UNDERGRADUATE PROGRAMMES

UNDERGRADUATE PROGRAMMES

GENERAL ORIENTATION

This section of the Rule Book of the University of the Free State (UFS) sets out the rules with respect to the undergraduate programmes and study programmes in the Faculty of Economic and Management Sciences (EMS).

The Protection of Personal Information Act (POPIA) No. 4 of 2013 promotes the protection of personal information by public and private bodies. The Act, therefore, influences how the Faculty collects, stores or disseminates the personal information of its students. As such, any personal student information, including information about academic performance, may not be disclosed to third parties, including sponsors and parents, without the student's written consent.

All registered EMS undergraduate students must adhere to the **Faculty of Economic and Management Sciences Rules and General Academic Rules and Regulations** (hereafter referred to as Faculty Rules and General Academic Rules, respectively).

Several rules apply across the programmes and major fields of study. These rules are categorised into two sets, namely, General Academic Rules and Faculty Rules. It is the student's responsibility to be conversant with the General Academic Rules as well as the Faculty Rules.

General Academic Rules apply to all faculties, including the Faculty of Economic and Management Sciences. Unless specified otherwise, the General Academic Rules apply to all the programmes listed herein.

The General Academic Rules contain basic information such as the following:

- Student registration, module modifications, simultaneous registration, curriculum compilation, duration of studies, preconditions, and acknowledgement of modules passed at other institutions.
- Semester and year marks; requirements for passing; programme with distinction; re-admission and exclusion of a student; supplementary examinations; arrangements for examination venues; incorrect reading of examination timetable; marks and final results.
- From 2024 onwards, the following applies to examination opportunities:
 - ♦ Once admission to the examination has been granted, participation in the main mid-year examination (for first-semester modules) and main end-of-year examination (for year modules and second-semester modules) is compulsory.
 - ♦ The "supplementary examination" includes reassessments, improvement of marks, *ad hoc* examinations and special examinations.
 - ♦ Only students who:
 - as a result of justified extraordinary circumstances, are unable to write the main examination and are granted a supplementary examination (after following the prescribed process), or
 - qualify for a "supplementary examination" in terms of the UFS General Rules will be able to write a further examination on the date scheduled for the "supplementary examination".

- ♦ Only two examinations (main and supplementary) are scheduled for each module, and no further examination opportunities will be provided. The supplementary examination exists specifically as the final examination opportunity.
- ♦ Students who are unable to write the main examination for valid reasons (justified extraordinary circumstances) could be allowed to undertake the supplementary exam subject to approval by the Exam Division, **with no subsequent examination opportunities provided**.
- ♦ Students who qualify for a "supplementary examination" in terms of the UFS General Rules will not be eligible to write a further "special examination".
- All extended curriculum programme students will be registered (during formal registration) for the applicable literacy (CALE1508) and Mathematics Development module(s) (MTDE1508) for the BAdmin extended curriculum programme and MATD1554 and MATD1544 for the BCom extended curriculum programme regardless of the NBTs score.

Faculty Rules are described in this publication. These rules apply specifically to the programmes in this faculty.

- Each rule pertaining to curriculum is indicated by the letter "F" followed by a number, e.g. "Rule F1", "Rule F2", etc.
- Other rules pertaining to EMS students are indicated by the letters "EMS" followed by a number, e.g. "Rule EMS 1", "Rule EMS 2", etc.

EMS 1: SUMMATIVE ASSESSMENTS OTHER THAN EXAMINATIONS

If a student has only one (1) module outstanding to obtain a qualification and this module is assessed only by examination of a project, a portfolio, essay or research report, the student may (as the final opportunity) resubmit the improved work for assessment if the final mark for this module (in the final year of study) is between 45% and 49%, provided that this takes place before the due dates as determined by the UFS. This also applies to modules following a continuous assessment approach.

BACHELOR'S DEGREE PROGRAMMES

BACHELOR'S DEGREE PROGRAMMES

INFORMATION

The Bachelor's Degree Programmes in this faculty are intended to maximise a student's capabilities and potential by adopting scientifically based teaching strategies to equip each student for various career options in the broader field of Economics and Management Sciences. This includes careers in the private and public sectors and certain professions, as well as in secondary and higher education institutions. Postgraduate study is available, upon completion of a relevant Bachelor's Degree, for further advancement in a large spectrum of study fields.

Undergraduate programmes are available in the following broad fields of study:

- Private Sector Management;
- Public Sector Management; and
- Accountancy.

These programmes will not be offered if, at the sole discretion of the University of the Free State, a sufficient number of enrolments cannot be secured to render the programme viable.

The FYEM1512/1522 and CALE1508 modules are institutional modules offered under the aegis of the Centre for Teaching and Learning. The FYEM1512 and FYEM1522 are First Year Seminars and replace the UFSS module(s). The module FYEM1512 is a compulsory, 8-credit, semester one module for an undergraduate degree or diploma qualification. The module FYEM1522 is a compulsory, 8-credit, semester two module for an undergraduate degree or diploma qualification. Students register for these modules in their first year of registration except for students in the extended curriculum programmes who register for the module in the second year of the extended curriculum programme. These rules stand, except where otherwise stipulated in the relevant faculty's rules, and subject to the requirements, stipulations, and conditions approved by Senate. Students who successfully completed the SCLL1508 or SCNS1508 or SCLL1414 AND SCLL1524 modules receive recognition for FYEM1512 in the first semester. These students must register for the FYEM1522 module in the second semester of their first year of studies. The following students are exempt from registering for FYEM1512, BUT should register for FYEM1522:

- Students who are 30 years or older in the year of registration OR who have already completed a degree or diploma at this institution or another accredited institution of higher education.
- The Critical Academic Literacy module (CALE1508) is a course that promotes the development of necessary writing, reading and critical thinking skills necessary for success at university. All students must register for this module, however, exemption is possible based on the proficiency test results.

A promotion system is not applied in the Faculty of Economic and Management Sciences; therefore, General Academic Rules regarding promotion do not apply.

Conversational language modules

Students are encouraged to enrol for one of the available conversational language modules for enrichment purposes. These modules do not form part of formal curricula and will not have an influence on graduation. These modules can be one of the following: GAFO (Afrikaans) 3512 or 3522; SICO (Sign language) 3512 or 3522; SSCO (Sesotho) 3512 or 3522; ZUCO (IsiZulu) 3512 or 3522.

Numbers refer to rules; see next page.

RULES

EMS
2

Extended programme students will not be allowed to register for the entire second study year curriculum should they fail any of the modules in their first year of study. Registration in the subsequent year will require curriculum advice as approved by the relevant Programme Director.

EMS
3

Students who register for the BAdmin extended curriculum programme without the required performance level in Mathematics or its equivalent at the National Senior Certificate level will not be allowed to subsequently change to a BCom Degree Programme.

EMS
4

Maximum credits per academic year: Undergraduate students may not register for more than 164 credits per academic year (excluding developmental modules). A student who is registered for more than 164 core curriculum credits in a given academic year will be considered academically overloaded and the excess credits will be deregistered. This excludes students enrolled for the BAcc Degree.

EMS
5

Shelf life of modules: Academic credit earned by a student does not remain valid indefinitely. The shelf life, therefore, refers to the period during which academic credit remains valid. The shelf life of the modules in the formal programmes in the Faculty of Economic Sciences is five years unless the relevant head of the department determines otherwise.

EMS
6

Taking part in assessments: Once a student begins an assessment, that student is officially recognised as participating in an assessment opportunity. This remains applicable if the student commences the assessment while feeling emotionally or physically unwell. No additional assessment opportunities will be granted in this instance, given that participation has been recorded.

CREDIT VALUES AND NAMES OF MODULES

DEPARTMENT OF ECONOMICS AND FINANCE

PROGRESSION RULES REGARDING ADMISSION TO MODULES IN THE NEXT STUDY YEAR

With due allowance for the module requirements, students are required to attain the following minimum achievements in each study programme, for which the prescribed module combinations for each academic year have been stipulated in the curriculum. Unless a faculty determines a higher requirement for progression, which is published in the faculty's rule book, these progression rules will apply.

APPLICATION OF PROGRESSION RULES

The progression rules apply to undergraduate students and all programmes from 2014.

PROGRESSION RULES FOR UNDERGRADUATE STUDENTS

Students must refer to the **General Academic Rules** and **Faculty Rules** for more information about the progression rules and the rules for students who change their study programme after their first year of studies at the UFS. These rules are available on the university's website.

A minimum number of credits must be earned by the end of each year of registration before the student will be allowed to register for the next year. These credits are accumulated by completing the required modules.

EMS
7

READMISSION BASED ON THE STRENGHT OF ACADEMIC PROGRESS

A student who has undergone registration for a specific module (including question paper/practical work) twice and still fails to meet the pass requirements, will be eligible for one (1) additional opportunity to reregister for the module, based on exceptional merit. This requires approval from the Faculty Readmission and Appeals Committee.

EMS
8

PROGRESSION REQUIREMENTS FOR THREE-YEAR QUALIFICATIONS

Rule	Year of registration	Minimum credits required for admission	Equivalent to	To be achieved by the end of
EMS 8.1	2	48	3 x 16-credit modules	year 1 of registration
EMS 8.2	3	128	8 x 16-credit modules	year 2 of registration
EMS 8.3	4	240	15 x 16-credit modules	year 3 of registration
EMS 8.4	5	304	19 x 16-credit modules	year 4 of registration

The student must complete the three-year undergraduate programme by the end of the 5th year of registration.

EMS
9

EMS 9: PROGRESSION REQUIREMENTS FOR FOUR-YEAR QUALIFICATIONS

The following progression requirements apply to four-year professional as well as four-year extended qualifications.

