the heart, caring character, and tranquillity of a big town, is the economic, educational, and medical-care hub for a vast inland area of South Africa. We trust that our city, with its fascinating mix of diversity and tradition, will charm you as a student of the University of the Free State. We look forward to welcoming you!

BLOEMFONTEIN CAMPUS

Visit our Bloemfontein Campus:

205 Nelson Mandela Drive | Park West | Bloemfontein | www.ufs.ac.za | T: +27 51 401 9111

The Bloemfontein Campus dates back to 1904, making our university one of the oldest higher-education institutions in the country. The Main Building, and other buildings of historic and architectural importance, portrays the calm though vibrant atmosphere appropriate to an academic institution of more than 117 years old.

It is a vast campus where staff and students are encouraged to walk while enjoying the beautiful buildings, parks, lawns, artwork, and other facilities. Every effort has been made to make the campus user- and experience-friendly, including braille-guided areas for blind students, and additional ramps and elevators for students with disabilities.

When on the campus, stop and rest under one of the shady trees. You will find that many of the benches represent artwork by **Azwifarwi Ragimana**, a famous South African artist. Walk through the Thakaneng Bridge and the Student Centre where you will find a range of takeaway shops, KowsieFM – the campus radio station, stationery and bookshops. The swanky KowsieGear shop offers visitors and students exciting Kowsie merchandise.

Our Bloemfontein, South, and Qwaqwa Campuses are immaculately maintained and provide a safe and secure environment. Through an active programme of sports, cultural, and social events, our students are also given the opportunity to develop into competent and compassionate future leaders.

Student accommodation is very popular, and our residences are within walking distance of all facilities. Our Bloemfontein Campus is regarded as one of the most integrated campuses in South Africa, with a very diverse group of students.

The campus is situated in one of the main roads passing through Bloemfontein, Nelson Mandela Drive, and is within walking distance of shopping centres, schools, and other places of interest.

QWAQWA CAMPUS

Visit our Qwaqwa Campus:

Kestell Road | Phuthaditjhaba | www.ufs.ac.za | T: +27 58 718 5000

Situated in the scenic sandstone mountains of Phuthaditjhaba in the Eastern Free State, our Qwaqwa Campus attracts students from across the continent, with the majority from the Eastern Free State and western KwaZulu-Natal.

This campus offers programmes in the Faculties of the Humanities, Education, Economic and Management Sciences, as well as Natural and Agricultural Sciences, with postgraduate teaching in various centres of excellence. Our main consideration is that the learning programmes, research, academic interventions, and community service-learning opportunities are socially and educationally responsive to the region. The on-campus research hubs produce valuable knowledge, much of which has a local focus.

With the influx of postgraduate students from around the globe, the Qwaqwa Campus is probably the fastest-growing rural campus in South Africa. To address the recent growth spurt, existing buildings were renovated, the infrastructure updated, and new buildings added. The huge investment in infrastructure makes it one of the best-equipped rural campuses, with a spacious layout, modern lecture theatres, and comfortable residences.

Various male, female, and day residences accommodate students' living, learning, and social needs, with floodlit stadia, athletic tracks, and netball and basketball courts catering for sports talent and aspirations.

At the UFS we **Inspire Excellence & Transform Lives through Quality, Impact, and Care.**

SOUTH CAMPUS

Visit our South Campus:

OR Tambo Street | Bloemfontein | www.ufs.ac.za | T: +27 51 401 9111

Nestled in the hills overlooking the vibrant city of Bloemfontein, lies the South Campus of the University of the Free State (UFS). The facilities can accommodate up to 4 000 students and include lecture rooms, an auditorium, a library, and an impressive administration building.

Originally established in the 1980s as a satellite campus for Vista University, it was incorporated into the UFS in 2004. Ever since its incorporation, the UFS tailored the South Campus to play a significant role in the economy of the region, the enhancement of its people, as well as being the hub for distance-learning programmes offered by the institution.

One of the main roles of the campus is to draw new students from lower levels of education who would previously not have been able to obtain higher education. The South Campus offers programmes for students to gain access to Further Education and Training (FET) and Higher Education (HE) levels. These programmes enable learners to ultimately enter the mainstream curriculum after completing preparation courses. By offering this opportunity, the UFS ensures that students – who might otherwise have fallen by the wayside – get to develop to their full potential and realise their dreams.

In addition, the South Campus also serves as the pivotal centre to more than 6 000 long-distance learners. These students are not able to study on campus due to a variety of factors, such as their geographical location, financial constraints, or having to complete their degrees on a part-time basis because of job commitments. The influx of long-distance learners account for the South Campus being the fastest growing of the UFS campuses.

On-campus students receive intensive small-group instruction, which has been proven to be a highly successful method of tuition. Distance education is accomplished through online technology and broadcasting mediums.

WHY IS THE UFS YOUR BEST CHOICE?

The University of the Free State creates **opportunities and growth** through leading learning and teaching, focused research, and impactful engagement with society. We offer world-class benefits to all individuals.

What makes us special is that our students are **holistically supported** to achieve some of the highest success rates in the country and that they are highly employable.

What's more, we produce research with industry and **social impact** and **real-world application**.

Our culture promotes **equity, ubuntu, and accountability**.

We address challenges and issues as they emerge, and we deal with them openly in a way that promotes **social justice and human rights**.

Situated in the heart of South Africa, our character of **caring and diversity** translates into an outstanding university experience.

FEW **MORE** REASONS

Application to study at the UFS is **FREE!**

We are **INVESTED** in **SUCCESS** and that is why our graduates are **HIGHLY SOUGHT-AFTER** and **TRAILBLAZING INDUSTRY LEADERS**.

Not only will you receive excellent **THEORETICAL AND PRACTICAL ACADEMIC TRAINING AT A VERY AFFORDABLE PRICE**, but you can expect to study at a medium-sized university where **ACADEMIC STANDARDS STILL MATTER**.

At the **UFS** we **ACTIVELY EMBRACE** transformation, diversity, and inclusivity. **PEOPLE ARE THE HEARTBEAT** of the institution; therefore, social justice and human-rights projects will always be a priority.

The UFS is **LOCATED IN CENTRAL** South Africa and therefore easily accessible from anywhere in the country.

Faculties and buildings are not scattered across town. All academic and social activities are confined to **ONE CAMPUS SPACE**.

Our teaching and social environments create a space where everyone feels a **SENSE OF BELONGING**, whether it is on our Bloemfontein Campus, our South Campus in the southern parts of Bloemfontein, or our Qwaqwa Campus in the picturesque Phuthaditjhaba. The three campuses offer different spaces where you can fit in with ease. It is a **VIBRANT, SAFE, and RELAXED** environment.

A culture of **KINDNESS, RESPECT, and CHARACTER** is what you can expect.

FACULTY-SPECIFIC

ADMISSION REQUIREMENTS

We have seven different faculties, each with its own specific admission requirements for undergraduate programmes. Within the faculties, different undergraduate programmes may also have additional and/or different admission requirements – especially the selection courses. Make sure that you are aware of the requirements for the programme that you want to study.

ABBREVIATIONS:

From this point forward, we will use these abbreviations instead of the full terms:

NSC: National Senior Certificate

AP: Admission Point

BC: Bloemfontein Campus

QC: Qwaqwa Campus

SC: South Campus in Bloemfontein

HC: Higher Certificate

AL: Academic Literacy Test (NBT)

QL: Quantitative Literacy Test (NBT)

MT: Mathematics Test (NBT)

N/A: Not Applicable

NOTES:

Pay attention to the following important information:

- All admission requirements apply to first-year students in 2023. Admission requirements are applicable **ONLY** to first-year undergraduate studies in 2023.
- Consult the faculty booklet available at www.ufs.ac.za/prospective or the faculty manager for all the compulsory and elective modules (where applicable) for the programme you are interested in.
- If you are a senior student, consult the following for admission requirements: head of department | lecturer | faculty rulebooks.
- All admission requirements are subject to change without prior notification.
- Unless stated otherwise, a level 4 (50%) is required for English Home Language or English First Additional Language.
- Refer to Important Closing Dates for selection courses. Applications for all other non-selection programmes close on 30 September 2022.

EXTENDED CURRICULUM PROGRAMMES

Prospective students who have applied for studies in 2023, but do not meet the admission requirements for the mainstream programme with their final Grade 12 results, will be placed on the Extended Curriculum Programme (ECP). Placement is not guaranteed and is subject to availability of space. The better your NSC results, the better your chance of being admitted to study at the UFS.

The ECP is designed to equip students, who do not meet the minimum admission requirements, with the necessary competencies to be successful in their studies. Academic support and skills development are integrated with regular academic work.

IMPORTANT: *To be considered for placement in the ECP, prospective students must apply for the mainstream programmes.*

Against the background of our mission to be a dynamic, innovative, and quality-driven faculty, the Faculty of Economic and Management Sciences covers a diverse academic spectrum – from public and private sector management to specialised training for accountants on undergraduate level – aiming to provide relevant, market-driven capacity and competence through, inter alia, research.

You can obtain first-degree qualifications in one of three teaching programmes: Private Sector Management, Public Sector Management, and Accountancy. These qualifications aim to develop your intellectual skills through scientific teaching and learning so that you will be thoroughly prepared for various careers in the broad field of Economics and Management. Furthermore, the faculty offers successful international programmes for both staff and students.

FACULTY OF EDUCATION

The Faculty of Education educates teachers in several disciplines. Our primary focus is to prepare you as pre-service teachers for your work in schools, ensuring that you have a strong disciplinary base for your professional work. In our undergraduate Bachelor of Education degree (offered in Pre-school/Foundation, Intermediate, and FET phases), you are prepared to be teachers in primary and secondary schools. The key teaching and learning principle of the programme is reflection, with an emphasis on instructing prospective teachers *about* teaching as opposed to teaching them only *how* to teach. Against this background, the faculty offers creative teaching and learning practices, illuminating broader citizenship and professional values. Our students are mentored to value scholarship, professional competence, and ethical practice.

Ensuring **QUALITY EDUCATION** and an outstanding university experience are how we **CARE** for our students.

The Faculty of Law is among the best in the country. Its location in the judicial capital, Bloemfontein, exposes students to the practice of law in both the lower and higher divisions of the courts. Close ties with the profession allow the faculty to share the expertise of judges and legal practitioners with students. The faculty is proud of its high academic standards and its commitment to the constant improvement of its programmes.

The Faculty of Law is committed to excellence in teaching and to delivering eminent jurists. Legal education will open doors to a wide variety of career opportunities, including the advocates' profession, attorneys' profession, legal advising, labour consulting, prosecuting, magistrates' profession, academia, as well as positions in the insurance and banking industries.

The faculty is recognised for outstanding research and is also involved with community projects in which the UFS Law Clinic and specialised centres in the faculty play a major role.

The faculty enjoys close ties with several international law schools and law faculties, especially in Australia, Britain, Europe, and the USA. The faculty offers the LLB programme through residential learning.

The Faculty of Natural and Agricultural Sciences is a vibrant faculty attracting both national and international students due to its stimulating curriculum and exciting research agenda. We are an engaged faculty whose interactions with its community are integrated with research and teaching.

The faculty offers exciting and relevant programmes in the following broad areas of training and research:

- Natural Sciences
- Agricultural Sciences
- Building Sciences

The faculty offers both Bachelor's and Bachelor of Science degrees. Furthermore, the faculty offers programmes on all three of the UFS campuses, i.e., the Bloemfontein Campus, South Campus in Bloemfontein, and the Qwaqwa Campus in the Eastern Free State.

The Bachelor's Degree (B) makes provision for four fields of study, namely:	The Bachelor of Science (BSc) makes provision for six fields of study, namely:	The Bachelor of Science in Agriculture (BSc Agriculture) makes provision for five fields of study, namely:

BUILDING SCIENCES

Bachelor of Architecture (BArch):

Enquiries: Programme Director: Kobus du Preez: +27 51 401 2332 | dpreezj@ufs.ac.za | www.ufs.ac.za/architecture

The **Department of Architecture** is underpinned by a critical enquiry into meaningful place-making. The department focuses on the caring design of the built environment in the following ways:

- **RESEARCH** – Dedicated undergraduate bachelor's and postgraduate honours, master's, and doctoral programmes and focused research by staff members in architectural history, theory, ethics, and design.
- **TEACHING** – Formal lectures, interpersonal studio facilitation, vertical studio sessions, construction site visits, annual design excursions, and visits to architectural practices.
- **COMMUNITY SERVICE** – The UNESCO-accredited Earth Unit and community service learning.
- **PRACTICE** – Unconditional validation as a South African Architectural Learning Site, locally by the South African Council for the Architectural Profession (SACAP), and internationally by the Commonwealth Association of Architects (CAA). Associated with the South African Institute of Architects (SAIA).
- Through the integration of design, construction, theory, and history, we aim to sensitively, critically, and sustainably learn to provide meaningful places in the South African and international context.
- After completion of their studies, students will be equipped to register through SACAP as architectural draughtspersons, architectural technologists, senior architectural technologists, or professional architects.

