

School of Accountancy

Skool vir Rekeningkunde

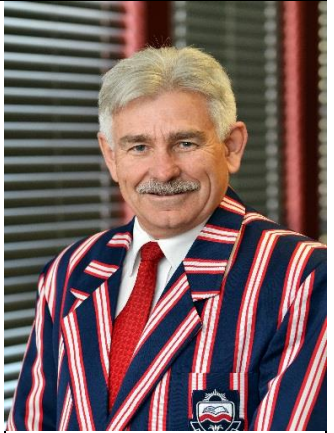

PROGRAMME: TRAINING OF ACCOUNTANTS

Mission and main objectives

The mission of the School of Accountancy is academic excellence characterised by a culture of professionalism, effectiveness and a code of ethics. Academic and professionally directed teaching, research, community service, liaison with the accountancy profession, ex-students, education authorities and prospective students, are the essence of the main objectives.

Training of accountants

The School of Accountancy is accredited to train Chartered Accountants. The training of accountants is accommodated in the School of Accountancy. Close interaction exist with the accounting profession and the Programme Director serves on the Free State Society of Chartered Accountants. Almost all the lecturing staff have professional qualifications and have therefore also relevant practical experience

The abovementioned degrees offer highly acclaimed professional qualifications and are directed at the professional bodies within the accounting profession, namely the S.A. Institute for Chartered Accountants (SAICA), and the SA Institute for Professional Accountants (SAIPA). These qualifications enjoy recognition at the Chartered Institute of Management Accountants (CIMA) and the Association of Chartered Certified Accountants (ACCA). Due to the fact that these bodies enjoy international status, recognition is given to all the qualifications in the programme.

Chartered Accountants - CA (SA)
After obtaining the B.Acc. and the B.Acc.(Honours) degrees, a candidate may, with special permission, sit for the Part 1 of the qualifying examination of the South African Institute of Chartered Accountants. After completion of a practical training period as a trainee accountant and after a final examination is passed, such candidates may register as a Chartered Accountant (CA (SA)) at the SA Institute of Chartered Accountants. The C.A.-qualification can be obtained in public practice (as an auditor) or in financial management.

Chartered Accountants - CA (SA)
After obtaining the B.Acc. and the B.Acc.(Honours) degrees, a candidate may, with special permission, sit for the Part 1 of the qualifying examination of the South African Institute of Chartered Accountants. After completion of a practical training period as a trainee accountant and after a final examination is passed, such candidates may register as a Chartered Accountant (CA (SA)) at the SA Institute of Chartered Accountants. The C.A.-qualification can be obtained in public practice (as an auditor) or in financial management.

Professional Accountants - SAIPA
After obtaining the B.Com. (Accounting) degree or the B.Acc. degree, graduates can, without post-graduate study, qualify themselves as Professional Accountants. A training period prescribed by the SA Institute of Professional Accountants must be completed before registration as a member of SAIPA.

Professional Tax Practitioner - SAIT
After obtaining the B.Com. (Accounting) degree or the B.Acc. degree, graduates can, with post-graduate study, qualify themselves as Professional Tax Practitioners. A training period prescribed by the SA Institute of Tax Practitioners must be completed before registration as a member of SAIT.

Chartered Institute of Management Accountants -CIMA
After obtaining the B.Com. (Accounting) degree or the B.Acc. degree, graduates can enrol for the B Com (Honours in Management Accounting), which is in harmony with the Advanced Diploma in Management Accounting (ADMA) of CIMA. By completing the “Strategic Level” of CIMA with practical training after obtaining the honours degree a student can qualify as a Chartered Management Accountant.

Professional Accountants - SAIPA