Rule	Year of registration	Minimum credits required for admission	Equivalent to	To be achieved by the end of
EMS 9.1	2	48	3 x 16-credit modules	year 1 of registration
EMS 9.2	3	128	8 x 16-credit modules	year 2 of registration
EMS 9.3	4	208	13 x 16-credit modules	year 3 of registration
EMS 9.4	5	336	21 x 16-credit modules	year 4 of registration
EMS 9.5	6	400	25 x 16-credit modules	year 5 of registration

The student must complete the four-year undergraduate programme by the end of the 6th year of registration.

EMS 10

CONCESSIONS FOR STUDENTS WHO DO NOT QUALIFY TO START THE NEXT YEAR OF STUDY

In order to facilitate progression, concessions may be made where a student does not meet the requirements for progression to the next year of study. The available options vary across campuses and modes of study.

At the Bloemfontein campus, the following concessionary arrangements may be considered:

EMS 10.1: The student may register for the outstanding modules and repeat the academic year; or

EMS 10.2: The student may register for additional modules to the next year's enrolment as long as the total number of credits does not exceed 32 credits over and above the normal curriculum requirements of a specific academic year. This excludes the BCom extended curriculum programme.

Both of the above arrangements require the recommendation of the programme director and permission from the dean.

EMS 10.3: At the QwaQwa campus, the student may register for the outstanding modules and repeat the academic year. This requires the recommendation of the programme director and permission from the assistant dean.

EMS 10.4: A student who repeats a study year must either match or exceed the requirement with respect to the percentage of modules stipulated in the General Academic Rules before being allowed to continue with the next study year of the programme in the following calendar year.

EMS 11

MODULE CODE CHANGES, EQUIVALENT MODULES AND TRANSITION RULES

EMS 11.1: Current students who registered for the first time in 2015 and onwards, without a break in registration, should follow the curricula in the Rule Book of the first year of registration.

EMS 11.2: If students change from one programme to another, they must follow the curricula of the programme to which they have changed, as explained in the Rule Book of the year that they registered for that specific programme for the first time.

EMS 12

DURATION OF STUDY

The General Academic Rules stipulates that, except in cases where the Council, via the Senate, implements new rules with immediate effect, students may, for an undergraduate qualification, only register at the UFS for the minimum period allowed for that qualification plus an additional two (2) years, with the second period, following directly after the first, and must complete their studies for that particular qualification per the rules applicable at the time of registration. Should there be an interruption to the student's study, the rules applicable to the time of the registration after the interruption will apply

MODULE PREREQUISITES

Please note that in order to register for the module included in the first column of the tables below, the admission requirements have to be met or the modules passed, as set out in the second column. A change in module prerequisites apply to all students that wish to register for the module in this year.

Module	Module prerequisite
EECF1614	National Senior Certificate with Mathematics performance level 4 or (EQMB1514 and EQMB1524) or (EBCS1514 and EBCS1524) or (MATD1554 & MATD1574 & MATD1544 & MATD1564)
EECF1624/ EECF1625 ¹	National Senior Certificate with Mathematics performance level 4 or (EQMB1514 and EQMB1524) or (EBCS1514 and EBCS1524) or (MATD1554 & MATD1574 & MATD1544 & MATD1564)
EMIC2714	EECF1614 or EFEC2614
EMAC2724	EECF1624 or EFEC2624
EINT3714 & ELAB3712	(EECF1624 or EFEC2624) and EMIC2714
EECT3724 & EDEV3722	EECF1624 and EMAC2724
EECM3714	(EBCS1514 or EFBC2514 or EQMB1514 or STSM1614) and (EBCS1524 or EFBC2524 or EQMB1524 or STSM1624 or STSA1624) and (EECF1614 and EECF1624) or (EFEC2614 and EFEC2624)
EECM3724	[(EECF1614 and EECF1624) or (EFEC2614 and EFEC2624)] and [(EBCS1514 and EBCS1524) or (EFBC2514 and EFBC2524) or (EQMB1514 and EQMB1524) or (STSM1624) or (STSA1624)]
EFES2714	EECF1624 or EFEC2624
EFES2724	EECF1624 or EFEC2624
EFET3714	EECF1624 or EFEC2624
EFET3724	EECF1624 or EFEC2624

Module	Module prerequisite
EBUS2715	EBUS1624

Module	Module prerequisite
EACC2608	EACC1614 and EACC1624
EACC3708	EACC2608 or EFIN1608
EFIN2708	EFIN1608
EFIN3708	EFIN2708
EMAF2614	EACC1614 or EACC1624
EMNF2624	EACC1614 or EACC1624
EMAF3708	EMAF2614 and EMNF2624
EMAF3724	EMAF2614
EMFM2708	EFIN1608
EMFM3708	EMFM2708
EACG2708	(EACC1614 and EACC1624) or EFIN1608; and EIDE1624
EACG3708	EACG2708
ETXN3708	ETXN2624
ETAX3708	ETAX2708
EIDE1624	CSIL1531 or CSIR1531 or CSIL1511
EIDE2724	EIDE1624
ESVC3702	EFIN2708 and EMFM2708 and EACG2708 and ETAX2708 and EBUS1514 and EBUS1624 and EOEC2614 and EIDE2724

ADDITIONAL CORE MODULES

Module code	Module prerequisite
EDAB2724	EDAB2714

EXTENDED CURRICULUM PROGRAMME

Module	Module prerequisite
EFEC2614	National Senior Certificate with Mathematics performance level 4 or (EQMB1514 and EQMB1524) or (EBCS1514 and EBCS1524) or (MATD1554 & MATD1574 & MATD1544 & MATD1564)
EFEC2624	National Senior Certificate with Mathematics performance level 4 or (EQMB1514 and EQMB1524) or (EBCS1514 and EBCS1524) or (MATD1554 & MATD1574 & MATD1544 & MATD1564)

MODULE PREREQUISITES FROM OTHER FACULTIES (SERVICE MODULES)

The following table contains a list of modules offered in the EMS curriculums but serviced from other faculties. Students are responsible for familiarising themselves with the faculty-specific rules of these service modules and need to adhere to these rules as specified in the Rulebooks of the relevant faculties.

Module	Faculty	Equivalents	Module Description	Prerequisites/ Co-requisites
MATD1564	NAS	None	Mathematics for EMS	Students must have passed MATD1554 in order to register for this module.
MATD1544	NAS	None	Mathematics for EMS	Module is co-requisite to MATD1564.
MATM1534	NAS	None	Calculus	Students must have passed Grade 12 Math's Performance Level 5 or MATD1564 or MATD1534 or MATM1584 in order to register for this module.
CSIL1511	NAS	None	Computer Literacy: Part 1	None
CSIS1534	NAS	CSIS1614	Programming and Problem Solving: Part 1 & 2	Students must have passed CSIL1511, CSIL1531, CSIL1551, CSIL1561 or CSIL1501 in order to continue with this module.
STSA1624	NAS	None	Introduction to Statistics	Students must have passed National Senior Certificate (NCS) Mathematics on performance level 5 (60%) OR MATD1534 OR MATD1564 OR MATM1584 in order to continue with the module.
CSIS1644	NAS	CSIS1624	Programming and Problem Solving: Part 1 & 2	Students must have passed CSIS1534 in order to continue with this module
STSA2616	NAS	None	Multiple Regression Analyses and Time Series Analyses	Students must have passed STSA1624 or EBCS1524 or EFBC2524 in order to continue with this module.
CSIS2634	NAS	None	Introduction to Databases and Database Management Systems: Part 1	Students must have passed CSIS1624 or CSIS1644 in order to register for this module.
STSA2626	NAS	None	Multiple regression: Variance and Time Series Analysis	Students must have passed STK216 (STSA2616) in order to register for this module.
CSIL1511	NAS	None	Computer Literacy: Part 1	None
BCIE1513	NAS	None	Introduction to Information Systems	Students must have passed CSIL1511 or registered for CSIL1511 simultaneously with BCIS1513 or must have passed CSIL1551 or CSIL1561.

SECTIONS

A

BLOEMFONTEIN CAMPUS UNDERGRADUATE STUDIES

PRIVATE SECTOR MANAGEMENT

GENERAL INFORMATION

Management skills can be obtained in several fields of study. These are all accommodated within the Degree Programme Bachelor of Commerce (BCom). The BCom is a highly regarded and comprehensive management degree programme structured for economic and management positions (especially in the private sector), academic careers at universities and universities of technology, or a career as a teacher.

- A** The Degree Programme is structured around the core subjects of Economics, Business Management, Industrial Psychology and Accounting. The BCom Degree offers a broader option to students who would like a solid general management background but prefer not to specialise too soon.
- B** Specialisations from which to choose within the BCom Degree Programme are indicated under General admission requirements.

The curricula for each major field of study are explained in the following section.

BACHELOR OF COMMERCE

RULE F1

BCom

Minimum total credits: 420
Academic plan code: BC630000

Compulsory modules	First academic year		Second academic year		Third academic year	
	Semester 1	Semester 2	Semester 1	Semester 2	Semester 1	Semester 2
Business Functions	EBUS1514					
General Management		EBUS1624				
Business Dynamics	EBUS1614					
Small Business Management						ESBM2724
Strategic Management					EBUS2715	
Entrepreneurship					EBUS2714	
Introduction to Basic Microeconomics	EECF1614					
Introduction to Macroeconomics		EECF1624				
Microeconomics			EMIC2714			
Macroeconomics				EMAC2724		
International Economics					EINT3714	
South African Macroeconomic Policy Issues						EECT3724
Accounting	EACC1614	EACC1624	EACC2608			
Introduction to Human Resource Management			EHRM1514			
Introduction to Individual Differences				EIOP1524		
Career Psychology			ECAP2614			
Labour Relations Management				ELRM2624		
Managerial Accounting			EMAF2614			
Quantitative Methods for Business	EQMB1514	EQMB1524				
Personal Finance						EFEF1624

* MATD1564 & MATD1544 are co-requisites, therefore simultaneous registration is required.