Selection procedure:

Information on the selection process is available on the departmental website: www.ufs.ac.za/architecture; see 'Academic Information'.

- You must pass a selection process. Visit www.ufs.ac.za/arch-selection, print the selection form, and submit completed form to NoReplyArchiSelect@ufs.ac.za before/on 31 July 2022.
- We will notify you of the selection outcome no later than 30 November 2022.

TRANSFERRING BETWEEN CAMPUSES

Should you consider transferring between the Bloemfontein Campus and the Qwaqwa Campus and between programmes after a semester of study, you need to consult the Faculty Rulebook available at www.ufs.ac.za/natagri to identify the programme you would like to transfer to. Additionally, you need to contact the relevant programme director to enquire about the availability of space and whether you qualify for this programme. Should your transfer be approved, you will require a letter from the relevant academic programme director and the Assistant Dean BEFORE the end of the semester preceding the semester when you wish to transfer.

The primary purpose of a Humanities education is to give you access to critical thinking skills, appreciation of literature, understanding of cultures, the use of power, the mysteries of the mind, the organisation of societies, the complexities of leadership, the art of communication, and the challenge of change. All of these skills will support you in your future career. A qualification in the Humanities is therefore well respected all over the world. People with this type of qualification form the backbone of society.

The Faculty of the Humanities offers a great variety of academic options that vary in disciplines, including Languages, the Arts, Human Sciences, Social Sciences, and Cultural Sciences. This makes it possible for you to compile a degree programme suitable for your career choice, interests, and aptitudes.

Certain programmes were developed to train you for a specific career, while others equip you with skills needed for various positions. Today's ever-changing career world requires various skills that this faculty can equip you with, including language proficiency, communication skills, creativity, interpersonal skills, problem-solving skills, computer literacy, and critical thinking.

ALTERNATIVE ACCESS TO **HIGHER- EDUCATION STUDIES**

Do you have an AP of at least 18? In that case, you can get access to Higher Certificate study programmes if you meet the minimum requirements of the Access Programmes (AP). Higher Certificate studies include a Higher Certificate in Economic and Management Sciences and a Higher Certificate in Humanities. This gateway to education provides you with an opportunity to access studies in mainstream programmes after the successful completion of your Higher Certificate.

What are the Access Programmes?

We have introduced this programme to assist many deserving students who do not meet our admission requirements. There are various study options:

- Higher Certificate in Economic and Management Sciences (Commerce route)
- Higher Certificate in Economic and Management Sciences (Administration route)
- Higher Certificate in the Humanities (six different options to choose from)

During your access year, you will get more than just academic information. We address a wider scope of needs to help you prepare for higher-education studies. In the Skills and Competencies in Lifelong Learning course, you will learn skills to help you with problem-solving, self-assertiveness, and other generic competencies. An Academic Literacy course will also improve your academic reading and writing skills.

Who may participate in the programme?

It is an open facility that welcomes all applicants who could not obtain access to a higher-education institution, including the University of the Free State.

Application dates

All students: Applications open on **1 July 2022**

International students: Applications close on **31 August 2022**

SA students: Applications close on **31 August 2022**

The programmes are presented in the following regions (option availability varies for the different regions):

- Bloemfontein South Campus
- Goldfields TVET College at the Moruti House in Welkom
- Motheo TVET College in Bloemfontein
- Flavius Mareka TVET College in Sasolburg
- Maluti TVET College, Bethlehem Campus
- Maluti TVET College (Phuthaditjhaba), Kwetlisoong Campus

General minimum admission requirements:

- A National Senior Certificate (NSC) or National Certificate: Vocational (NCV) Level 4, and an AP of 18.

If you have an AP score of 35 and above, you are a Top Achiever and qualify for a conditional admission offer linked to a merit bursary of a corresponding value to your AP score. This conditional offer excludes admission to selection programmes.

The **Red Box Society** is an exclusive society to which just 60 top achievers in the country are invited to belong. The school marketers issue a Rector's voucher to the value of R10 000 to encourage a deserving and top-achieving Grade 12 learner with an AP of **at least 40**, to study at the UFS.

We are looking for bright-eyed learners with the potential to contribute to the generation of new knowledge, achieving the graduate attributes, and to be ambassadors for the new UFS citizenship. Be on the lookout for our school marketing team.

What is in it for members of the Red Box Society and their schools ?

Apart from the academic merit award/sports bursary for which you automatically qualify, you receive an additional Rector's bursary of **R10 000**.

You receive a **Red Box** with exciting and swanky UFS merchandise.

We inform your school of your **exclusive membership**.

If your school has a member of the Red Box Society in its midst, it receives an additional **R2 500 sponsorship** per Red Box Society member towards its prize-giving ceremony.

A staff member is dedicated to providing you with premium **customised service** by assisting with any need or solving any problem on your behalf, including personal service during registration to ensure a smooth experience.

Terms and Conditions apply.

IT IS YOUR TIME TO SHINE
Great prizes to be won!

The University of the Free State presents the **Star of Stars** competition. If you are a bright spark, passionate and aspire to inspire, then Star of Stars is meant for you!

All Grade 12 learners in the Motheo, Lejweleputswa, Xhariep, Thabo Mofutsanyane, and Fezile Dabi districts who are achievers in academics and leadership, and/or involved in community projects, are invited to enter this once in a lifetime competition. Let your brightness shine through by entering today.

Applications will be open from 1 April 2022 to 31 August 2022. Please get your application form from your school, one of the UFS marketers or phone +27 51 401 3000 or email info@ufs.ac.za | ufsmarketing@ufs.ac.za

The Star of Stars winner will be announced during a prestigious gala evening in February 2023.

APPLICATION AND ADMISSION
TO THE UFS

To become a student at the University of the Free State, you need to

- apply for two study options – if one option is a selection programme, we advise you to choose a non-selection programme as the second option, because space is limited;
- be finally admitted with your final Grade 12 NSC or IEB results;
- pay the prescribed first payment five (5) working days prior to registration; and
- register in 2022 before classes start.

Application to study in 2023

Conditional and ultimate final admission to the programme you qualify for

Pay the prescribed first payment five working days prior to registration

Register for studies in the programme you were admitted to

7 EASY STEPS

In just seven steps you can fulfil your dream of studying at an institution where we transform lives and inspire excellence through quality, impact, and care:

STEP 1

Apply online. Visit <https://apply.ufs.ac.za>

STEP 2

Your application is submitted. You will receive a student number and acknowledgement of your application. If you have not submitted the required documents, you will be requested to do so in order to finalise your application.

STEP 3

Your application is evaluated by the university. Should your evaluation be positive, you will receive a conditional offer to study – SUBJECT TO AVAILABILITY OF SPACE. Selection programmes are excluded. If you have indicated in your application that you require on-campus residence, you will also receive correspondence from Housing and Residence Affairs. Note that qualifying for your programme of choice, does not guarantee admission.

STEP 4

You need to source and secure financial support for your studies.

STEP 5

When the final Grade 12 results are released in January 2022, all applications will be re-evaluated; should your evaluation be positive, you will receive a final offer. Take note that meeting the minimum admission requirements for your programme of choice does not guarantee admission.

STEP 6

You have to complete the acceptance process for the offer online within the stipulated timeframe. If you fail to complete the acceptance process for the offer before the deadline, the offer will be withdrawn, and you will lose your space. Note that limited spaces are available.

STEP 7

Pay the prescribed first payment before registration. You can move into the residence on campus where you have been placed, or into off-campus accommodation, and then start your academic activities, including orientation, academic advice, and registration.

APPLICATION TO STUDY **IN 2023**

IMPORTANT APPLICATION OPENING DATES:

Date	Programmes for which applications open
1 April 2022	Applications to study any undergraduate programme offered on the Bloemfontein and Qwaqwa Campuses in 2023
1 July 2022	Applications to study any Access Programme (AP) offered on the South Campus and the sub-regions in 2023

WHAT DO YOU NEED TO STUDY AT THE UNIVERSITY OF THE FREE STATE?

For degree studies at the University of the Free State, we expect that

- you have a NSC or NCV with an endorsement that allows entrance to degree studies (bachelor's degree) or an equivalent qualification;
- you meet **all** the minimum admission requirements for the programme you intend to study. **Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited spaces are available in each programme;**
- you have a minimum level of 4 (50%) in English Home Language or English First Additional Language; and
- **you must pass certain school subjects with a minimum level of achievement in order to take a certain university module.** For example, you must get a mark of 70% for Mathematics in Grade 12 if you plan to study BSc majoring in Physics with Engineering subjects. Please refer to the section on the faculty-specific admission requirements, which also includes the respective compulsory subjects and achievement levels required per programme.

HOW DO YOU APPLY?

APPLICATION TO STUDY AT THE UFS IS FREE

APPLICATION TO STUDY AT THE UFS IS FREE

Visit <https://apply.ufs.ac.za>. Keep your mobile phone and an active email address ready, as you require both to access and complete the online application form.

Proceed through all the steps and submit your electronic application. Make sure that you complete the application form properly, e.g., if you need on-campus residence accommodation or financial aid, indicate this in the relevant section.

Upload copies of the following in PDF or JPEG format when you apply for undergraduate studies:

- Your ID if you are a South African citizen
- Your passport if you are an international student
- Your parent's ID or passport if you are younger than 18
- Your final Grade 11 results with the school's stamp
- National Senior Certificate (NSC) or Grade 12 IEB certificate if you have already matriculated
- Your academic record, only if you are/were a student at another institution of higher learning
- USAf accreditation from the examination board for South African universities. Apply to mb.usaf.ac.za for conditional exemption, foreign conditional exemption, or mature age conditional exemption. A Universities South Africa (USAf) Certificate of Exemption is required if you do not have an Endorsed South African Senior Certificate. If you are eligible for the certificate, but have not yet applied for it, we will assist you with the process. Therefore, you can apply before receiving the required certificate. Contact the Office for International Affairs at +27 51 401 3219 | niemannaja@ufs.ac.za or +27 51 401 9032 | tshabalalalal@ufs.ac.za

IMPORTANT INFORMATION FOR ALL STUDENTS:

Limited space: Keep in mind that all programmes have limited space available; therefore, you are encouraged to apply as soon as possible to avoid disappointment. When we process your application for admission, we capture your details onto the UFS databases – if your details are not available, or if you have omitted it on your application form, you will not be admitted or be able to register. For this reason, it is very important to complete the application form in full and to stick to the closing dates. Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited space is available in each programme.

National Senior Certificate: If you already have a National Senior Certificate (NSC), you must include a copy with your application form.

Application: Make sure that you complete the application properly and attach all the required documents. An incomplete application, as well as outstanding documents, will delay your application process. Make sure that you complete the application form thoroughly, e.g., your personal details, school performance levels, the correct name of the school you are currently attending or have attended if you have already matriculated, if you need on-campus residence accommodation and/or financial aid, indicate this in the relevant section.

Transferring students: If you transfer from another tertiary institution, you must include a certificate of conduct and an official study record from the previous tertiary institution with your application.

International students: If you are from another country, you must attach your certified school-leaving certificate and relevant diplomas. Universities South Africa (USAf) Certificate of Exemption is required if you do not have an Endorsed South African Senior Certificate.

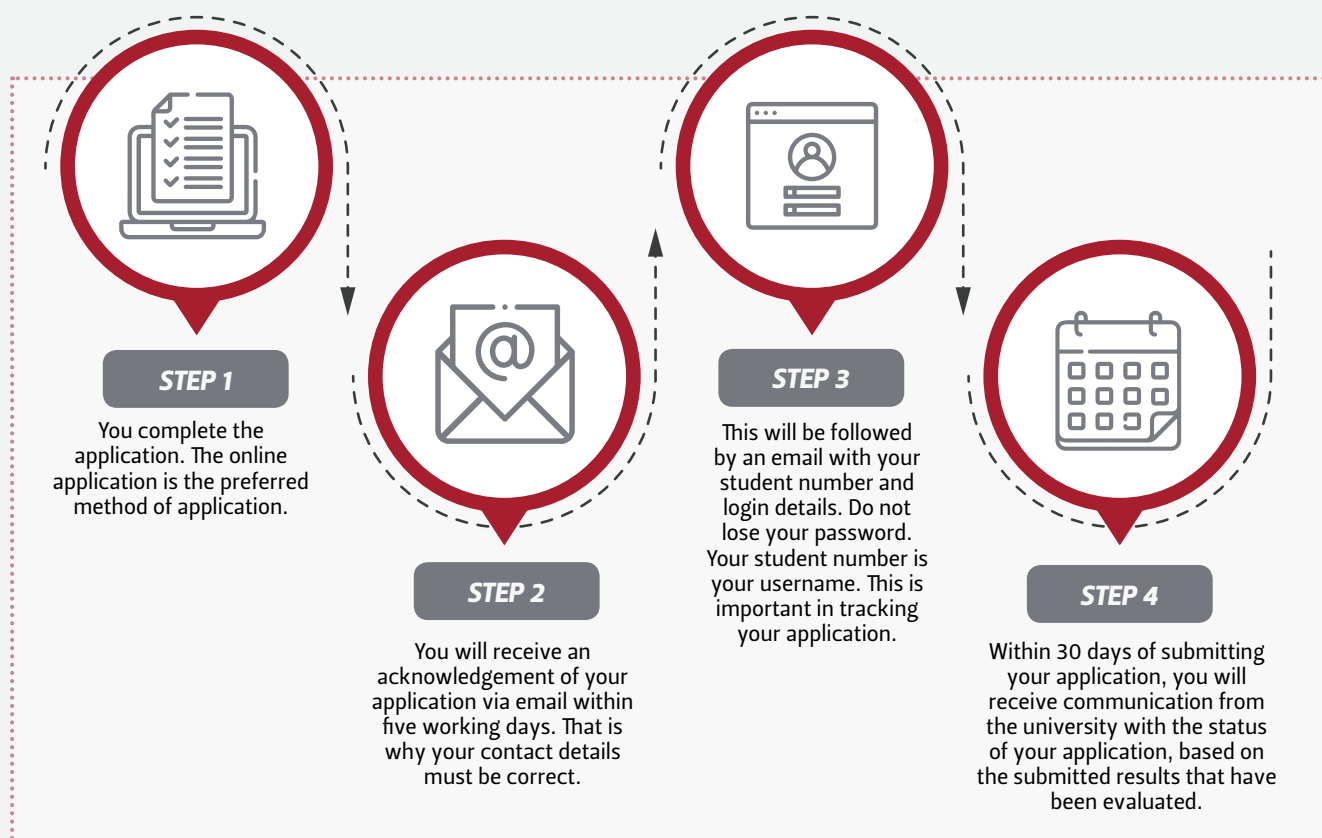

- You can apply at the UFS before receiving the exemption certificate from USAf.
- If you are an international student who is currently in Grade 12, the UFS may make a conditional offer based on your final Grade 11 results.
- If you do not have matriculation exemption, the Office for International Affairs will apply for the USAf certificate of exemption. You will have to pay the prescribed fee before the Office for International Affairs attends to the USAf exemption application. You must pay and submit the relevant documentation as soon as you receive the final Grade 12 results.
- Please see the section referring to the application and admission requirements for international students.

ADMISSION TO STUDY **AT THE UFS**

Academic excellence is what the UFS is about – the higher your AP score, the better your chances of being chosen and finally admitted to study. **Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee selection and admission, as all programmes have a limited number of spaces available.** Applicants with the highest AP scores are chosen first, and the admission continues until all spaces have been filled. If you do not meet the minimum admission requirements for your intended/chosen programme of study, **you will not** be selected. Consult the faculty-specific admission requirements for all the programmes you qualify for and apply for the two programmes that best fit your personality, purpose, and passion.

Admission can be a complicated process.

To make it easy to understand, the admission process can be summarised in the following steps:

You will be **CONDITIONALLY ADMITTED** based on your Grade 11 or equivalent results, subject to you meeting all the minimum requirements for the intended programme of study. Please note that conditional admission is not applicable to all the selection programmes in the Faculty of Health Sciences.

Your **FINAL ADMISSION** to the programme of your choice will depend on your final Grade 12 results. You will be notified of the university's admission decision immediately after your final Grade 12 results have been released by the Department of Education. Therefore, it is your responsibility to ensure that your contact details on your application form are correct.

CALCULATION OF YOUR ADMISSION POINT (AP) SCORE:

It is important that you thoroughly study the admission requirements of the programmes you are interested in. The UFS calculates your AP score based on the NSC achievement scale. An AP score consisting of seven levels is used. Points will be awarded for six academic subjects (note: no points will be awarded for achievement levels lower than 30%). One point is awarded for Life Orientation from achievement Level 5 (60%) or higher when calculating your AP score for admission purposes.

NSC Level	UFS AP
7 (90%–100%)	8
7 (80%–89%)	7
6 (70%–79%)	6
5 (60%–69%)	5
4 (50%–59%)	4
3 (40%–49%)	3
2 (30%–39%)	2
1 (0%–29%)	–

To calculate your AP, you can use the following example:

For five (5) academic subjects, you must obtain a level 5 (60%)	5 x 5 = 25
For one (1) further academic subject, you must obtain a level 4 (50%)	1 x 4 = 4
For Life Orientation, a level of 5 (60%) or higher to score 1 point	1 x 1 = 1
UFS overall AP score	= 30

CONFIDENTIALITY CLAUSE

The UFS confirms that all personal information provided in your application form will be treated confidentially and will not be sold to a third party or used for commercial or related purposes.

The UFS further confirms that your personal information will only be used for purposes relating to your potential relationship with the UFS as a student, including but not limited to the processing of your application to study at the UFS, effecting registration at the UFS, and for any communication purposes related to your application and/or registration to study at the UFS.

APPLICATION AND ADMISSIONS OF INTERNATIONAL STUDENTS

- Closing date for applications from international students for undergraduate studies is 31 August 2022.
- You must have a VALID study visa endorsed for study at the UFS, and not at any other institution in South Africa, before you enter South Africa for studies at the UFS.
- You must be a member of a medical aid registered in terms of the South African Medical Schemes Act, as required by the South African Immigration Act. Your medical aid MUST be valid for the duration of the academic year (until 31 December), renewable each year. No travel insurance, hospital plans, or foreign medical aids will be accepted.
- A non-refundable annual administrative levy is charged on all international student accounts. This fee is added to the annual registration fee payable by all students at the UFS.
- Students from outside the Southern African Development Community (SADC) pay international fees, which are 50% more per module per year compared to the fees paid by South African students.
- The UFS cannot offer financial support (bursaries, loans) to international students. It is therefore important to ensure that you have sufficient financial resources for the planned duration of your studies.
- A first payment is required before you can register as a UFS student. The Department of Student Finance will communicate the amount and payment deadline to you.
- Should you fail to pay your tuition fees in total by 30 June, your registration will be suspended.
- If you have a scholarship, inform your sponsor of the UFS regulations on registration fees and tuition-fee payments before you register.
- A Universities South Africa (USAf) Certificate of Exemption is required if you do not have an Endorsed South African Senior Certificate. For applicants who are currently in Grade 12, the UFS may make conditional offers based on the final Grade 11 results. If any other results are available, kindly submit them as well with your application.
- If you do not have matriculation exemption, the Office for International Affairs (OIA) will apply for the USAf certificate of exemption. You will have to pay the prescribed fee before the Office for International Affairs will attend to the USAf exemption application. You must pay and submit the relevant documentation as soon as you receive the final Grade 12 results.
- English is the principal medium of instruction; therefore, you must have an adequate command of the English language.

TO ENROL AT THE UNIVERSITY OF THE FREE STATE AS AN UNDERGRADUATE INTERNATIONAL STUDENT IN 2023, YOU NEED TO FOLLOW THESE STEPS:

STEP 1

Submit your online application to the UFS at <https://apply.ufs.ac.za>. Ensure that you include your Universities South Africa (USAf) Certificate of Exemption, if available. Please make sure that you capture subjects exactly as stated on your school-leaving report – not percentages.

You need to upload copies of the following documents:

- Your passport or South African identity document
- Your final Grade 11 results with the school's stamp
- If available, your final Grade 12 results with the school's stamp
- If available, certified copy of your school-leaving certificate
- If applicable, study record (academic transcript) with a certificate of conduct and/or qualification certificate if you have obtained your degree

STEP 2

Your application is submitted. You will receive a student number and acknowledgement of your application. If you have not submitted the required documents, you will be requested to do so to finalise your application.

STEP 3

Your application and eligibility for a USAf certificate of conditional exemption, if applicable, are evaluated by the university. Should your evaluation be positive, you will receive a conditional offer to study – SUBJECT TO AVAILABILITY OF SPACE. Selection programmes are excluded. If you have indicated in your application that you require on-campus residence, you will also receive correspondence from Housing and Residence Affairs. Note that qualifying for your programme of choice does not guarantee admission.

STEP 4

If you do not yet have a Universities South Africa (USAf) Certificate of Conditional Exemption, or are in the process of applying for one, the UFS OIA will assist you. The office can apply to USAf on your behalf. Once a conditional offer has been made to you, please liaise with niemannaja@ufs.ac.za or internationalenquiries@ufs.ac.za for assistance. You will be responsible for the payment of the USAf fee. Please note that assistance from the OIA is only available if you apply to the UFS. Certified copies of the following documents are required:

- proof of payment of the USAf fee made directly to USAf (deposit the amount into the account of the Matriculation Board at:
- Bank: ABSA, Branch: Sunnyside (630345), Account number: 405 903 6917)
- certified senior/school leaving certificate
- certified academic records of UFS discretionary year studies;
- certified copy of South African ID or passport

STEP 5

Apply for a police clearance certificate, which must cover either the past 12 months or the entire period since you turned 18, whichever is longer. You need a police clearance certificate from every country where you resided in this period.

STEP 6

Following receipt of the conditional offer to study, you will receive a visa (undertaking) letter from the UFS OIA. Please contact niemannaja@ufs.ac.za or tshabalalal@ufs.ac.za to assist you with this letter.

STEP 7

Contact the OIA for individual advice on study visa applications and mandatory South African medical aid. Please contact niemannaja@ufs.ac.za or tshabalalal@ufs.ac.za for assistance.

STEP 8

Obtain mandatory South African medical aid – the OIA (contact details above) can assist you. This is required for you to be able to obtain a study visa.

STEP 9

Apply for your study visa. Detailed instructions are included on p. 51. The OIA will assist you.

STEP 10

You need to source and secure financial support for your studies.

STEP 11

When your final statement of results is available, it must be submitted to the UFS. Your conditional offer will be re-evaluated, and you will receive a final admission offer.

Take note that meeting the minimum admission requirements for your programme of choice does not guarantee admission.

STEP 12

You have to complete the acceptance process for the offer online within the stipulated timeframe. If you fail to complete the acceptance process for the offer before the deadline, the offer will be withdrawn, and you will lose your space. Note that limited space is available.

STEP 13

If you meet the requirements, you will be allowed to register conditionally on condition that you finalise the application for Matriculation Exemption.

STEP 14

Pay the prescribed first payment before registration. You can move into the residence on campus where you have been placed, or into off-campus accommodation, and then start your academic activities, including orientation, academic advice, and registration.

The UFS Office for International Affairs (OIA) can assist with the certification of copies of supporting documents. Please note that documents certified by the South African Police Service are not accepted by USAf.

CONVERSION TABLE

The UFS uses a conversion table to help us consider all applications equally. If you are an international and/or home-schooled prospective student, use the conversion table below to calculate your AP (admission point). The table applies to all examination authorities/bodies in South Africa and internationally (upload international results as symbols).

The conversion table below reflects the minimum admission requirements and is a guideline only. Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited space is available in each programme. Final selection is subject to the availability of space, academic results, and other admission requirements where applicable.

MATRICULATION EXEMPTION

Matriculation exemption is a legal requirement for first-degree study at a South African university. Students who did not pass the South African Senior Certificate with endorsement are required by law to apply for matriculation exemption from the Matriculation Board. Prospective international students will receive advice on the necessary type of matriculation exemption; the UFS Office for International Affairs is available to apply on behalf of prospective international students for certificates of conditional exemption. Apply to mb.usaf.ac.za for conditional exemption.

The application will only be finalised by the Matriculation Board on receipt of the final matric certificates.

Admission to degree studies at the UFS requires either

- an Endorsed South African Senior Certificate, or
- a Matriculation Exemption Certificate issued by the South African Matriculation Board.

For students who prefer to apply to USAf themselves, below is an outline of the process.