The following rules are also applicable to the BCom Extended programme:

FF9.1: Students will not be allowed to register for the entire second study year curriculum should they fail any of the modules in their first year of study. Registration in the subsequent year will require curriculum advice.

F9.2: Students have a maximum of two (2) years to complete and pass all modules of the 1st year of the curriculum.

F9.3: Students must select one of two options, i.e. either the Economics & Finance option or the Business Management & HR option, and pass all modules in one of these options in order to graduate. Selecting and combining modules across multiple options is prohibited.

Upon completion of the BCom Extended programme graduates can apply for one of the following Bachelor’s Honours degrees provided that they meet the applicable admission requirements:

- A

BCom Honours with specialisation in Marketing (Students may register for the EBMA2624 module as an additional module in the second semester of their first academic year).
- B

BCom Honours with specialisation in Industrial Psychology
- C

BCom Honours with specialisation in Economics
- D

BCom Honours with specialisation in Finance
- E

BCom Honours with specialisation in Business Management

PUBLIC SECTOR MANAGEMENT

GENERAL INFORMATION

The BAdmin Degree is a specialised degree programme for students aspiring to pursue a career in the public sector:

The curriculum is structured around Public Administration and Management, with relevant ancillary modules in the following fields:

- Contemporary public sector human resource management and leadership;
- Public Financial Management;
- Organisational Analysis;
- Public Policy;
- Logistics and Supply Chain Management;
- Monitoring and Evaluation in the Public Sector;
- Economics for Public Managers;
- The Political Environment for Civil Servants;
- Organisational Ethics and Citizenship;
- Contemporary Issues in Local Government;
- Local Government Policy and Legislative Environment;
- General Management;
- Municipal Finance;
- Public Administration and Management Law;
- Research Methodology.

Students will have access to an academic programme with additional emphasis on the following:

- Practical elements of Public Management;
- Cutting-edge research; and
- Innovative teaching and learning strategies to enhance professional skills and understanding.

The curricula for the BAdmin Degree studies are explained in the following section.

The following progression rules also apply to the BAdmin Extended programme:

- F11.1: Students will not be allowed to register for the entire second study year curriculum should they have any of the modules in their first year of study outstanding. Registration in the subsequent year will require curriculum advice.
- F11.2: Students have a maximum of two (2) years to complete and pass all modules of the first year of the curriculum.

ACCOUNTANCY

GENERAL INFORMATION

The University of the Free State offers two undergraduate Accountancy programmes, namely Bachelor of Accounting (BAcc) and Bachelor of Commerce in Accounting (BCom (Accounting)).

These are highly sought-after professional programmes and aim to satisfy the educational requirements of the professional bodies within the accountants' profession, namely the South African Institute for Chartered Accountants (SAICA), South African Institute for Professional Accountants (SAIPA), Chartered Institute of Management Accountants (CIMA) and the Association of Chartered Certified Accountants (ACCA). Since these bodies enjoy international status, a Degree Programme in Accountancy is very much in demand.

There are several professional bodies in the field of accountancy. Each has its membership requirements, typically available on the relevant websites. Students are advised to familiarise themselves with the appropriate professional bodies and associated membership criteria.

Programme	Professional body
Bachelor of Accounting (BAcc)	SAICA/SAIPA/ACCA/CIMA
Bachelor of Commerce in Accounting (BCom (Accounting))	SAICA [AGA(SA)]/SAIPA/ACCA/CIMA

DESCRIPTION AND INFORMATION REGARDING THE PROGRAMMES IN ACCOUNTANCY

The BAcc Degree Programme is for students who want to qualify as Chartered Accountants (SA). Chartered Accountants (SA) render services not only as accountants but also as taxation, financial, management and auditing experts. This is a sought-after career for both the corporate and the public sectors. Financial Accounting, Auditing, Taxation and Managerial Accounting form the core of the BAcc Degree Programme.

The BAcc Degree is fully accredited by SAICA. Without additional postgraduate study, a BAcc graduate may also obtain full registration with SAIPA and meet the education requirements of the Associate General Accountant (AGA (SA)) designation. This programme also serves as partial accreditation towards membership of CIMA and ACCA.

After successfully completing the accredited postgraduate programmes, the professional external examinations and the prescribed practical traineeship period, candidates may register as Chartered Accountants (SA) with SAICA.

The BCom (Accounting) Degree Programme focuses on the academic requirements of the Professional Accountant (SA) and SAICA's Associate General Accountant (SA) designations. Accordingly, Accounting, Taxation and Managerial Accounting form the core of this programme. Once registered as a Professional Accountant (SA) or an Associate General Accountant (SA), graduates are empowered to perform various functions and issue reports related to various accounting, business and taxation services.

The BCom (Accounting) Degree is fully accredited by SAIPA and AGA(SA) and serves as partial accreditation towards membership of CIMA and ACCA.

Those who wish to pursue a career in financial management in the private sector will also benefit from the Accountancy programmes.

Because the Degree Programmes are designed to align with the requirements of the various professional bodies, there are no/limited electives. The prescribed modules are included in the curricula for the Degree Programmes taken over three years. Economics and Business Management form a key part of the curricula. Strategic Management, Organisational Ethics and Citizenship, Quantitative Methods and Commercial Law also play an essential role in rounding off these Degree Programmes.

BACHELOR OF ACCOUNTING

RULE F12

BAcc

Minimum total credits: 496
Academic plan code: BC636060

Compulsory modules	First academic year		Second academic year		Third academic year

* For modules from other faculties, it is the student's responsibility to ensure that the prerequisites for those modules are met.

** Students who passed Grade 12 Information Technology at performance level 5 or Computer Application Technology (CAT) at performance level 6 are exempted from CSIL1531 or CSIR1531. CSIL1531 is offered in the week before the start of the first semester to equip students with essential skills to be successful in their studies. Those students who are unable to be on campus and participate fully in this module in the week preceding the start of the first semester must register for CSIR1531. CSIR1531 is scheduled on the normal class timetable in the first semester.

The following rules are applicable to the BAcc programme:

F12.1 Students who fail EFIN1608 twice will not be permitted to continue studies on the BAcc programme.

¹F12.2 Students who have obtained this qualification and who repeat third-year modules for purposes of postgraduate studies should enroll for "3738" codes instead of the "3708" codes.

BACHELOR OF COMMERCE IN ACCOUNTING

PRIVATE SECTOR MANAGEMENT

GENERAL INFORMATION

Management skills can be obtained in several fields of study. These are all accommodated within the Bachelor of Commerce (BCom) degree programme. The BCom is a highly regarded and comprehensive management degree programme structured for economic and management positions (especially in the private sector), academic careers at universities and universities of technology, or a career as a teacher.

- A

The Degree Programme is structured around the core subjects of Economics, Business Management, Industrial Psychology and Accounting. The BCom Degree offers a broader option to students who would like a solid general management background but prefer not to specialise too soon.
- B

Specialisations from which to choose within the BCom Degree Programme are indicated under General admission requirements.

The curricula for each major field of study are explained in the following section.

PUBLIC SECTOR MANAGEMENT

GENERAL INFORMATION

The BAdmin Degree is a specialised degree programme for students aspiring to a career in the public sector.

The curriculum is structured around Public Administration and Management, with relevant ancillary modules in the following fields:

- Contemporary public sector human resource management and leadership;
- Public Financial Management;
- Organisational Analysis;
- Public Policy;
- Logistics and Supply Chain Management;
- Monitoring and Evaluation in the Public Sector;
- Economics for Public Managers;
- The Political Environment for Civil Servants;
- Organisational Ethics and Citizenship;
- Contemporary Issues in Local Government;
- Local Government Policy and Legislative Environment;
- General Management;
- Municipal Finance;
- Public Administration and Management Law;
- Research Methodology.

Students will have access to an academic programme with additional emphasis on the following:

- Practical elements of Public Management;
- Cutting-edge research; and
- Innovative teaching and learning strategies to enhance professional skills and understanding.

The curricula for the BAdmin Degree studies are explained in the following section.

* For modules from other faculties, it is the student's responsibility to ensure that the prerequisites for those modules are met.

The following progression rules also apply to the BAdmin Extended programme:

- F18.1: Students will not be allowed to register for the entire second study year curriculum should they have any of the modules in their first year of study outstanding. Registration in the subsequent year will require curriculum advice.
- F18.2: Students have a maximum of two (2) years to complete and pass all modules of the first year of the curriculum.

GENERAL INFORMATION

This section of the Rule Book sets out the rules regarding the postgraduate programmes in the Faculty of Economic and Management Sciences.

The Protection of Personal Information Act (POPIA) No. 4 of 2013 promotes the protection of personal information by public and private bodies. The Act, therefore, influences how the Faculty collects, stores or disseminates the personal information of its students. As such, any personal student information, including information about academic performance, may not be disclosed to third parties, including sponsors and parents, without the student's written consent.

Please contact the University's information office at (051) 401 9111 to obtain a University application form and Student Administration Services at (051) 401 9666 for assistance with your application. Apply online at <https://apply.ufs.ac.za/>

FACULTY OF THE ECONOMIC AND MANAGEMENT SCIENCES RULES AND GENERAL ACADEMIC RULES

A

All programmes are offered according to various sets of rules. Two sets of rules are relevant, namely the General Academic Rules and the Faculty Rules.

B

It is the student's responsibility to be conversant with the General Academic Rules as well as the Faculty Rules.