Registered UFS students on the South Campus who have completed the Higher Certificate and wish to continue with bachelor's degree studies, must also follow these steps to apply for a conditional exemption certificate. **Students will need to submit final school-leaving results to receive conditional or full exemption.**

PROCESS FOR CONDITIONAL EXEMPTION CERTIFICATE APPLICATIONS:	
Step 1 Deposit the amount into the account of the Matriculation Board at: Bank: ABSA, Branch: Sunnyside (630345), Account number: 405 903 6917 Keep proof of payment

In terms of the Immigration Act 13 of 2002 as amended and its regulations, any prospective student in the Republic of South Africa must provide proof of medical cover with a medical scheme registered in terms of the Medical Schemes Act 131 of 1998. Although you might be able to secure a study visa with other types of medical products, whether South African or otherwise, the University of the Free State only accepts South African medical-aid products. To comply with the regulations, the university requires a membership certificate as proof of full medical-aid cover with a South African-registered medical-aid scheme for the full calendar year, until 31 December of that year. (<https://www.medicalschemes.com/medicalschemes.aspx>)

To avoid unnecessary complications, please make the necessary financial arrangements with the medical-aid provider prior to your entry into South Africa. Should you rely on a sponsorship, please make sure that you advise your sponsor of this requirement as soon as you get a sponsorship or acceptance. The required medical-aid cover fee must be paid directly to the medical-aid company, separate from the tuition fees. Students will not be allowed to register unless they can show a membership certificate as proof of a valid and comprehensive medical-aid cover for the duration of the academic year (until 31 December); without a clearance certificate, students cannot register at the institution. Students who are members or dependents of a South African-based parent/guardian/spousal/work medical aid, are required to present a recent membership certificate for the annual registration. The membership certificate must reflect active membership for the current year.

STUDY VISAS

If you are a foreign student and wish to study in South Africa, you can apply for a study visa by completing South African Home Affairs Form BI-1738. Study visas must be applied for at VFS Global Centres (<https://www.vfsglobal.com/dha/southafrica/>) at various locations in South Africa or at the nearest South African embassy, mission, or consulate abroad; prospective students are responsible for the payment of the relevant fees. Study visas for studies at a learning institution must be valid for the duration of the study.

The following documents must be submitted with the **BI-1738 application (visa application) form**:

- a passport valid for no less than 30 days after intended studies
- payment of the prescribed administrative fee
- confirmation and proof of payment for a South African medical aid through a medical scheme registered with the SA Council for Medical Schemes; the cover must remain valid for the duration of the calendar year
- letter of offer from the university, stating the duration of the degree
- letter of undertaking from the university – this letter is issued by the Office for International Affairs
- medical and radiological reports (less than six months old)
- yellow fever vaccination certificate, if relevant
- relevant certificates if married, widowed, divorced, or separated
- details regarding arranged accommodation while in South Africa
- proof of sufficient funds to cover tuition fees and maintenance
- a police clearance certificate for the past 12 months or longer since the age of 18.

You are advised to submit the documentation as soon as possible. DO NOT send the documentation to the university. You should keep a copy of your submission and all receipts safe. Please note that it can take longer than one month to obtain a study visa.

Please note that the holder of a study visa may conduct part-time work for a period not exceeding 20 hours per week.

OFFICE FOR INTERNATIONAL AFFAIRS

The Office for International Affairs (OIA) serves as the first port of call for all international students at the UFS, providing assistance and specialised administrative support. The principal purpose of the OIA is to enable internationalisation at the UFS. It renders strategic advice on internationalisation and supports the international activities of internal UFS stakeholders. It supports international partnerships, research internationalisation, internationalisation-at-home activities, and student exchanges.

The services include, but are not limited to

- specialised services for international students, and ensuring their compliance with relevant legislation;
- facilitation of international partnerships and advice to internal stakeholders on partnership processes;
- providing practical and emotional support for international students;
- structuring co-curricular internationalisation-at-home activities, such as cultural diversity celebrations;
- supporting co-curricular internationalisation-at-home activities and the social integration of international students; and
- liaison with various external stakeholders, i.e., government, embassies in South Africa, science councils, and funding agencies.

UMOJA BUDDY PROGRAMME

As a first-entering international student, you are invited to join the Umoja Buddy Programme (UBP), coordinated by the OIA. The UBP is designed to help with the adjustment process by pairing newly admitted international students with current senior students at the UFS. Students requesting an Umoja ambassador have the chance to start their time here at the UFS with a friend they can hang out with, and who can help them adjust to campus life. The UBP is a fun and easy way to learn about South African culture, and it is a great way to share about your own country and culture. The UBP provides both international and local students at the University of the Free State the opportunity for an enriching cultural exchange and allows both participants to gain a broadened perspective on the world.

Where can you find the Office for International Affairs?

Our offices are located on the second floor of the Theology Building on the Bloemfontein Campus, and on the second floor of the Administration Building on the Qwaqwa Campus.

**DON'T WAIT TILL
THE LAST MINUTE!!!**

Some bursaries do not pay out immediately, and the delay can cause you stress and anxiety. To avoid the stress and anxiety about your finances, you are advised to source and secure funds when you apply for studies at the UFS to support yourself in terms of registration fees, books, meals, accommodation, transport, etc., while you wait for the bursary to pay out.

The University of the Free State offers the following bursaries for qualifying students:

ACADEMIC MERIT AWARDS FOR NEW FIRST-YEAR STUDENTS

The UFS has increased the academic merit awards for first-year students. You have worked really hard and the UFS values and acknowledges your effort. You can use your merit award allocation to register. If your merit award is less than the required registration fee, you will have to pay the balance in order to finalise your registration.

The university reserves the right to amend the regulations and award values and/or conditions applicable to the awarding thereof without prior notice.

If you qualify for an academic merit award, we will credit your class-fee account with the amount of the award after you register as a student at the University of the Free State.

The following scale is used to allocate awards:

Admission point	Award Value
35-37	R6 000
38-40	R10 000
41-43	R15 000
44+	R20 000

The award value is based on the formula used to calculate the admission point.

NSC level of achievement	Achievement level required by UFS	UFS Admission Point (AP)
7 (90%-100%)	8 (90%-100%)	8
7 (80%-89%)	7 (80%-89%)	7
6 (70%-79%)	6 (70%-79%)	6
5 (60%-69%)	5 (60%-69%)	5
4 (50%-59%)	4 (50%-59%)	4
3 (40%-49%)	3 (40%-49%)	3
2 (30%-39%)	2 (30%-39%)	2
1 (0%-29%)	-	-

These awards are automatically awarded to new students based on their performance in the final matriculation examination. The award offer is subject to you meeting the minimum admission requirements in your programme of study and being registered at the UFS as a first-year student in 2023.

FIRST-YEAR STUDENTS WHO INITIALLY REGISTERED AT OTHER HIGHER-EDUCATION INSTITUTIONS

First-time entering first-year students who initially registered at other higher-education institutions, discontinued their studies, and then register at the University of the Free State, will not qualify for academic merit awards during their first year of study.

What does this mean? If you transfer to the UFS from another university, you cannot get an academic merit award based on your final Grade 12 results during your first year of study at the UFS.

INTERRUPTION OF STUDIES

To qualify for an academic merit award, a student must register at the University of the Free State as a student again. If there is an interruption of more than five (5) years between the last examination (matric or university) and the year in which the award must be awarded, the student does not qualify for an award.

What does this mean? If you interrupt your studies for more than five (5) years, you will lose the academic merit award.

DISCONTINUATION OF STUDY

If a student discontinues his/her course during the year, the award will be recovered pro rata.

What does this mean? If you have an award and stop studying, any credit balance on your UFS class-fee account (up to an amount equal to that of the award) will be taken away after you have discontinued your studies.

PAYMENT OF ACADEMIC MERIT AWARD

Students who qualify for an academic merit award will have the awarded amount credited to their tuition-fee account during registration at the UFS.

What does this mean? You will not get cash; the money will be paid into your student account at the UFS.

UNDERTAKING

The student undertakes to complete his/her degree studies at this university. If he/she does not complete the course, Council reserves the right to claim back the entire awarded amount or the part thereof that may already have been paid out. However, each case will be treated on merit.

An award may be withdrawn at any time if the behaviour, diligence, or progress of the student is found to be unsatisfactory. If the examination results of a merit-award recipient are such that he/she will have to repeat the studies of a full year/semester, the award will be regarded as a study loan, and it will have to be paid back.

What does this mean? If you get an academic merit award from the UFS, you can only complete your studies at the UFS. If you don't complete the qualification, you may have to pay back all the money, or some of it. It depends on your specific situation. If you do not perform well academically, or behave badly, you may lose the award.

OCCASIONAL STUDIES

Students who register for occasional studies do not qualify for merit awards based on their academic achievement of the previous year or academic achievements during their occasional studies.

Terms and conditions apply.

RPL

RECOGNITION OF PRIOR LEARNING

RPL is a flexible learning pathway that refers to the principles and processes through which the prior knowledge and skills of a person are made visible, mediated, and rigorously assessed and moderated. This is for the purposes of alternative access and admission, recognition and certification, or further learning and development.

As part of the RPL process at the UFS, you may apply for RPL if you have obtained sufficient prior learning through work, experience, formal learning, or other appropriate learning experiences. The RPL office advises and supports candidates and faculty/departments throughout the process.

Interested in RPL?

RPL for undergraduate studies is only offered on the Qwaqwa Campus.

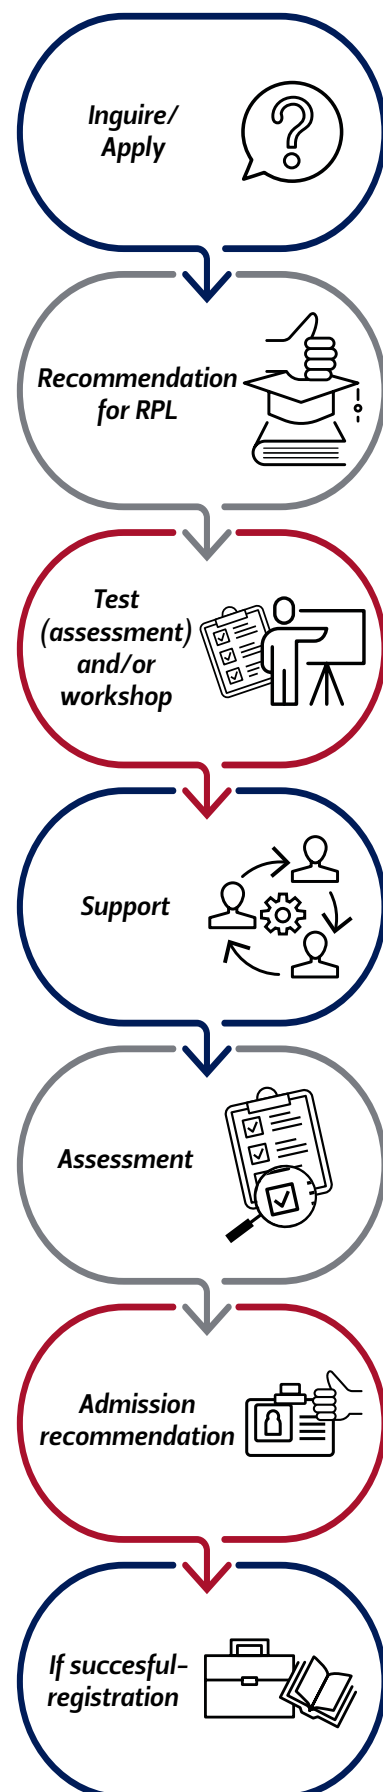

Requirements:

- National Senior Certificate (i.e., Matric / Grade 12)
- Five years' relevant work experience
- Completed workshops, short courses, and on-the-job training

Enquiries: Qwaqwa Campus: rplqq@ufs.ac.za / +27 58 718 5120

ACADEMIC ADVISING AT THE UFS

JOURNEY TO SUCCESS

Advising is a way to connect students to the campus and help them feel that someone is looking out for them.

– George Kuh

To complete your registration process, you are required to consult with an academic adviser. The faculties, in collaboration with the Centre for Teaching and Learning (CTL), have dedicated academic advisers to help you better understand how your academic aspirations connect with your dream job. To help you along your way, we offer you three main types of advisers who can support and guide your journey to academic success:

Faculty/Curriculum Advisers:

- Who are they? Faculty managers, faculty academic advisers, and programme directors
- How can they help me? They provide curriculum-specific advice and help you select and define your curriculum and majors (select modules)

Central Advisers:

- Who are they? Advisers at the Centre for Teaching and Learning (CTL)
- How can they help me? They provide advice to students who have not yet decided on their final choice of study and help navigate your academic career in relation to your career dreams. They assist you to decide, commit to, and connect to the institution in order to get where you want to be.