EMS 13: TIME RESTRICTIONS: QUALIFICATION COMPLETION AND VALIDITY OF ACADEMIC CREDIT

EMS13.1: Residential period: The residential period refers to the time a student may remain registered for a qualification. The residential period for structured postgraduate qualification is N+1, where N refers to the duration of the qualification. Failure to meet this requirement will lead to academic exclusion. The Faculty Readmission Appeals Committee approves readmission based on the merits of the appeal submitted.

EMS13.2: Shelf life of modules: Academic credit does not remain valid indefinitely. The shelf life, therefore, refers to the period during which academic credit remains valid. The shelf life of the modules in the formal programmes in the Faculty of Economic Sciences is five years unless the relevant head of the department determines otherwise.

EMS13.3: Once a student begins an assessment, that student is officially recognised as participating in an assessment opportunity. This remains applicable if the student initiates the assessment while feeling emotionally or physically unwell.

EMS13.4: Postgraduate progression rules apply to all postgraduate students. Students will be academically excluded if the duration of their studies exceeds the postgraduate residential period. Specifically:

- a. Honours: N+1 = 2 years
- b. PGDip: N+1 = 2 years
- c. Structured 1-year masters: N+1 = 2 years
- d. Structured 2-year masters: N+1 = 3 years
- e. Full dissertation 2-year masters: N+1 = 3 years
- f. PhD: N+2 = 5 years

These programmes will not be offered if, at the sole discretion of the University of the Free State, a sufficient number of enrolments cannot be secured to render the programme sustainable.

PUBLIC SECTOR MANAGEMENT

POSTGRADUATE DIPLOMA IN PUBLIC ADMINISTRATION

RULE F21

PGDip (Public Administration)

Minimum total credits: 120

Academic plan code: BC654040

Information

The PGDip (Public Administration) is a specialised programme aimed at a career in the public sector. It is structured around public administration and management, with relevant ancillary modules. This programme is intended for graduates with relevant career experience in the public sector or related areas.

Preconditions for admission

- Admission to the programme is subject to approval by the departmental chair. For admission to the PGDip (Public Administration) programme, the applicant should have a formal qualification at NQF Level 7.
- To be admitted to this postgraduate diploma programme, applicants should have a minimum of three years of public sector work experience and obtained at least an average of 60% for their degree and have passed a proficiency test at the level determined by the department. Completion of an Advanced Diploma may be presented for entry into a Postgraduate Diploma.
- Prospective students must apply for admission to the programme before 30 September, prior to registration in the following year. Applications are submitted on the university's website at <https://apply.ufs.ac.za/Application/Start>.
- The following supporting documents should accompany an application.
 1. Certified copy of ID/passport.
 2. Academic record.
 3. Evidence of your NQF level 7 qualification or equivalent programme final results on the official letterhead of the former institution.
 4. A curriculum vitae providing evidence that an applicant has a minimum of 3 years of public sector experience at any level.
 5. A letter from an applicant's employer's human resources department confirming his/her appointment date, appointment status and position.

Applications with outstanding supporting documents will be regarded as incomplete and will not be considered.

Curriculum

A student must be registered for a minimum of one year for this PGDip programme. The programme consists of the following core modules:

Module name	Semester 1	Semester 2
Municipal Management	EMMA5815	
Public Policy and Service Delivery	EPAP5815	
Public Financial Administration and Management	EPAF5815	
Organisational Analysis and Intergovernmental Relations		EPA05825

Public Human Resource Management		EPAH5825
Executive Public Management		EPAM5825
Structured module credits	60	60
Total credits	120	

ACCOUNTANCY

GENERAL MODULE PREREQUISITES FOR ADMISSION TO THE POSTGRADUATE DIPLOMA PROGRAMME

In order to register for a module specified in the left column of the table below, the applicant is required to have passed the module(s) specified in the right column.

Module	Preconditions for admission:
EFIN5808	EFIN3708/3738 or EACC6808/6838 or EACC5808/5838
EMFM5808	EMFM3708/3738 or EMAF6808/6838 or EMAF5808/5838
ETAX5808	ETAX3708/3738 or ETXN6808/6838 or ETXN5808/5838
EACG5808	EACG3708/3738 or EAUD6808/6838 or EAUD5808/5838

POSTGRADUATE DIPLOMA IN GENERAL ACCOUNTANCY

RULE F22

PGDip (General Accountancy)

Minimum total credits: 136

Academic plan code: BC655050

Information

- This programme is offered as a SAICA-endorsed bridging programme to students who have not completed a SAICA CA-endorsed undergraduate programme or otherwise do not meet the admission requirements for the BAcc Honours or the PGDip (CA).
- Completion of this programme will also grant additional exemptions on the professional qualification of the Association of Chartered Certified Accountants (ACCA).
- Students are required to have obtained a BCom (Accounting) Degree (NQF level 7) (or an equivalent at another accredited institution) with a combined weighted average of at least 60% in the exit-level modules of Accounting, Auditing, Taxation, Managerial Accounting and Finance. Additionally, a final mark of at least 53% is required in the exit level Accounting module.
- Admission for students from other institutions is subject to approval by the School of Accountancy.

Curriculum

Module name	Semester 1	Semester 2
Financial Accounting	EACC5808	
External Auditing	EAUD5808	
Management Accounting and Finance	EMAF5808	
Taxation	ETXN5808	
Sustainable Value Creation	ESVC3702	
Structured module credits	136	

Students who have obtained this qualification and who repeat the above modules for purposes of further postgraduate studies should enrol for the "5838" codes instead of the "5808" codes. Please refer to the study guide for full details.

POSTGRADUATE DIPLOMA IN CHARTERED ACCOUNTANCY

RULE F23

PGDip (Chartered Accountancy)

Minimum total credits: 128

Academic plan code: BC656060

Information

- This programme serves as a prerequisite and entrance requirement for the Initial Assessment of Competence (IAC) examination of the South African Institute of Chartered Accountants (SAICA).
- Students are required to have obtained a BAcc Degree (or an equivalent) with a combined average of at least 57% (not rounded) in the following core module sets, as well as a final mark of at least 53% in each of the constituent modules:
 - EFIN3708/EFIN3738/EACC6808/EACC6838/EACC5808/EACC5838;
 - ETAX3708/ETAX3738/ETXN6808/ETXN6838/ETXN5808/ETXN5838;
 - EMFM3708/EMFM3738/EMAF6808/EMAF6838/EMAF5808/EMAF5838;
 - EACG3708/EACG3738/EAUD6808/EAUD6838/EAUD5808/EAUD5838.
- All the core modules must have been passed within the two academic years preceding the year of envisaged study for this programme. It is strongly recommended but not required that all the above modules are passed in the year immediately preceding that in which the postgraduate study is undertaken.
- Performance in re-assessment examinations and special examinations will not be considered for postgraduate admission purposes.
- Admission for students from other institutions is subject to approval by the School of Accountancy.

This programme is accredited by SAICA for graduates to write the IAC examination. The programme comprises four core year modules:

Curriculum

Module	Semester 1	Semester 2
Financial Accounting	EFIN5808	
Managerial Accounting and Financial Management	EMFM5808	
Taxation	ETAX5808	
Auditing and Corporate Governance	EACG5808	
Structured module credits	128	

- F23.1: The PGDip (Chartered Accountancy) will only be awarded, and entrance to the IAC will only be granted if a student passes all four core modules above in the same academic year.
- F23.2: Students are only allowed to enrol for this qualification for two consecutive years.

- F23.3: Students who do not pass all four core modules simultaneously in the first year of attempt will be required to repeat all four core modules in the second year of attempt. If students do not pass all four core modules simultaneously in the second year of attempt, they will not be allowed to enrol for this qualification for a third attempt.
- F23.4: Students who have previously attempted the PGDip (CA) at the UFS and passed one or more modules in the previous academic year, but are repeating any of these modules in a subsequent year, must register for the “5838” module code(s) instead of the “5808” module codes.
- F23.5: To allow students to register in time for the IAC examination of SAICA, both the main and supplementary examinations are finalised in October/November each year. The examination process is administered internally by the School of Accountancy. No students will qualify for a special examination in this programme.
- Please refer to the study guide for full details.

DEVELOPMENT STUDIES

POSTGRADUATE DIPLOMA IN DEVELOPMENT STUDIES

RULE F24

PGDip (Development Studies) (ONLINE modality)

Minimum total credits: 120

Academic plan code: BC657070

Preconditions for Admission

- For admission to the PGDip (Development Studies) programme, the applicant should have a formal qualification at NQF Level 7.
- To be admitted to this postgraduate diploma programme, applicants should have obtained at least an average of 60% for their previous degree. Completion of an Advanced Diploma may be presented for entry into a Postgraduate Diploma. Admission is subject to approval by the departmental selection committee based on satisfactory academic performance.
- Prospective students must apply for admission to the qualification in writing before 30 September for registration in the following year. The criteria used for the selection of students will include the academic performance of students at the undergraduate level, their work experience in the development sphere, exposure to an appropriate mix of disciplines and career commitment in the broad field of sustainable development.
- A selection process based on the tried and trusted method followed in the Masters programme will be utilised to choose the best candidates. This method entails the rendering of:
 - A letter of motivation for inclusion in the PGDip (Development Studies) programme, focusing on past experience in work on development issues and future plans for the utilisation of the PGDip qualification in addressing developmental challenges in a chosen professional environment.
 - An essay focusing on the major development challenges in the region/locality of the student. The essay should consider the practicalities of improving the state of human development in that region/locality and construct an argument for how it could be accomplished.