Peer Advisers:

- Who are they? Student Life peer mentors, Gateway buddies, tutors, etc.
- How can they help me? They help you connect to the campus and understand how to excel academically and socially.

These academic advisers help you make the right decision in selecting the curriculum that best fits your path towards earning your degree. This advice is your academic support and success lifeline while studying at the UFS and will keep you on track all the way to graduation!

As a prospective student, it is important that you connect with an academic adviser as early as possible. How to connect with an academic adviser:

- Visit the faculty that you are interested in at <https://www.ufs.ac.za/templates/faculty-list>
- Send an email to advising@ufs.ac.za (BFN Campus) | advisingqq@ufs.ac.za (QQ Campus) | advisingsc@ufs.ac.za (South Campus)
- Like the UFS Academic Advising page on Facebook

Faculty advisers = curriculum advice (i.e. programme/module registration)

Central Advising (CTL) = success pathway planning (personal, academic, and career goal setting)

COMPULSORY NATIONAL BENCHMARK TESTS

NBTs

WHAT ARE THE NBTs?

Universities South Africa (USAf) initiated the NBTs, and several South African universities use the test(s) as part of their student placement processes. The first test is the Academic and Quantitative Literacy Test (AQL), and the second is the Mathematics Test (MAT). Each test takes three hours to complete and both tests are written on the same day.

IS IT COMPULSORY TO TAKE THE NBT TESTS?

Yes, all first-time entering undergraduate applicants to the University of the Free State must write the NBTs before registering, but preferably before the end of 2022.

MUST I WRITE BOTH TESTS?

It depends. ALL prospective students must write the AQL test. If you apply to the Faculty of Economic and Management Sciences, the Faculty of Natural and Agricultural Sciences, or the Faculty of Health Sciences, you must write both the AQL and MAT tests where required.

WHY WRITE THE NBTs?

The level of academic reading and writing that you must be able to master at university is very different from what you are used to at school. If you lack this level of skills, you may have a hard time at university. But if we know what the level of your skills are, we can make sure that you enrol for the most appropriate modules and programmes in your first year. And that is what we use the NBTs for – to help us understand what skills you have, and what skills need to be developed.

HOW, WHEN, AND WHERE TO WRITE?

Registration for NBTs opens on 1 April 2022. You should write the NBTs while you are in Grade 12, before you register at the university. Visit www.nbt.ac.za for all the information you need. Once you have written the tests, you can use the results to apply at any university. The UFS **only** accepts NBT results, NO other admission tests will be considered. **If you are applying to study MB ChB in the Faculty of Health Sciences, you should have written the NBTs before the end of June 2022.**

WHAT TO BRING WITH

ID Document

Proof of Payment

HB Pencil and a black ballpoint pen.
(Not a fibre-tipped pen)

Eraser

Pencil Sharpener

HOW DOES THE UFS MAKE USE OF THE NBT RESULTS?

In three ways:

- We use it as part of the selection process for the Faculty of Health Sciences.
- If you apply to any of our other faculties, we use NBT results during the registration process.
- To place students in appropriate academic literacy development modules, where necessary.

Generally, as stated above, we use NBT performance levels to place first-year students into appropriate programmes or modules. If you did not pass the NBT Academic Literacy Test and want to study in English, you must register for one of the following academic literacy development modules in English: EALH/EALE/EALN/EALL 1508. The same applies if you want to study in Afrikaans (if offered in the relevant faculty) but did not pass the Academic Literacy Tests – in which case you must register for one of the academic literacy development courses in Afrikaans: AGAH/AGAM/ AGAL/AGAN/AGAE 1508.

These academic literacy development courses are not language courses. They teach you to read academic text efficiently and critically, while extracting the main ideas and key details. This skill will help you to adequately demonstrate your knowledge in tests and exams. It will also teach you to write academic essays and assignments. Overall, it will give you the confidence to perform at your best academically.

NB: If you have not written the NBTs yet, please register to write as soon as possible.

The University of the Free State encourages students to write the National Benchmark Tests (NBT) if they are able to do so. However, the UFS will not disadvantage any student who is unable to write the NBT due to the impact of COVID-19. The UFS will be putting into place alternative measures for those students who are unable to write the NBTs.

STUDENT FINANCE

your financial partner on your journey to graduation.

Higher education is a financial investment in your future. By learning how to manage your finances and maintain good credit, you will contribute to your success at varsity and after graduation. Student Finance is here to guide you every step of the way!

Being proactive about your personal financial management will help you to reduce your stress and plan for your future. Here are some helpful tips for your personal financial management:

STEP 1

Start by doing an **online quotation** based on the programme/modules you plan to enrol for. For the estimated costs/quotation, visit www.ufs.ac.za and follow the links: Students – Student Finance – Quotation.

STEP 2

Budget for other expenses such as registration, breakage fee if you are selected to stay in a campus residence, private accommodation if you stay off campus, textbooks, study material, pocket money, food, data, travelling, clothes, and any other expenses you might need to consider.

STEP 3

Have a look at the **Student Finance Yearbook** for the estimated average cost per year of the most popular academic programmes. You can access the Student Finance Yearbook at www.ufs.ac.za – Students – Student Finance – Student Finance Yearbook.

STEP 4

If you need financial assistance, apply for **funding** to help pay your fees early so that you are not stressed, and can secure your financial assistance ahead of registration. Funding takes the form of bursaries, scholarships, and loans. Please contact Financial Aid for more details regarding the various options available.

STEP 5

Please remember to take note of the **payment dates** to ensure that your account remains in good standing. There are different dates for South African students and international students.

Where to pay:

ABSA BANK

Name of account: University of the Free State Tuition Fees

Branch code: 630734

Account number: 1570 151 688

FEES PAYABLE

All university fees are determined by the Council, which may amend it at any time. The amended amount will be payable on request.

Fees are payable in full, irrespective of whether any services rendered by the university are disrupted by circumstances beyond the university's control, such as strikes, student boycotts, public unrest, or any other disruption on campus.

Errors or omissions:

Although the information contained in the prospectus has been compiled as carefully as possible, the Council and Senate accept no responsibility for any errors or omissions.

For the complete Student Finance Yearbook, visit the website www.ufs.ac.za and follow the links: Students – Student Finance – Student Finance Yearbook

Payment dates:

Tuition and residence fees are calculated per semester. All fees must be paid, regardless of whether an account was received or not. Official account statements are emailed to your UFS4LIFE email address. It is your responsibility to forward the account to the payer and to enquire should you not receive an account at that email address. You can access your account through the Student Self-Service Portal. Visit www.ufs.ac.za and follow the links: Students – Student Self-Service – Financial Records.

Payment dates for South African students:

First semester: all fees for the first semester are payable on/before **31 March**.

Second semester: all fees for the second semester are payable on/before **31 August**.

Payment dates for international students:

First semester: all fees for the first semester are payable on/before **31 March**.

Second semester: all fees for the second semester are payable on/before **30 June**, regardless of any other date that may appear on account statements.

All other fees are payable no later than the end of the month following the month in which the transaction took place, as indicated on the account statement, unless specifically stipulated otherwise in the regulations.

Discount on early payments (SA students only)

Discount is given on early payment of tuition-fee accounts. Standard discount is given annually and is as follows:

- 5% when all fees for the **whole year are paid before 28 February**
- 2½% when all **first-semester fees are paid before 28 February**

Discounts are not given automatically. You must apply for discounts in writing. Discounts are only given on module and accommodation fees. If you receive any form of financial aid from the UFS for tuition and/or accommodation fees, you do not qualify to claim this discount.

Bursaries and loans:

IMPORTANT: If you have a bursary or loan, it is your responsibility to ensure that the bursary donors make payments on time and in accordance with university regulations. You must make sure that you provide your sponsors with the correct details of your account.

First payments in advance before you can register as a student

Visit www.ufs.ac.za and follow the links: Students – Student Finance – First payments for registration, to view the amounts that must be paid before you register in 2023.

First semester: Registration for first-semester and year modules takes place during January and February.

- First payments must be made **five (5) working days** before you register. You will not be able to register until these amounts reflect as credits on your tuition-fee account. If your tuition fees are less than the amounts required, you must pay the full tuition amount.

Second semester: Registration for second-semester modules takes place in July.

- South African students: Payments prior to registration for the second semester are the same as for the first semester.
- International students: International students must pay **all** fees for the second semester in advance before registration can take place.

Students receiving financial aid (SA students only)

If you receive financial aid (bursary/loan), and the bursary or loan covers **all** fees for the year, the amount payable before registration will be reduced by the amount of the financial aid. If your bursary or loan does not cover all fees for the year, **you must still pay the first payment before you register.**

Please email proof of your bursaries/loans to tuitionfees@ufs.ac.za or fax the proof to +27 51 401 3579 **five (5) working days** before you register. You must bring the **original** proof of your bursary/loan with you when you register.

Estimated Programme Costs

- The cost per programme is the average cost per year.
- Tuition fees are charged per module.
- Programme prices vary according to the modules registered for.
- Prices quoted are for SA and SADC students.
- International non-SADC students pay the actual module price + 50%.

For the estimated costs, visit www.ufs.ac.za and follow the links:

NOTES AND STUDY MATERIAL

Study material/notes are automatically prepared when you register and is charged accordingly. It is your responsibility to collect the study material. If you cancel/discontinue any of the modules, you will not be refunded for the notes.

BOOKS

Money for books may be paid into your tuition-fee account by using the deposit identifier 102studentnumber (see paragraph on Where to Pay on p. 60). The amount paid will be transferred to your personal bank account within two to three working days after receipt in the UFS bank account.

STUDENT CARD

You will receive a student card when you produce proof of your registration. Your student card is your key to all kinds of services and events at the UFS. It is your official university identification, and as a student or employee, you must carry it with you whenever you are on campus. Your electronic student card is for your use only; nobody else may use it. Your personal details are associated with your card and are unique to your card. Your first card will be issued free of charge. A fee is payable to replace a lost, stolen, or damaged card.

PARKING DISC

To park in designated parking spaces allocated to students, you must buy a parking permit/disc from Traffic Services by the end of February. It must be displayed on the windshield of your vehicle.

RESIDENCE AND ACCOMMODATION FEES

You or your parent/guardian or both are responsible for the full accommodation fee for the accommodation period.

Tariffs for accommodation in the different residences and living units are available on request.

Contact Housing and Residence Affairs on +27 51 401 3455/3562 or visit www.ufs.ac.za and follow the links Students – Residences. Enquiries may also be directed to resapplications@ufs.ac.za

NB: Residential students must familiarise themselves with all policies regarding accommodation.

Breakage deposit (first placement in residence):

When you accept the accommodation offer, you must pay the breakage deposit.

Rules regarding deposits

You will forfeit the deposit you paid if accommodation has been allocated to you and a place has thus been reserved for you, when you

- do not show up; or
- cancel your place after 31 December.

The breakage deposit may be used at the sole discretion of the university to recover any contingencies resulting in costs, losses, damages, penalties, etc.

The breakage deposit will ONLY be refunded if you

- do not comply with admission requirements;
- are not selected for a specific course;
- pass away;
- submit a satisfactory medical certificate as motivation for cancellation; and
- leave at the end of the accommodation term. The breakage deposit will be transferred to your tuition-fees account, and if this results in a credit on the account, the credit may be paid out on request.

Accommodation costs in case of cancellation of studies

First-time entering students (FTEN): In the event that a FTEN student cancels his/her residency in terms of Paragraph 6 of the Terms and Conditions, such a student will only be liable for the payment of any and all accommodation fees that are outstanding up to the cancellation date.

Non-FTEN: In the event that a student who is not a FTEN student cancels his/her residency in terms of this Paragraph 6 of the Terms and Conditions, such a student will be liable for the payment of any and all accommodation fees that are outstanding up to the cancellation date.

Meal fees and system

All junior residences of the UFS are self-catering; however, meals are offered on a cafeteria basis in the dining halls at

Bloemfontein Campus:

- Dining@Kovsies at Abraham Fischer Dining Hall
- Soetdoring Dining Hall
- Medical Cafeteria at the Francois Retief Building
- Food outlets on the Thakaneng Bridge

Qwaqwa Campus:

- Student Dining Hall

South Campus:

- Student Dining Hall

Your funder may deposit money for meals into your tuition account by using the deposit identifier 101studentnumber (see paragraph on **Where to Pay** on page 60). The amount paid will be transferred to your personal bank account within two to three days after receipt in the UFS bank account. There is no fixed amount payable; it depends on your budget.

Enquiries: Student Finance: +27 51 401 2806/3003 | tuitionfees@ufs.ac.za

Family discount on tuition and/or accommodation fees

If three or more students who are dependents from the same family (children, stepchildren, adopted children, but excluding children-in-law or married children) study at the university and/or stay in university residences at the same time, the following discount will be granted on the amount payable for residing in a UFS residence, and on modules the students are registered for:

- Three students: 10%
- Four or more students: 15%

Discounts will be granted on the following conditions:

- A discount may only be claimed for full-time undergraduate SA students.
- All dependents must be under the age of 26.
- Students receiving any form of financial aid for tuition and/or accommodation fees do not qualify for this discount.
- The discount will be recalculated if one or more of the students discontinue their studies or leave the residence.
- Family discounts are not given automatically. You must apply for family discount in writing and must present evidence of relationships. The full particulars of the students concerned must be submitted.
- A discount may only be claimed for the current academic year.
- Family discount will only be given on module and accommodation fees.

WELCOMING AND ORIENTATION 2023

It is important and a privilege for the UFS to welcome you as a new first-year student in 2023. We understand that post-school life can be daunting and exciting at the same time.

Our welcome programme has been created in such a way that it will direct you to all the necessary resources needed to help you with your transition to higher education. To this end, we have identified specific areas of support that we will focus on before your arrival (pre-registration), during registration, and after you have registered as a student. The following figure illustrates the different areas of support that we will prioritise to support you in the best way possible:

TO ACCESS THE SUPPORT WE OFFER, PLEASE LOOK OUT FOR THE FOLLOWING:

- We have created a specific webpage on the UFS website that provides crucial information to new students. This webpage is available one month before registration commences. Registration preparation is your responsibility.
- We have a chatbot that can assist you with crucial information. Please visit the above-mentioned webpage to find the link to our chatbot or send a WhatsApp message to 087 240 6370.
- It is important to continue supporting you directly after your registration on your academic and social journey. To this end, we want to encourage you to participate in the following:

Join the Gateway First-Year Orientation organisation on Blackboard: You will have access to Blackboard (our learning management system) immediately after being registered as a student. This access will enable you to join the Blackboard First-Year Orientation organisation. With this online organisation, you will find crucial information on important support structures that will help you during your transition to higher education.

Participate in your peer mentor group: We will automatically allocate you to a peer mentor group immediately after registration. A peer mentor group is a small group of first-year students who meet frequently to support one another under the guidance of a peer mentor. A peer mentor is a senior student who has been trained to support you socially and emotionally during your first academic year.

Attend orientation events on campus: We have also created exciting orientation events for first-year students on all three UFS campuses. It is important that you attend these events to become part of the university community. Please look out for the orientation programme on the UFS website one month before registration opens for first-year students.

STUDENT AFFAIRS

At Student Affairs, we take care of you while you are a student on either our Bloemfontein, South, or Qwaqwa Campuses; we do this through our student life communities, the Centre for Universal Access and Disability Support – or CUADS as it is known, Student Counselling and Development, and Student Governance.

Let us have a quick look at each of these.

The Department of Student Life and Communities purposefully fosters close collaboration with faculties and academic units to create a seamless integration between the social life and academic performance contexts of our students. A balance between academic responsibilities and vibrant student life is achieved through strong student communities and co-curricular programmes such as leadership development. As a Kopsie student, you will get the opportunity to be exposed to learning experiences outside the classroom that are intentionally designed to develop you as a well-rounded graduate.

The Centre for Universal Access and Disability Support (CUADS) aims to ensure that the University of the Free State increasingly becomes a universally accessible higher education institution that embraces and is welcoming to all students, including students with disabilities. CUADS assists students in gaining access to support regarding communication, for example Sign Language interpreting services; accessible study material, for example Braille; alternative assessment arrangements, such as concessions; and individual academic support through assistive devices.

We know that leaving home and moving to a new city to study is very challenging, and all our students are doing the best they can. To help you on your way and support you throughout your Kopsie journey, Student Counselling and Development is a key partner. It is important to know that you are not alone and that we, as the UFS, really care about your well-being. Therefore, we provide individual and group counselling to registered UFS students who are experiencing personal, psychological, and behavioural difficulties or require career guidance. We furthermore aid and support students on their journey of personal development, in order to function to their full potential and effectively meet their educational and life goals. We enhance and support the healthy growth and development of students through advocacy and consultations with the UFS community.

The mental, physical, and emotional well-being of our students is very important, and we take every measure to ensure that you enjoy your student years and develop holistically.

The fourth piece that completes the Student Affairs picture is Student Governance. We strongly believe in governance excellence, capacity building of our students through the promotion of professional student governance, and a complete humanising experience. The Student Representative Council or SRC, responsible for facilitating activities such as SRC elections, developmental training, and strategic planning, plays a key role on all three campuses. The office also embarks on hosting other activities, which include public conversations and seminars. These activities promote the active participation of student leadership in institutional governance. Student governance, among others, drives the following:

- student participation and a sense of belonging and inclusivity through co-curriculum programmes and governance activities
- a strong governance culture that acts as a fundamental for the advancement of transformation policies
- institutional and campus SRC and student parliaments,
- structured student governance training programmes, student organisations and associations, student governance structures, namely class representatives through which the faculty councils are constituted; first-year committees, residence subcommittees, and residence committees.

At the University of the Free State, we believe that every voice counts; therefore, our student leaders are actively participating in university and faculty governance and management structures.

Student Affairs on all three campuses echoes the spirit of the University of the Free State. Here you will find a home away from home and experience the care, protection, and support you deserve.

Choose the University of the Free State and experience why
‘only a Kopsie knows the feeling’.

As the CUADS team, we will be delighted to welcome you as a student with a disability, because at CUADS we believe in your potential and creating opportunities where challenges are experienced.

The centre, which was established in 2001, has since grown and expanded significantly and today forms part of Student Affairs as an independent entity, with offices on the Bloemfontein, South, and Qwaqwa Campuses. Supplementary to the academic support offered to students with disabilities, the centre aims to ensure that the UFS increasingly becomes a universally accessible higher education institution that embraces and is welcoming to all students, including students with disabilities.

We encourage you to contact us to enable you to achieve your academic goals. We are proud of each and every graduate with a disability at the UFS.

PROGRAMMES AND SERVICES

As a registered UFS student, you can access the following programmes that will enrich your Kopsie experience and support you on your journey to success.

- **Disability Support Programme**, which entails a specialist and holistic coordinated approach to student support in order to create an environment that empowers students with disabilities to participate equally.
- **Accessible Transport Programme**, which includes the provision of accessible transport to students with disabilities between the Bloemfontein and South Campuses.
- **Liaison, Awareness and Advocacy Programme** for awareness and advocacy around matters of disability, universal access, and universal design towards the integration and inclusion of persons with disabilities across all three campuses.
- **Accessibility Programme** to ensure access to all buildings and facilities for all users according to the principles of universal access and universal design, in collaboration with University Estates.
- **Accessible Study Material Production Programme** for the provision of academic support through the production of study material in different formats, i.e., braille, e-text, enlargements, and audio.
- **Alternative Assessment Programme** for the provision of an alternative test and examination venue that is accessible to accommodate students with disabilities for their assessment needs, together with alternative formats of test and exam papers. Special arrangements include the provision of amanuensis (scribe and reader) during tests/exams, and application for extra time during tests/exams according to the student's specific impairment. (This is done via a formal process of testing and interviewing by a panel from Student Counselling and Development.)
- **Communication Access Programme** for the provision of Sign Language interpreting and lip-speaking services for academic support needs and other communication needs of students with hearing impairments. In addition, it coordinates the classroom interpreter schedule in cooperation with the UFS Interpreting Services.
- **Student Academic Support Programme** – besides academic support from individual lecturers, CUADS also provides individual tutoring to students in collaboration with the A-Step Programme, coordinates assistance with support at the WriteSite in the Centre for Teaching and Learning, and assists with purchasing applicable assistive devices.

CUADS provides a support service to the following categories of students with disabilities:

- specific learning difficulties (e.g., dyslexia, ADD/ADHD, hyperactivity)
- mobility impairments (e.g., wheelchair users, amputees, cerebral palsy, muscle dystrophy, spina bifida, multiple sclerosis)
- visual impairments (e.g., blind, partially sighted, eye conditions)
- hearing impairments (Deaf, hard of hearing, and deafened)
- debilitating mental health, psychological and other chronic conditions (e.g., schizophrenia, epilepsy, panic disorder)
- temporary impairments (e.g., a broken hand).

CUADS increasingly plays a vital role in the development of awareness and advocacy for persons with disabilities across all three campuses of the UFS, firmly believing in our motto 'nothing about us without us'.

STUDENT-LIFE PROGRAMMES

Do you want to experience the best of Kowsie life? Experience the joy, fun, and wholesomeness of being a Kowsie student!

The goal of student-life programmes is to provide you with out-of-class experiences through various programmes and activities that can help you develop critical graduate attributes. The following student-life programmes are facilitated through Student Affairs:

- Arts and Culture
- Career Services
- Student Leadership Development
- Social and Civic Responsibility
- Student Counselling and Development
- Gateway First-year Orientation Programme
- Peer-Mentor Programme
- Student Dialogues Programme
- Student Media

ARTS AND CULTURE

Arts, Culture, and Dialogue

The Arts, Culture, and Dialogue office within the Department of Student Life and Communities serves as a channel for students to express themselves through visual, literary, and performing arts and dialogue. Students and members of the university and the greater Mangaung Metro community engage with a specific focus on social justice, social cohesion, and critical diversity. Through dialogue, we inspire audiences towards developing engaged citizenship and cohesive communities.

As a Kowsie student, you can participate in the following arts and culture activities:

SLAD-Fest:

The Student Life Arts and Dialogue Festival creates a platform for the UFS community to engage on critical issues pertaining to the student and staff lived experience. It aims to engage not only South African universities, but universities all over the African continent through the medium of visual, literary, and performing arts and dialogue.

Community Engagement

Through our community engagement, we create a platform for students and communities to exchange ideas on how to address social issues through shared knowledge and the arts.

Visual and Performing Arts Communities

By creating various arts-based communities such as poetry, drama, music, and visual arts, we seek to enhance engagement within the student community. What makes these communities different from other initiatives is that they

- seek to create an informal, yet safe space for robust engagement;
- fuse subject matter with creative expression;
- document all engagement as research data for analysis in order to track progress;
- create platforms for participants to give feedback in order to encourage further engagement; and
- use venues in and around the university space to make it more inclusive.

UFS Choir

The UFS Choir forms an integral part of our institutional culture as well as our national and global identity. Through the UFS Choir, we create platforms for engagement with our local community as well as other institutions.

Dialogue

Through our campus-wide dialogue programme, we aspire towards creating a socially cohesive student body, student life, and UFS community. The ideal is that the UFS community use its power and privileged positionalities to ensure humanising lived experiences for those who are less privileged (i.e., socially, economically, politically, religiously, sexually, culturally, as well as with regard to disability, class, gender, origin, and language, etc.)

CAREER SERVICES

Career Services at the UFS is here to guide you throughout your academic career to get work-ready and employable.

Our services range from personal appointments for guidance and advice, work-readiness programmes, to career fairs, career development, and more.

Work-readiness programmes

Our work-readiness programmes will teach you valuable skills, including communication and negotiation, networking, job hunting, designing a new-age CV, establishing your personal brand, setting up a detailed professional LinkedIn account, mindset skills for the Fourth Industrial Revolution, and ultimately, we guide you to get the job you want. Topics include CV writing, interview skills, future of work and the career development process, networking and job-hunting skills, digital world: personal branding for success, and LinkedIn (online platform designed for networking and job searching).

Company Relations

Explore careers and connect with potential employers to guide you on the requirements you lack, so that you can learn these while studying. We also encourage students to get part-time or vacation work to gain valuable skills needed to enter the job market. We regularly advertise bursaries, vacation work, internships, and graduate programmes on our Blackboard page, Facebook page, website, and email. Various companies visit our campuses to engage with potential employees and to present their offerings to students.

Special Projects

Career Services form part of the UFS Diamond League offering, where selected students will get personalised online workshops, coaching in the virtual or traditional career fair, and dual-track coaching (from Career Services, CTL, and industry representatives or functional area-specific coaching).

Volunteer Opportunities

We offer volunteer opportunities to registered students in order to gain valuable work skills, and in return, you will receive a reference letter from Career Services specifying the specific skills you have obtained. Volunteers get the opportunity to present workshops, conduct mock interviews with a student to prepare for a job interview, assist students in updating their CVs, and learn valuable transferrable skills in the process.