Curriculum

A student doing the PGDip (Development Studies) programme must be registered for a minimum of one year. The programme consists of the following core modules:

- All the modules are year modules and are presented over both semesters of a year
- All the modules are compulsory.
- Teaching is facilitated online only

Module code	Module name	Credits
Development, Underdevelopment and Poverty	EDSA5804	16
Governance and Development	EDSB5804	16
Regenerative ecology and Development: Beyond Sustainability	EDSC5804	16
Community Development	EDSD5804	16
Conflict Sensitive Development	EDSE5804	16
Research Methods for Development	EDSF5805	20
Project Management for Development	EDSG5805	20
Total credits		120

BACHELOR HONOURS DEGREE PROGRAMMES

Information

An Honours Degree Programme offers students who are already in possession of a relevant Bachelor's Degree or Advanced Diploma the opportunity to study further in their chosen field. Only the Bachelor Honours Degree following a corresponding first Bachelor's Degree may be registered for. In exceptional cases, and only for very well substantiated reasons, special permission may be granted for a student to switch to a non-corresponding Bachelor Honours programme.

Whereas a Bachelor's Degree Programme provides students with a solid foundation, it still is only for their chosen career. A Bachelor Honours Degree Programme paves the way for more advanced postgraduate studies, in other words, a Master's Degree Programme or, eventually, a Doctoral Degree Programme, which is the highest academic degree attainable.

Preconditions for Admission

To be considered for admission, an applicant should have a minimum average of 60% for at least two discipline-specific NQF level 7 modules or equivalents (with a minimum of 32 credits) in the final year of undergraduate. Applicants should, in addition, meet departmental admission requirements.

Permission to follow a Bachelor Honours Degree Programme in a particular discipline must be obtained from the dean on recommendation from the relevant departmental chair. Admission is further subject to departmental selection. This must be done prior to the student's registration for that particular year.

A Bachelor Honours Degree Programme offers opportunities for significantly enhancing knowledge in a preferred field of study, allowing students to acquire a deeper understanding and background that prepares the student more thoroughly. This degree also prepares students for research-based postgraduate study. A Bachelor Honours Degree could also carry recognition by an appropriate professional or statutory body. The following Bachelor Honours Degrees can be obtained in this faculty.

PRIVATE SECTOR MANAGEMENT

These programmes will not be offered if, in the sole discretion of the University of the Free State, a sufficient number of enrolments cannot be secured to render the programme sustainable.

PRIVATE SECTOR MANAGEMENT

BACHELOR OF COMMERCE HONOURS WITH SPECIALISATION IN BUSINESS MANAGEMENT

RULE F26

BComHons with specialisation in Business Management
Minimum total credits: 120
Academic plan code: BC660012

Preconditions for admission

Prospective students interested in applying for the Bachelor Honours Degree Programme in Business Management are required to have passed the following:

-  At least six of the undergraduate Business Management modules (or equivalent modules from other institutions), including EFMA2614 (Basic Financial Management) and EMAR3714 (Market Research), with an average mark of at least 60%, but not less than 55% in each module, of which
-  64 credits need to be at NQF Level 5 and/or NQF Level 6, and 32 credits at NQF Level 7.
-  The requirement for an honours degree is that you will need to have an undergraduate degree, which includes at least 6 Business management modules with an average of 60%. Two of these Business management modules will need to be at the 3rd year level, and you must also have passed them with an average of at least 60%. Due to limited capacity for supervision, priority will be given to candidates with the highest marks for selection to both programs.” **A 60% average will not guarantee acceptance to the programme.**

BACHELOR OF COMMERCE HONOURS WITH SPECIALISATION IN INDUSTRIAL PSYCHOLOGY

RULE F28

BComHons with specialisation in Industrial Psychology

Minimum total credits: 160

Academic plan code: BC660031

Information

Prospective students must apply online on the university webpage the previous year before 30 September. Admission to the Bachelor Honours Degree Programme study is subject to the results of the selection process.

Preconditions for admission

In order to be considered for admission to the selection process for the Bachelor Honours Degree Programme, a prospective student must either have already obtained a Bachelor’s Degree or qualify to obtain a Bachelor’s Degree before enrolling for the Bachelor Honours Degree Programme.

It is recommended that students interested in applying for the Bachelor Honours Degree Programme in Industrial Psychology meet the following conditions:

- 

Pass at least six of the undergraduate Industrial Psychology modules (or equivalent modules from other institutions), with a stated average mark of at least 65% and above, but not less than 60% in each module, of which
- 

64 credits need to be at NQF Level 5 and/or NQF Level 6, and 32 credits at NQF Level 7. Students must have obtained an average mark of at least 65% or higher for their modules on NQF Level 7.
- 

Please note: Research Methodology (EAHR3724) and Organisational Psychology (EORG3715) at undergraduate level are highly recommended.

Students who plan to pursue the Bachelor Honours Degree in Industrial Psychology but are not enrolled in the BCom with specialisation in Human Resource Management or the Industrial Psychology degree are required to consult the Head of the Department (Industrial Psychology) or the Programme Director for guidance regarding the appropriate compilation and sequencing of their undergraduate Industrial Psychology modules.

Curriculum

Total credits	160	

BACHELOR OF COMMERCE HONOURS WITH SPECIALISATION IN FINANCE

RULE F29

BComHons with specialisation in Finance

Minimum total credits: 126

Academic plan code: BC660025

Information

Admission to the Bachelor Honours Degree Programme study is subject to approval by the departmental chair. To be considered for admission to Bachelor Honours Degree studies in Finance, a student must have passed either:

- a.

EINT3714, ELAB3712, EECT3724, EDEV3722, EECM3714 and EECM3724 (or equivalent modules if undergraduate studies were completed at another university) with an overall average of at least 60%.
- b.

In addition, the student must have completed the following modules (or equivalents): EECF1614, EECF1624, EMIC2714, EACC1614 and EACC1624 (or equivalent modules) and obtained a minimum mark of 60% for EMAC2724.

OR

c.

EFET3714, EFET3724. EECM3714 and EECM3724 (or equivalent modules if undergraduate studies were completed at another university) with an overall average of at least 60%.

d.

In addition, the student must have completed the following modules (or): EECF1614, EECF1624, EMIC2714, EACC1614 and EACC1624 and obtained a minimum mark of 60% for EMAC2724.

In exceptional cases, admission to the programme may be granted to students who have completed an undergraduate degree in either Accounting, Taxation, Financial Planning or Auditing from the UFS or another University. Admission is granted at the discretion of the departmental chair.

Prospective students must apply before 30 September in the year prior to registering for the programme.

Curriculum

The curriculum is set out in the table below.
Detailed information regarding the methods of presentation is available on request from the departmental chair.

Module name	Semester 1	Semester 2
Macroeconomics	EMAC6814	
Introduction to Econometrics	EECO6814	
Mathematical Economics	EMAT6814	
Security Analysis	ESEC6814	
Financial Risk Management in Banking		EFRM6824
Derivative Instruments		EDER6824
Research Report	EPOM6800	
Structured module credits	96	
Research credits	30	
Total credits	126	

F29.1: Progression Rule: Students will not be allowed to continue working on their research projects should they not pass two of these first semester modules: EMAC6814, EECO6814, EMAT6814. They will be allowed to complete the three second-semester modules.

BACHELOR OF COMMERCE HONOURS WITH SPECIALISATION IN ECONOMICS

RULE F30

BComHons with specialisation in Economics

Minimum total credits: 128

Academic plan code: BC660020

Information

Admission to a Bachelor Honours Degree Programme study is subject to approval by the departmental chair.

To be considered for admission to Bachelor Honours Degree studies in Economics, a student must have passed a) EINT3714, ELAB3712, EECT3724, EDEV3722, EECM3714 and EECM3724 (or equivalent modules if that student completed undergraduate studies at another university) with an overall average of at least 60%. In addition, the student should have completed the following modules (or equivalents): EECF1614, EECF1624, EMIC2714 and obtained a minimum mark of 60% for EMAC2724.

Prospective students must apply before 30 September in the year prior to registering for the programme.

Curriculum

The curriculum must be compiled according to the table set out below. The selection of modules must be approved by the departmental chair. Detailed information regarding the methods of presentation and optimal composition of a programme package is available on request from the departmental chair.

Compulsory modules	Semester 1	Semester 2
Macroeconomics	EMAC6814	
Introduction to Econometrics	EECO6814	
Mathematical Economics	EMAT6814	
Research Report in Economics	EEDE6808	
Microeconomics		EMIC6824
Elective modules		Two of the following*:
International Economics		EINT6824
Labour Economics		ELAB6824
Behavioural and Experimental Economics		EEBE6824
Spatial Economics		ESPE6824
Structured module credits	48	48
Research credits	32	
Total credits	128	

*Electives may not be offered every year.

F30.1: Progression Rule: Students will not be allowed to continue working on their research projects should they not pass two of these first semester modules: EMAC6814, EECO6814, EMAT6814. They will be allowed to complete the three second-semester modules.

BACHELOR OF COMMERCE HONOURS WITH SPECIALISATION
IN BUSINESS ANALYTICS

RULE F31

BComHons with specialisation in Business Analytics

Minimum total credits:120

Academic plan code:BC660026

Information

Admission to the Bachelor Honours Degree Programme study is subject to approval by the departmental chair. To be considered for admission to Bachelor Honours Degree studies in Business Analytics, a student must have passed a relevant Bachelors degree with specialisation in preferably either Economics or Finance at NQF 7 and passed either:

- EINT3714, ELAB3712, EECT3724, EDEV3722, EECM3714 and EECM3724 (or equivalent modules completed at another university) with an overall average of at least 60%.
- In addition, the student must have completed the following modules (or equivalents): EECF1614, EECF1624, EMIC2714, EACC1614 and EACC1624 (or equivalent modules) and obtained a minimum mark of 60% for EMAC2724.

OR

- EFET3714, EFET3724, STSA2616 or EECM3714, STSA2626 or EECM3724 (or equivalent modules completed at another university) with an overall average of at least 60%.
- In addition, the student must have completed the following modules (or): EECF1614, EECF1624, EMIC2714, EACC1614 and EACC1624 and obtained a minimum mark of 60% for EMAC2724.