Career Closet Project

Don't have money to purchase professional gear for your job interview or first job? We've got you covered – literally! The Career Closet project depends on donations we receive from students, staff, and the community. Professional clothes in good condition are donated to our office, and any registered student can pick what they need and take it home forever – for free!

Most of our offerings are also available online and you can complete workshops in your own time.

For more information on upcoming events and workshops, visit our website at www.ufs.ac.za/career or send an email to

 UFS Careers – [linkedin.com/groups/7421353](https://www.linkedin.com/groups/7421353)

Kovsie ACT is a learning opportunity for students who want to learn about sustainable environmental development through fun community-building activities. It is an opportunity for you to learn new skills and build valuable relationships.

As a Kovsie student, you can develop significantly while learning to solve problems in the company of others and develop the ability to listen to different perspectives while working together. Through different programmes and activities, Kovsie ACT strives to create this kind of collaborative learning. In the process of working and learning together, students foster quality relationships that last throughout their study period and beyond.

Kovsie ACT programmes develop specific attributes such as communication, listening, time management, and interpersonal relationship skills that will help students to position themselves optimally in the labour market after graduation. Kovsie ACT also makes students aware of transnational problems affecting the human condition, such as food insecurity, environmental sustainability, and the socio-economic challenges in a global and local context. In this regard, our programmes encourage students to become active global citizens.

As a first-year student, you can participate in the following programmes and projects:

KOVSIE ACT Music Festival

A community and student celebration where some of the country's top musicians grace the stage, providing entertainment for a diverse group of spectators. This event aims to bring the campus and broader Mangaung community together.

ECO-Vehicle Skills Programme and Creative Pitstop Project

The eco-vehicle project is all about ...

Electric vehicles with **solar charging stations**, built by different Student-Life teams.

Each team applying integrated skills and knowledge in **five Engineering fields**, developed through **five skills programmes**, and then competing in a **sustainable energy race event**.

The aim is to create an interdisciplinary experience where students work together to build an eco-vehicle and creative pit stop from waste material. Our student's ingenuity and endurance are showcased to the public and tested on track day.

Social Cohesion events at RAG Farm

The Kovsie ACT office, in collaboration with residences, arranges social-cohesion events with various themes and artists for students in a safe and secure environment. Before classes start each year, we go out of our way to introduce our students to one another. If you arrive on campus with no friends – you will have plenty by the time our social-cohesion events end.

Buddy Project

Through the Buddy project, Kovsie ACT aims to promote social responsibility among students and the broader community. This campaign emphasises the need for responsible alcohol use and advances the principles of the broader national Arrive Alive campaign. A buddy is a designated driver who refrains from drinking, thus ensuring the safety of family and friends after any social outing or event.

UBUNTU Community Street Store

This beacon of hope inspires the community, as well as the students participating in the experience, and is more than just a 'free clothes store' for the underprivileged in our community.

Big Give Foodbank

This joint venture between Kovsie ACT and the Food Security Office on campus sets out to collect money and non-perishable food for distribution to students in need.

Community Gardens and Food Initiative

Kovsie ACT, in collaboration with the Centre for Sustainable Agriculture and the Food Environment task team, aims to contribute to food security on campus. The aim is to ensure that food-insecure students with strong academic records are adequately nourished, thus increasing their chances of academic completion and success.

With the participation of residences and off-campus communities, 40 vegetable gardens have been established, with the possibility to feed hundreds of students on a weekly basis.

Casual Day

As the NCPD's flagship awareness and fundraising project, Casual Day has grown into the most prominent and successful social advocacy campaign in South African history, having raised R370 000 000 since 1995 (including the record R31 million raised in 2018). Casual Day is a widely celebrated national campaign that occurs annually. Kovsie ACT, in partnership with the Centre for Universal Access and Disability Support (CUADS) on campus, proudly supports this campaign.

Tekkie Tax

Several national non-profit organisations have joined hands to enable a singularly focused national **fundraising** campaign. Tekkie Tax is a dynamic project **owned** by welfare organisations and **managed** by welfare organisations to the **benefit** of welfare organisations. Together, they represent more than 1 000 NPOs across the country.

The Tekkie Tax International Fundraising Campaign supports five sectors:

A = Animals **B** = Bring Hope **C** = Children
D = Disability **E** = Education

Volunteer Programme

The Kovsie ACT office is responsible for providing guidance and structure to the Active Civic Teaching activities of the UFS. This programme develops students in order to equip them to function efficiently and effectively in the ever-changing 21st century, Fourth Industrial Revolution arena to become global citizens. Our programmes and activities have a number of strengths that can help to develop graduate attributes through co-curricular, high-impact practices.

Students who would like to become part of Kovsie ACT, please contact us in one of the following ways:

Office: Benedictus Kok Building, Ground Floor

FOOD ENVIRONMENT PROGRAMME

The Food Environment Programme is designed to address the many dimensions of the food environment; assisting students who suffer from food insecurity and hunger is part of the overall programme. The University of the Free State has previously identified student food insecurity and hunger as a significant problem. Food insecurity adds stress to the students' lives, and this has a negative impact on their studies. We promote a healthy food environment, with students and staff who are well informed and empowered to take appropriate action regarding their food and nutrition situation, which will promote student well-being and student success.

The following programmes and projects are offered:

No Student Hungry programme

To address this problem, the 'No Student Hungry bursary programme' was started in 2011. The primary intervention offered an allowance to provide one balanced meal per day.

Food Parcel programme

The secondary intervention provided a food parcel, containing a variety of non-perishable, nutritious staple food items. This joint venture between the Food Environment Office and Tiger Brands sets out to distribute non-perishables to students in need.

For more information, visit or contact the Food Environment Office at:

Office: Steve Biko Building, Ground Floor and Kopsie Lane opposite Kopsie Health | E: Visagiea@ufs.ac.za

STUDENT LEADERSHIP DEVELOPMENT

The Office for Student Leadership Development (SLD) provides a formal and institutionally integrated co-curriculum for leadership development, as well as research on graduate leadership development. The office, in partnership with faculties and other departments, design programmes that are delivered through student-life colleges and communities via on-site training, engagements, and events, and also online via Blackboard for specific programmes on the Bloemfontein, South, and Qwaqwa campuses.

We strive to meet the capacity-building needs of student leaders and to develop their full potential, aiming to produce graduates who are holistically developed and well-rounded. The office provides channels for student pathways and signature development, while creating opportunities to enter into leadership positions and to pursue career development. As a result, the SLD programmes enhance the academic performance and social integration of students.

The SLD Team warmly invites you to visit our offices and our webpage to obtain more information on our programmes and how to get involved. We look forward to meeting you and accompanying you on your leadership pathway!

The leadership development programmes are open to all undergraduate, graduate, and postgraduate students and can be categorised under two overarching themes, namely Leadership Development programmes and Leadership Training programmes, each consisting of two pillars.

LEADERSHIP DEVELOPMENT PROGRAMMES:

FutureLEAD: Essential / Critical Leadership Development	The FutureLEAD Leadership Development Challenge (FLC) is a blended learning programme over four to six months, engaging students on Blackboard and in panel discussions on and around understanding and using leadership in various situations and environments (studies, personal, community, and career).
AdvanceLEAD: Advanced/Specialised Leadership Development	The Specialised Leadership Development Challenge entails selective leadership programmes aimed at high-achieving student leaders who show potential. They undergo advanced training and are channeled towards specialised programmes, e.g. the Activator First-Year Conference, the Global Leadership Summit (triennial GLS, hosted by the UFS), as well as participation in national and international leadership opportunities, e.g. conferences, summits, and seminars.

LEADERSHIP TRAINING PROGRAMMES:

KopsieLEAD: Student Governance Training	Training of elected student governance structures and committees across campuses to be fully equipped and functional. This entails combined campus/structure programmes, e.g. student governance induction training and structure-specific training, including operational and portfolio-specific training, as well as inspirational sessions, e.g. SRC, associations and organisations' EC training, RC training, faculty council training, etc.
PurposeLEAD: Ad hoc/ Specific Training	Purposeful training for specific situations/ institutional goals/ preparation/ mobilisation in support of students and governance structures' specific needs, events and campaigns such as pre-election candidate training, accessibility and diversity training and a series of quarterly sessions on 'What Students Should Know', e.g. about protesting, human rights, gender-based violence, etc.

STUDENT COUNSELLING AND DEVELOPMENT (SCD)

At SCD, we strive to promote, enable, and optimise students' self-actualisation and sense of community. SCD fulfils the following essential roles:

- Providing individual and group counselling to registered UFS students who are experiencing personal, psychological, and behavioural difficulties or require vocational guidance.
- Aiding and supporting students on their journey of personal development in order to function at their optimal potential and effectively meet their educational and life goals.
- Enhancing and supporting the healthy growth and development of students through advocacy and consultations with the UFS community.

***You are not alone!** SCD provides services free of charge directly to all registered UFS students. Close working interactions are maintained between SCD and other UFS departments. We foster professional relations with medical and mental-health services for resources that are not readily available on UFS campuses. In everything we do, we keep our students' well-being in mind.*

How does counselling work?

Proactively

- Collaborating with academic and support staff in the early identification of mental health challenges of students.
- Providing counselling and workshops before student problems become acute.

Reactively

- Assisting students in managing their acute mental health challenges
- Crisis-management

Developmentally

- Providing mental health workshops and programmes for students on various topics.
- Psycho-educational interventions
- Developing career adaptability

At SCD, the following services are provided:

- Individual and group counselling
- Career counselling
- Group interventions
- Mental health skills-based workshops
- A variety of online mental-health programmes

SCD Tips for Self-Development:

- #Tip 1 *Know how to effectively deal with your own and other people's **EMOTIONS***
- #Tip 2 ***GET TO KNOW** your strengths, weaknesses, and areas of growth*
- #Tip 3 *Learn how to say **NO** and stand up for yourself while respecting yourself and others*
- #Tip 4 *Learn how to **RELAX** and manage stressful situations*
- #Tip 5 *Make use of the various **SUPPORT STRUCTURES** and resources on campus and online*
- #Tip 6 *Practice basic healthy **SELF-CARE HABITS***
- #Tip 7 *Seek out **HEALTHY RELATIONSHIPS** with others with your support system*
- #Tip 8 ***SHARE** your thoughts, experiences, and opinions*
- #Tip 9 ***EXPLORE DIFFICULT EMOTIONS** such as anger and frustration and how to manage them effectively*

SCD advocates for greater sensitivity with regard to multiculturalism and social justice concerns, is welcoming and accessible to individuals of diverse backgrounds, and is non-discriminatory.

We provide a high and professional quality of psychological support. Students who make use of this service, experience improved psychological well-being, adjustment to university life, and an enhanced ability to cope with the demands of their respective courses.

STUDENT ASSOCIATIONS

Student associations are student communities focused on specific interests. Student associations are categorised as:

- Academic student associations
- Religious student associations
- Political student associations
- Charity-based student associations
- Culture-based student associations

You can choose to participate in any association, based on your specific interests.

Faculty organisations

Each faculty at the UFS has a faculty-specific organisation for students. The goal of faculty organisations is to create a student community that can support the learning, development, and success of students.

STUDENT MEDIA

Media is a fast-paced and dynamic industry. At Student Media, we provide you with the opportunity to join one (or all!) of our exciting teams that help shape tomorrow's landscape, not only in South Africa, but globally. Student Media has expanded into an authentic media house, offering digital, as well as traditional media to all three campuses. If you want to be an influencer, then Student Media is the place to be.

If you are interested in becoming a world-class journalist, why not join the IRAWA student newspaper? The newspaper was founded in 1944 and delivers fresh news to students on the Bloemfontein and South campuses every month. If you are a Qwaqwa student, join our NEW ERA team. This newly established newspaper is quickly gaining ground in the industry and is the number one source for infotainment on the campus.

If you are an aspiring broadcaster, then we have great news for you. KowsieFM was founded in 1978 and is the second oldest campus radio station in the country. With its studio on the Bloemfontein Campus, KowsieFM broadcasts on FM to the wider Bloemfontein community. The station plays only the latest hits and brings you news and information you need to know to make your Kowsie experience an unforgettable one! KowsieCAST is podcasts designed by KowsieFM and is recorded and sent to all students. The podcasts are aimed at helping Kowsie students achieve academically.

On the Qwaqwa Campus, meet Q-Lit, radio on q! With state-of-the-art broadcasting equipment, this internet-based (and soon on FM) radio station is the heartbeat of the Qwaqwa Campus.

If you love to be in front of the camera, or even behind it, then you will love KowsieTV. This channel is available on YouTube and IGTV and produces fantastic content. If you are creative, adventurous, and tech-savvy, then KowsieTV is the place to be.