At the discretion of the departmental chair, selection to the programme may be granted in exceptional cases to students who have completed an undergraduate degree in either Accounting, Taxation, Financial Planning or Auditing from the UFS or another university. Prospective students must apply before 30 September in the year prior to registering for the programme.

Curriculum

The curriculum is set out in the table below.
Detailed information regarding the methods of presentation is available on request from the departmental chair.

Module name	Semester 1	Semester 2
Data Analytics for Business	EDAB6808	
Business Programming	EDAP6805	
Research Report	EDAF6800	
Introduction to Econometrics	EECO6814	
Project Management		EPAP6824
Elective modules	Choose one:	
Security Analysis	ESEC6814	
Strategic Management	ESEM6814	
Structured module credits	42	42
Research credits	36	
Total credits	120	

PUBLIC SECTOR MANAGEMENT

BACHELOR OF ADMINISTRATION HONOURS

RULE F32

BAdminHons

Minimum total credits:128

Academic plan code:BC664040

Information

The Bachelor of Administration Honours Programme is a specialised programme aimed at a career in the public sector. It is structured around public administration and management, with relevant ancillary modules.

Preconditions for Admission

- Admission to the programme is subject to approval by the departmental chair. For admission to a Bachelor Honours Degree Programme, an applicant should have:
- Majored in public administration and management in an undergraduate programme up to a third-year level.
 - A formal qualification at NQF Level 7 with an average pass mark of 65%.
 - Passed a proficiency assessment at the level determined by the department.

- Prospective students must apply for admission to the programme before 30 September, prior to registration in the following year. Applications are submitted on the university's website at <https://apply.ufs.ac.za/Application/Start>. The following supporting documents should accompany an application.
- Certified copy of ID/passport.
 - Academic record.
 - Evidence of your NQF level 7 qualification or equivalent programme final results on the official letterhead of the former institution.

Curriculum

A student must be registered for a minimum of one year for the BAdmin Honours Programme. The programme comprises the following core modules.

Module name	Semester 1	Semester 2
Municipal Management	EMMA6814	
Public Policy and Service Delivery	EPAP6814	
Public Financial Administration and Management	EPAF6814	
Organisational Analysis and Intergovernmental Relations		EPAO6824
Public Human Resource Management		EPAH6824
Executive Public Management		EPAM6824
Research and Research Methodology in Public Administration	EPAR6808	
Structured module credits	48	48
Research credits	32	
Total credits	128	

ACCOUNTANCY

GENERAL MODULE PREREQUISITES FOR ADMISSION TO THE HONOURS PROGRAMMES

In order to register for a module specified in the left column of the table below, the applicant is required to have passed the module(s) specified in the right column.

Module	Precondition for admission
EFIN6808	EFIN3708/3738 or EACC6808/6838 or EACC5808/5838
EMFM6808	EMFM3708/3738 or EMAF6808/6838 or EMAF5808/5838
ETAX6808	ETAX3708/3738 or ETXN6808/6838 or ETXN5808/5838
EACG6808	EACG3708/3738 or EAUD6808/6838 or EAUD5808/5838
EACC6808	EACC3708 or EFIN2708
EAUD6808	EACG2708
ETXN6808	ETXN3708
EMAF6808	EMAF3708

EMS 14: SCHEDULING OF EXAMINATIONS

Postgraduate modules (and their equivalents) in the BAcc Honours and the BCom Honours in Management Accounting programmes may be scheduled outside of the official UFS Examination Timetable to meet the timeline requirements of the relevant professional bodies.

BACHELOR OF COMMERCE HONOURS IN ACCOUNTING

RULE F33

BComHons in Accounting

Minimum total credits: 128

Academic plan code: BC665050

Information

-  In addition to paving the way to further postgraduate studies, this programme may serve as an entrance route to the BAccHons or the PGDip (Chartered Accountancy), provided that all four core modules are successfully completed and the other prescribed requirements for admission are satisfied.
-  Students should have obtained at least a 60% weighted average in the following third-year modules of the BCom (Accounting) degree (or an equivalent NQF level 7 qualification at another institution): Accounting, Auditing, Taxation and Managerial Accounting and Finance. In addition, a final mark of at least 53% is required in the exit level Accounting module.
-  Admission for students from other institutions is subject to approval by the School of Accountancy.

Curriculum

The curriculum comprises Financial Accounting, plus the research module (ERRA6808) in Accounting, together with two of the additional core modules. Students following this route will, however, not qualify for entrance into BAccHons or PGDip (Chartered Accountancy).

Selected students who opt to register for Financial Accounting, plus the research module (ERRA6808) in Accounting, together with all three of the additional core modules may articulate to BAccHons or PGDip (Chartered Accountancy) if all the other admission requirements of these programmes are also satisfied.

Module name	Module code	Duration	Credits
Compulsory Modules:			
Financial Accounting*	EACC6808	Year	32
Research Report in Accountancy	ERRA6808	Year	32
Additional Modules: (Choose at least two of the following modules below)			
External Auditing*	EAUD6808	Year	32
Management Accounting and Finance*	EMAF6808	Year	32
Taxation*	ETXN6808	Year	32
Structured module credits			96
Research credits			32
Total credits			128

*Denotes a core module

**Students who have obtained this qualification and repeat the above modules for postgraduate studies should enrol for the “6838” codes instead of the “6808” codes. Please refer to the study guide for full details.

BACHELOR OF COMMERCE HONOURS IN MANAGEMENT ACCOUNTING

RULE F34

BComHons (Management Accounting)

Minimum total credits: 128

Academic plan code: BC665052

Information

This programme is accredited by CIMA.

Preconditions for admission

- 

This programme meets the education requirements of the Management Level of the Chartered Institute of Management Accountants (CIMA)’s Global Chartered Management Accountant (CGMA®) designation.
- 

Students must have obtained a relevant Bachelor’s Degree (NQF 7 level) with a weighted average of at least 58% in the third-year modules of Accounting, Managerial Accounting; Financial Management and Strategic Management of the BCom (Accounting) degree (or an equivalent at another institution).
- 

Admission for students from other institutions is subject to approval by the School of Accountancy. For applicants on the CIMA study path, these will only be considered if the applicant presents the equivalent of an NQF level 7 qualification and have obtained credits or exemptions for papers E1, F1 and P1 within the three years preceding the year of registration for the BComHons (Management Accounting)..

Curriculum

Individuals who wish to pursue the Chartered Global Management Accountant (CGMA®) designation should register with the Chartered Institute of Management Accountants (CIMA) and must pass the three CIMA-administered case study exams: the Operational Case Study Exam, the Management Case Study Exam and the Strategic Case Study Exam.

The BComHons (Management Accounting) programme consists of three coursework modules plus a research module (ERRC6808). As the three coursework modules are aligned with the outcomes on the Management Level on the CGMA curriculum, students registered with CIMA, who successfully complete the coursework modules on the BComHons (Management Accounting) programme, are eligible for eleven CIMA exam exemptions and will enter the CIMA qualification framework at the Management Case Study Exam level (i.e. exemption is granted from the Operational Case Study Exam).

Students who successfully pass the CIMA Management Case Study Exam can apply for credit for the research module ERRC6808. However, for this alternative study route, it is strongly recommended that students attempt the CIMA Management Case Study Exam in the November sitting of the year in which they pass the structured modules. Students following the CIMA Management Case Study Exam instead of registering for ERRC6808 need to pass the Case Study Examination and apply for credit within the maximum residential study period for the BComHons (Management Accounting) programme – else they will be academically excluded.

Module name	Semester 1	Semester 2
Advanced Financial Reporting - Paper F2	EFMA6808	
Advanced Management Accounting - Paper P2	EPMA6808	
Project and Relationship Management - Paper E2	EEMA6808	
Research Report in Management Accounting	ERRC6808	
Structured module credits	96	
Research credits	32	

Please refer to the study guide for full details.

BACHELOR OF COMMERCE HONOURS IN TAXATION

RULE F35

BComHons (Taxation)

Minimum total credits: 128

Academic plan code: BC665053

Information

- 

This programme aims to develop tax professionals who will receive advanced credits towards the tax articles offered by the South African Institute of Taxation (SAIT). Successful completion of SAIT’s tax articles may lead to professional membership as a Tax Advisor with SAIT.
- 

Students are required to have obtained the following:

 - a Bachelor of Commerce in Accounting Degree with a weighted average mark of at least 60% for the exit-level modules of Accounting, Auditing, Taxation, and Management Accounting and Finance, and with a final mark of at least 65% in the exit-level Taxation module (at NQF level 7); or
 - a Bachelor of Accounting Degree, with a final mark of at least 55% in the exit-level Taxation module; or
 - a Bachelor of Commerce in Law Degree with a weighted average mark of at least 60% for the exit level (NQF level 7) modules, with a pass in Accounting 2(EACC2608) or equivalent module, and a final mark of at least 65% in the exit-level Taxation module (at NQF level 7)..
- 

Admission for students from other institutions is subject to approval by the School of Accountancy.

Curriculum

The programme consists of six coursework modules plus a research project.

Module name	Semester 1	Semester 2
Value-Added Tax	ETXV6803	
Capital Gains Tax	ETXG6803	
Basic Corporate Taxation	ETXB6803	
Advanced Corporate Taxation	ETXC6803	
Estate Planning	ETXE6803	
Personal Taxation	ETXS6803	
Tax Administration	ETXA6803	
Tax Implications of Investments	ETXW6803	
Research Report in Taxation	ERRD6808	
Structured module credits	96	
Research credits	32	
Total credits	128	

Please refer to the study guide for full details of these modules.

RULE F36

BAccHons

Minimum total credits: 160
Academic plan code: BC666060

Information

- This programme serves as a prerequisite and entrance requirement for the Initial Assessment of Competence (IAC) examination of the South African Institute of Chartered Accountants (SAICA).
- Students are required to have obtained a BAcc Degree (or an equivalent) with a combined average of at least 60% in the following core module sets, as well as a final mark of at least 53% in each of the constituent modules:
 - EFIN3708/EFIN3738/EACC6808/EACC6838/EACC5808/EACC5838;
 - ETAX3708/ETAX3738/ETXN6808/ETXN6838/ETXN5808/ETXN5838;
 - EMFM3708/EMFM3738/EMAF6808/EMAF6838/EMAF5808/EMAF5838;
 - EACG3708/EACG3738/EAUD6808/EAUD6838/EAUD5808/EAUD5838..
- All the core modules must have been passed within the two academic years preceding the year of envisaged study for this programme. It is strongly recommended but not required that all the above modules be passed in the year immediately preceding that in which the postgraduate study is undertaken.
- Performance in re-assessment examinations and special examinations will not be considered for postgraduate admission purposes.
- Admission for students from other institutions is subject to approval by the School of Accountancy.

This programme is accredited by the SA Institute of Chartered Accountants for graduates to write its IAC examination.

Curriculum

The programme is comprised of the following four core year modules plus a research report.

Module	Semester 1	Semester 2
Core Modules		
Financial Accounting	EFIN6808	
Managerial Accounting and Financial Management	EMFM6808	
Taxation	ETAX6808	
Auditing and Corporate Governance	EACG6808	
Plus		
Research Report for Chartered Accountancy	ERRB6808	
Structured module credits	128	
Research credits	32	
Total credits	160	

- F36.1: The BAccHons will only be awarded, and entrance to the IAC will only be granted if a student passes all four core modules above in the same academic year and has obtained the research credits.
- F36.2: Students are only allowed to enrol for this qualification for two consecutive years.
- F36.3: Students who do not pass all four core modules simultaneously in the first year of attempt will be required to repeat all four core modules in the second year of attempt. If students do not pass all four core modules simultaneously in the second year of attempt, they will not be allowed to enrol for this qualification for a third attempt.
- F36.4: Students who have previously attempted the BAccHons at the UFS and passed one or more modules in the previous academic year, but are repeating any of these modules in a subsequent year, must register for the “6838” module code(s) instead of the “6808” module codes.
- F36.5: In order to allow students to register in time for the IAC examination of SAICA, both the main and supplementary examinations are finalised in October/November each year. The examinations process is administered internally by the School of Accountancy. No students will qualify for a special examination in this programme.
- Please refer to the study guide for full details.

MASTER'S DEGREE PROGRAMMES

A Master's Degree Programme offers students who are already in possession of an NQF Level 8 exit qualification the opportunity to further their studies in a specialised field of their preference.

A Bachelor's Degree provides a student with a solid general foundation, and a Bachelor Honours Degree Programme offers advanced knowledge in a specific subject or area. Additional postgraduate study for a Master's Degree is an invaluable way of focusing more scientifically on one's field of specialisation. It is also the prerequisite programme for the highest academic qualification, namely a Doctoral Degree.

Except in the case of MPA or MBA programmes, only the Master's Degree that corresponds with the previously obtained Bachelor and Honours Degrees will be conferred. In exceptional cases, only (and only for very well-substantiated reasons) may special permission be granted for a prospective student to be accommodated in a cognate Master's Degree Programme.

Except for programmes such as MPA or MBA, a Master's Degree Programme is obtained in a specific discipline or subject. Two paths lead to the Master's Degree in this faculty. Accordingly, a Master's Degree may be obtained via either of the following options:

Path 1 (Structured programme)	Path 2 (Research)
by coursework and dissertation	by full dissertation or two publishable manuscripts/ published articles

The Master's Degree Programmes offered by this faculty are listed in this section.

PRIVATE SECTOR MANAGEMENT

These programmes will not be offered if, in the sole discretion of the University of the Free State, a sufficient number of enrolments cannot be secured to render the programme sustainable.

GENERAL INFORMATION APPLICABLE TO RESEARCH MASTER’S DEGREES

ADMISSION

Permission to follow a Master’s Degree Programme in a certain discipline must be obtained from the dean on recommendation from the relevant departmental chair. Admission is further subject to departmental selection Dean. This must be done prior to the student’s registration for that particular year. According to the General Academic Rule A20.1(a) a student is required to first inform the relevant academic department before applying online on the UFS system.

Please note: The information below applies to students wishing to complete a Master’s dissertation, as well as those wishing to complete a full Master’s dissertation with interrelated publishable manuscripts or published articles.

EMS 15: Students wishing to complete a Master’s dissertation must comply with the following procedure.

- EMS 15.1: Submit an academic record as part of an application to the relevant department and, on the basis of the academic performance, obtain permission from the head of the relevant department to proceed with the process.
- EMS 15.2: The relevant department may also require the applicant to write a language proficiency test, which will be used, together with the student’s academic record, to gain permission from the department head to proceed with the process.
- EMS 15.3: Within three months of the registration, submit a research proposal to the relevant Research Committee evaluating Master’s research committee evaluating Master’s research proposals and present the proposal to the committee. The three months can be extended by another three months if the student has to resubmit the proposal – see below for more details on resubmission. Note that 3 (+3) months is the maximum time allowed.
- EMS 15.4: The Departmental Research Committee should then consider approval of the proposal. Once approval is granted, the student is allowed to continue. If approval is not granted, the student may be given three months to resubmit the proposal. Thus, the research proposal should be finalised and approved within the first six month of registration.
- EMS 15.5: The following approval by the Departmental Research Committee, the title, the proposal, the supervisor(s), and assessors must be submitted for approval at the first upcoming meeting of the Faculty’s Research and Higher Degree Committee. The internal supervisor should register the title, the supervisor(s) and assessors simultaneously.
- EMS 15.6: In addition to approval of the research proposal at the Departmental Research Committee, the student may, also be required to obtain ethical clearance at the relevant University Ethical Committee.
- EMS 15.7: A research Master’s Degree can be completed either as a research dissertation or two interrelated publishable manuscripts/published articles. In addition to approval of the research proposal at the Faculty Research and Higher Degree Committee, the student is required to obtain ethical clearance at the relevant University Ethical Committee.
- EMS 15.8: Students should re-register annually by the end of March until the completion of the Master’s Degree.
- EMS 15.9: The degree must be completed within the period prescribed by University regulations.

PRIVATE SECTOR MANAGEMENT

MASTER OF COMMERCE WITH SPECIALISATION IN BUSINESS MANAGEMENT

RULE F37

MCom with specialisation in Business Management (Research)
Minimum total credits: 180
Academic plan code: BC680013

Information

Prospective students must apply for admission to the programme to the departmental chair prior to registration. The programme can be taken full-time or part-time.

Preconditions for Admission

The applicant should have obtained a Bachelor of Honours Degree with an average of at least 65% and a mark of 65% for the Honours research report.

Curriculum

EMBM8900	A dissertation on an approved topic based on original research in a study field of Business Management.
Research credits	180

MASTER OF INDUSTRIAL PSYCHOLOGY

RULE F38

MindPsych (Structured)
Minimum total credits: 218
Academic plan code: BC673101

Information

The Master of Industrial Psychology programme aims to provide students with a well-rounded education, with advanced and practical knowledge of Industrial Psychology. The qualification is designed to equip students with the necessary professional skills required by the Health Professions Council of South Africa (HPCSA) to register as Industrial Psychologists.

Prospective students must apply for admission to the programme before 31 August.

Preconditions for admission

- The applicant should have obtained a relevant Bachelor Honours Degree in Industrial Psychology (or an equivalent qualification at NQF Level 8) with an average of at least 65% and a mark of at least 65% for the honours research report.
- Admission to this Master's Degree Programme is subject to approval by the departmental chair and the departmental selection committee based on a satisfactory study record.

The department may also use the following as additional essential entrance criteria: academic merit and departmental evaluation.

Curriculum

Students will have a minimum of two years and a maximum of three years to complete the qualification. The qualification is only offered on a full-time basis.

Module name	First academic year	
	Semester 1	Semester 2
Advanced Career Psychology	ECAP7915	
Advanced Assessment	EASS7915	
Employee Wellbeing	EEWB7915	
Advanced Research Methodology	ERSM7914	
Advanced Organisation Psychology		EORG7925
Advanced Personnel Psychology		EPPS7925
Professional Ethics in the Workplace		EPEW7923
Mini-dissertation	EMID7900	
	Second academic year	
Industrial Psychology Internship (non-credit bearing)	EIPi7900	
Mini-dissertation	EMID7900	
Structured module credits	76	52
Research credits	90	
Total credits	218	

- F 38.1: A postgraduate student registered for a structured master's degree (coursework and research) can submit one publishable or published article instead of submitting a mini dissertation
- F 38.2: All coursework modules need to be completed and passed before a student can participate in the internship.
- F38.3: A student must have completed and passed all coursework modules, the mini-dissertation and the internship in order to participate in the board examination as prescribed by the HPCSA.

MASTER OF COMMERCE WITH SPECIALISATION IN INDUSTRIAL PSYCHOLOGY

RULE F39

MCom with specialisation in Industrial Psychology (Research)

Minimum total credits: 180

Academic plan code: BC680031

Preconditions for admission

In order to qualify for consideration of admission to the selection process for this Master’s programme, a prospective student should adhere to the following prerequisites:

- 

A student must have obtained a relevant honours degree in Industrial Psychology with an average of at least 65%
- 

A mark of 65% for the honours research report or mini-dissertation.