Student Media offers the following programmes and opportunities:

	Radio (KowsieFM and Q-Lit)	Presenting News/sport presenting Producing Production Marketing and events
	Newspaper (IRAWA and NEW ERA)	News, sport, and lifestyle reporting Layout and design Photography
	Video (KowsieTV)	Presenting Videography Producing Editing

STUDENT COMMUNITIES

CREATING A SENSE OF BELONGING

When you become a Kowsie, we want you to feel that you belong to a circle of friends, that you belong to a community. A community that will support and inspire you to reach your full potential. This sense of belonging is facilitated through student communities. UFS student communities are created through small pockets or groups that build towards larger communities.

We encourage you to become a member of these cohesive groups through on-campus residences or day residences. Together, these groups form the strong building blocks of larger communities called Student Life Colleges.

Student Life Colleges are created by clustering on-campus residences and day residences, which then collaborate with other stakeholders such as faculties, support services, and different organisations. The college communities form the social spaces where you can engage in all student-life programmes, e.g., cultural events, sports events, community-service events, dialogues, etc.

In a community, we create an opportunity for engagement and communication. We have different student development programmes, such as

- leadership, where you can be a residence committee member and lead your residence on different university platforms;
- mentorship, where a support structure is created for first-years' transition to the university;
- arts and culture programmes, which are platforms for students to showcase their different talents;
- sport activities: as a Kowsie student, you will continue to enhance your sports talent and if you are committed enough, you can represent Kowsies on national and international level.

Building embracing communities

Creating a socially just culture

Nurturing graduate attributes

ON-CAMPUS RESIDENCES

Your residence at the UFS will become your second home; life in a student residence at the UFS can be a very exciting and rewarding experience. As a Kopsie student, you will benefit from a whole new world of friendships that can last a lifetime. There are many people from different language, racial, and cultural backgrounds on campus. Living and learning in this diverse environment can give you a definite advantage over many other job seekers once you graduate, which will help you later in life.

You should indicate on the application form for studies in 2023 whether you want to apply for residence accommodation in one of the on-campus residences.

The leadership in residence communities consists of a residence head, prime, residence committee, and peer mentors. This leadership team creates a residence environment where every student feels welcome and inspired. All residence communities are driven by a set of shared values, which mediates a culture of mutual accountability.

First-year students are supported in their transition to higher education by means of a peer-mentor system in residences. Each first-year student is allocated a peer mentor who facilitates individual conversation as well as conversations in small-group format with students.

CO-ED RESIDENCES

Co-ed residences are residence communities consisting of male and female students. Although male and female students both form part of co-ed residences, they live in separate corridors with separate bathroom facilities. There is controlled access to blocks/pods and corridors.

DAY RESIDENCES

A day residence is a residence consisting of students who live off campus in private homes, student houses, townhouses, flats, rooms, etc. Students who are members of day residences must arrange their own accommodation off campus.

If you do not live on campus, a day residence gives you the opportunity to participate in organised student activities. It is very important to us that you have the opportunity to develop as a complete person by participating in academic and non-academic activities on campus. With day residences, you can participate in all activities offered in campus residences.

If you live off campus, you are free to join one of the day residence communities. Each day residence has a gazellie (or a large lounge with a kitchen and bathroom) on the campus, where the day residence communities host residence meetings, study, or just hang out and socialise.

A residence head and a residence committee oversee each day residence. This leadership is responsible for managing day residences and seeing to it that all activities offered are in line with the vision, mission, and values of the university.

Day residences offer students who are living off campus the following:

- mentorship and academic support
- learning and social spaces on campus where you can study and hang out with your friends
- access to UFS programmes and resources
- opportunities to develop holistically
- sharing innovative ideas
- growth
- a vibrant social life to build relationships
- fun, and fun, and more fun

The day residences on the Bloemfontein Campus are:

- North College: Veritas
- South College: Marjolein
- East College: Sonnedou, Arista, and Legatum
- West College: Imperium
- Central College: Kagiso

HOUSING AND RESIDENCE AFFAIRS

YOUR HOME AWAY FROM HOME

Our residences are very popular, with a waiting list for applicants. Therefore, you should indicate on the application form for studies in 2023 if you want to apply for residence accommodation in one of the on-campus residences.

APPLICATION FOR RESIDENCE ACCOMMODATION

To become a resident in one of the campus residences, you need to

- indicate your interest in residence (on-campus) accommodation on your application form for studies in 2023;
- keep your breakage deposit of R960 ready in case you are selected for placement in a residence (refer to the placement procedure on the application form); and
- take note of the academic admission criteria for residences. Make sure that your admission point (AP) meets the criteria.

PLACEMENT POLICY

Visit <https://www.ufs.ac.za/residences/housing-and-residence-affairs/junior-accommodation/application-forms>

It is very important to take note of the following academic requirements for junior residences on the:

BLOEMFONTEIN CAMPUS:

- **Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee placement in a residence on campus, as limited space is available in each residence.**
- A minimum Grade 12 AP of 30 is required for admission to a residence.
- Your academic merit is determined based on the most recent admission point as calculated by the university (whether Grade 11 or Grade 12 results).
- If you were admitted to a residence based on the Grade 11 AP, but the final Grade 12 AP is less than 30, your admission to a residence will be cancelled.
- If your current AP (Grade 11 final results or Grade 12 June results) is less than 30, you can still apply for residence accommodation. You will qualify for admission to a residence (subject to availability) if your final Grade 12 AP is 30 or more.
- If you were registered at the UFS or another tertiary institution for the second or subsequent years, you must have passed at least 120 credits to qualify for admission to a residence. Current first-year students will qualify for admission to a residence based on their Grade 12 AP.

South Campus: Admission to a full-time programme on the South Campus

- If you were provisionally admitted to a residence on the Bloemfontein Campus prior to your final Grade 12 results becoming available and your final results indicate that your studies encompass an extended curriculum programme on the South Campus, such provisional admission will automatically be transferred to a residence on the South Campus.
- Your admission is in all cases subject to you meeting the conditions pertaining to the aforementioned admission.

VERY IMPORTANT:

As a prospective student, you must keep in mind that placement in a residence does not mean that you have been selected for a particular field of study. In order to be considered for placement in a residence, you must have received either a conditional admission offer for a programme of study or a final and firm offer for admission. The final Grade 12 marks will eventually determine whether you qualify for admission to an undergraduate programme of study and residence accommodation. You will only be allowed to occupy the residence in which you have been placed once you register as a student.

ACCREDITED OFF-CAMPUS ACCOMMODATION

The safety and living conditions of our students are of great importance. Student accommodation is a significant aspect of the success of the UFS; consequently, good quality accommodation is important for each individual student to be successful in their studies. The accreditation process entails a list of primary requirements, drafted with the cognisance of the Mangaung Metropolitan Municipality in terms of off-campus accommodation to which private providers must adhere in order to be accredited by the university. The requirements are in line with the Policy on the Minimum Norms and Standards for Student Housing at Public Universities (Government Gazette 39238, dated 29 September 2015).

For the complete list of accredited student accommodation, visit <https://www.ufs.ac.za/residences> and follow the link to off-campus accommodation. A list of accredited service providers with contact details is available.

KOVSIESPORT

FOR THE LOVE OF SPORT

With 15 sporting codes to choose from, the UFS is an important incubator for participants in team and individual sports. We have produced more than 92 national athletes, of which 15 were world champions and/or participated in the Olympic and Paralympic Games. More than 100 Springbok and Sevens rugby players studied with us, and UFS netball delivered three national captains during the past 15 years. We were also the national tennis champions for 10 years running. On the hockey field, 22 Kovies represented the national team.

KovieSport invites first-year students to become part of the proud tradition of sport at Kovies.

We offer the following to anyone who wants to participate in sports:

Top-quality sport and coaches

Opportunities to be selected for provincial teams

Top-quality sport facilities

Opportunity to compete at the highest level in the listed sport codes

Recreational opportunities

KoviesFit Gym

Welcome to KoviesFit! You know what they say about a healthy body ... it feels fantastic, looks great, and is healthy. Located in the Callie Human Centre on the Bloemfontein Campus, we firstly welcome students and staff, and then the public. Shape the body you've always wanted with our various training classes, supported by a large range of apparatus.

Why choose us? Because we are conveniently situated on campus, and we have an entire team of experts to support your fitness and health! The Sport Science Centre, another exercise facility on campus, provides specialised services by qualified biokineticists and sport scientists. The Sport Science Centre is situated in the Mabaling Exercise and Sport Science Building.

KoviesFit Gym and the Sport Science Centre cater for all age groups and offer *spinning*, pilates, aerobic, and various other group classes. Aerobic apparatus such as treadmills, rowers, and bicycles are available at these facilities. A gymnasium circuit, two Olympic platforms, and different types of weights and machines are also available. KoviesFit Gym is open weekdays from 05:30 to 19:30 and on Saturdays from 07:00 to 11:00.

LIABILITIES

Accidents

As the university only insures its own risks, it cannot be held liable for accidents that happen to students. It is therefore recommended that students take out personal accident insurance.

Damage to students' personal possessions

The university cannot be held liable for loss or damage to students' personal possessions. Residence students also leave their possessions at their own risk in the residences during the holidays. It is therefore recommended that students insure their possessions. Protect yourself and the property of the university. Any damage and/or theft must be reported to the Protection Services Division. Distinguish between fun and crime and respect other people's property.

Vehicles on campus

It is recommended that students keeping vehicles on campus should take out SASRIA (riot insurance). All students and members of the public who wish to use the roads on campus should purchase an access disk issued by the Protection Services Division of the university. The disc must be displayed on the windscreen.

If you do not have an access permit, you could receive a traffic fine. People using the roads on the university campus or parking on the campus do so at their own risk and the university does not accept responsibility for any accident, loss or damage. Any damage or theft must be reported to the Security Services Division.

GLOSSARY

University:

An institution of advanced study and research in the arts and sciences where the highest possible academic qualification can be obtained.

Chancellor:

The Chancellor is the ceremonial head of the university and is generally a prominent figure in society. Our Chancellor is Prof Bonang Mohale.

Rector and Vice-Chancellor:

The Rector is the Chief Executive Officer of the university, with vice-rectors supporting him. Prof Francis Petersen is our Rector and Vice-Chancellor.

University Council:

The University Council is the highest decision-making body of the university. The Council consists of representatives of the university, the Student Representative Council (SRC), church and community representatives, prominent business people, and individuals appointed by the government.

Faculty:

The students, lecturers, researchers, and management of a group of departments (in a broad sense) working in the same field of study, form a faculty. The head of a faculty is called a Dean, who resides on the Bloemfontein Campus.

Department:

The students, lecturers, research, and management activities in a specific field of study form a department. At the head of a department, we find the departmental head or departmental chairperson. For undergraduate courses, you will be required to attend classes in various departments, while postgraduate studies are generally undertaken in a single department.

Professor:

A person who has distinguished himself/herself as an expert in a specific field of study.

Lecturer:

The name assigned to a person who presents classes to students. Each department has a number of lecturers who are experts in specific fields of study and who are attached full-time to the university. Lecturing staff are addressed in terms of their titles.

Kovsie:

The historical word 'Kovsie' is the nickname given to students at the UFS. This is also the general name used for referring to the UFS.

Degree:

An academic achievement that provides evidence that you are academically competent in a specific field of study, so that you may embark upon a career or careers related to this field. Undergraduate refers to students who are studying for the first degree, while the term postgraduate refers to students engaged in a study field where they have already obtained a degree. For example, the term degree could denote a BA degree (Baccalaureus Artium/Bachelor of Arts), a BCom degree (Baccalaureus Commericii/Bachelor of Commerce), or a BSc degree (Baccalaureus Scientiae/Bachelor of Science). The minimum period of study for an undergraduate bachelor's degree is generally three or four years. This is followed by an honours degree (generally one or two years) or a master's degree (one or more years), and finally a doctorate (generally two years or longer). Some degrees lead directly into certain professions, while other degrees provide general preparation for a variety of careers. A general BCom degree will equip you with the necessary economic and management knowledge so that, for example, you may apply for a position as a manager in a company.

Module:

A module refers to specific fields of study within a discipline. For example, Financial Management is one of several modules in the field of study known as Business Management.

The Academic Calendar:

An academic year consists of two semesters. The first semester usually commences in February, and the second semester by the end of July. In between, there is generally a holiday of approximately three weeks. The second semester is concluded at the end of November. Undergraduate students write an examination at the end of each semester. For postgraduate studies, much more self-study and research are expected from students.