The MCom specialising in Industrial Psychology is a research-based master’s degree. The MCom specialising in Industrial Psychology is not intended to prepare students to eventually register as industrial psychologists with the Health Professionals Council of South Africa (HPCSA). If you want to prepare yourself to eventually register as an industrial psychologist with the HPCSA, you need to apply for the Master of Industrial Psychology qualification.

Information

- 

Prospective students must apply for admission to the programme prior to registration. Preconditions for admission: An applicant should have obtained a relevant Bachelor’s Honours qualification in Industrial Psychology (or an equivalent qualification at NQF level 8) with an average of least 65% and a mark of at least 65% for the Honours research report. Admission to this Master’s programme is subject to approval by the departmental chair and the departmental selection committeeas well as research proposal..

Curriculum

EDIP8900	A Master’s dissertation furnishing proof that the student is capable of producing scientific research.
Research credits	180

F39.1: A postgraduate student registered for a master’s degree by research can submit two interrelated publishable or published articles or a mini dissertation.

MASTER OF COMMERCE WITH SPECIALISATION IN FINANCE

RULE F40

MCom with specialisation in Finance (Structured)

Minimum total credits: 180

Academic plan code: BC670025

Preconditions for admission

- 

Admission to a Master’s Degree Programme is subject to approval by the chair of the department. To be admitted, students should have obtained an average of at least 65% in their Bachelor Honours Degree Programme.
- 

Prospective students must apply for admission to the programme prior to registration.

Students who completed an Honours Degree in one field of specialisation presented in the department but wish to complete a Master’s Degree in another field that is also presented in the department may only do so with the permission of the chair of the department. Additionally, before enrolment, students must complete all the compulsory modules (or equivalents) of the Honours Degree corresponding to the Master’s Degree for which they wish to enrol. Detailed information concerning the methods of presentation and the optimal compilation of a programme package is available from the chair of the Department of Economics and Finance.

Curriculum

Module description	Module codes	
	Semester 1	Semester 2
Macroeconomics		EMAC7924
Advanced Time-series Econometrics	EECT7915	
Financial Modelling		EFMD7924
Capita Selecta		EECS7924
	One of the following options:*	
Cross-sectional and Panel Data Econometrics	ECPE7915	
	OR	
	Two of the following:	
Data and Business Analytics	MBAN7910	
Social Entrepreneurship	MENT7910	
Managing Society and the Future	MMSF7910	
Plus		
Mini-dissertation	EEDI7900	
Structured module credits	40	48
Research credits	92	
Total credits	180	

*Students must confirm with the head of the department which elective modules are available for the specific semester. In order to select the option of two of either MBAN7910, MENT7910 or MMSF7910, a candidate must be registered as part of the Consecutive Masters Degree Programme with the Salzburg University of Applied Sciences.

MASTER OF COMMERCE WITH SPECIALISATION IN FINANCE

RULE F41

MCom with specialisation in Finance (Research)

Minimum total credits: 180

Academic plan code: BC680025

Preconditions for admission

- 

Admission to a Master’s Degree Programme is subject to approval by the departmental chair. To be admitted, students should have obtained an average of at least 65% in their Bachelor of Honours Degree.
In addition, students wishing to be admitted to complete their Master’s degree by dissertation should also have obtained at least 65% in their Bachelor Honours research report (or equivalent).
- 

Prospective students must apply for admission to the programme prior to registration.

Curriculum

EEDI8900	A Master’s dissertation furnishing proof that the student is capable of producing scientific research.
Research credits	180

MASTER OF COMMERCE WITH SPECIALISATION IN ECONOMICS

RULE F42

MCom with specialisation in Economics (Structured)

Minimum total credits: 180

Academic plan code: BC670020

Preconditions for admission

- 

Admission to a Master’s Degree Programme is subject to approval by the chair of the department. To be admitted, students should have obtained an average of at least 65% in their Bachelor Honours Degree.
- 

Prospective students must apply for admission to the programme prior to registration.

Students who completed an Honours Degree in one field of specialisation presented in the department but wish to complete a Master’s Degree in another field that is also presented in the department may only do so with the permission of the chair of the department. Additionally, before enrolment, students must complete all the compulsory modules (or equivalents) of the Honours Degree corresponding to the Master’s Degree for which they wish to enrol. Detailed information concerning the methods of presentation and the optimal compilation of a programme package is available from the chair of the Department of Economics and Finance.

Curriculum

Module name	Module codes	
	Semester 1	Semester 2
Macroeconomics		EMAC7924
Applied Industrial Organisation		EMIC7924
Advanced Time-Series Econometrics	EECT7915	
Cross-section and Panel Data Econometrics	ECPE7915	
Development Economics		EDEV7924
Mini-dissertation in Economics	ERES7900	
Structured module credits	40	48
Research credits	92	
Total credits	180	

MASTER OF COMMERCE WITH SPECIALISATION IN ECONOMICS

RULE F43

MCom with specialisation in Economics (Research)

Minimum total credits: 180

Academic plan code: BC680020

Preconditions for admission

- Admission to a Master’s Degree Programme is subject to approval by the departmental chair.
- 

To be admitted, students should have obtained an average of at least 65% in their Bachelor Honours Degree. In addition, students wishing to be admitted to complete their Master’s Degree by dissertation should also have obtained at least 65% in their Bachelor Honours research report (or equivalent).
- 

Prospective students must apply for admission to the programme prior to registration.

Curriculum

EEDI8900	A Master’s dissertation furnishing proof that the student is capable of conducting scientific research.
Research credits	180

MASTER OF COMMERCE WITH SPECIALISATION IN BUSINESS ANALYTICS

RULE F44

MCom with specialisation in Business Analytics (Structured)

Minimum total credits: 180

Academic plan code: BC670026

Preconditions for admission

- 

Admission to a Master's Degree Programme is subject to approval by the chair of the department. To be admitted, students should have obtained an average of at least 65% in their Bachelor Honours Degree.
- 

Prospective students must apply for admission to the programme prior to registration.

Students who completed an Honours Degree in one field of specialisation presented in the department but wish to complete a Master's Degree in another field that is also presented in the department may only do so with the permission of the chair of the department. Additionally, before enrolment, students must complete all the compulsory modules (or equivalents) of the Honours Degree corresponding to the Master's Degree for which they wish to enrol. Detailed information concerning the methods of presentation and the optimal compilation of a programme package is available from the chair of the Department of Economics and Finance.

Module description	Module codes	
	Semester 1	Semester 2
Advanced Business Analytics	EDAB7905	
Advanced Business Programming	EDAP7905	
Research report**	EEDB7900	
	Elective (select one)	
Advanced Time-series Econometrics	EECT7915	
Financial modelling*		EFMD7924
Minimum Structured module credits	56	
Research credits	124	
Total credits	180	

* Only students who have completed Security Analysis (ESEC6814, or equivalent) have the option to choose Financial Modelling (EFMD7924) as an elective. ** It is recommended that the research report be in the format of a publishable article.]

MASTER OF COMMERCE WITH SPECIALISATION IN BUSINESS ANALYTICS

RULE F45

MCom with specialisation in Business Analytics (Research)

Minimum total credits: 180

Academic plan code: BC680026

Preconditions for admission

Admission to a Master's Degree Programme is subject to approval by the departmental chair.

- 

To be admitted, students should have obtained an average of at least 65% in their Bachelor Honours Degree. In addition, students wishing to be admitted to complete their Master's Degree by dissertation should also have obtained at least 65% in their Bachelor Honours research report (or equivalent).
- 

Prospective students must apply for admission to the programme prior to registration.

Curriculum

EEDA8900	A Master's dissertation furnishing proof that the student is capable of conducting scientific research.
Research credits	180

MASTER OF PUBLIC ADMINISTRATION

RULE F46

MPA (Structured)

Minimum total credits: 186

Academic plan code: BC674040

Information

- 

The MPA is an established career-focused postgraduate programme aimed at high-level management in the public sector. It is intended for graduates who have not necessarily had an undergraduate background in public administration or management but have gained relevant career experience in the public sector or related areas and want to strengthen their management abilities.

Preconditions for admission

Admission to the programme is subject to approval by the departmental chair. To be admitted to the MPA Degree, an applicant should have:

- Any Bachelor's Honours degree or Postgraduate Diploma (NQF level 8).
- Obtained an average of 65% for his/her qualification or equivalent.
- Five years of proven management experience in the Public Sector.
- Passed a proficiency assessment at the level determined by the department.

The proficiency assessment comprises two rounds of selection. The first selection round is based on an applicant's work profile and whether he/she meets the admissions requirements. During the second selection round, applicants are invited for an online written discipline-specific assessment. This assessment is developed and assessed by the Department.

Prospective students must apply for admission to the programme before 30 September of each year, prior to registration in the following year. Applications are submitted on the university’s website at <https://apply.ufs.ac.za/Application/Start>. The following supporting documents should accompany an application:

- Certified copy of ID/passport.
- Academic record.
- Certified copies of academic qualifications.
- A curriculum vitae providing evidence that an applicant has at least five years of proven management experience in the public sector.
- A letter from an applicant’s employer’s human resources department confirming his/her appointment date, appointment status and position.
- Submit a 2000 word concept note, presenting the applicant’s basic field of research interest by discussing:
 - Background and reason for the study
 - Research problem
 - Aim and objectives
 - Research methodology (Approach, data collection method, sampling strategy, which public sector institution or unit of analysis is the target)

NB: Applications with outstanding documents will be regarded as incomplete and will not be considered.

Curriculum

A student in the MPA Programme must be registered for a minimum of two years. The programme comprises the following core modules.

Module name	Semester 1	Semester 2
	First academic year	
Public Policy Management and Service Delivery	EPAP7914	
Public Financial Administration and Management	EPAF7914	
Public Human Resource Management	EPAH7914	
Research Methodology in Public Administration		EPAR7924
Organisational Analysis & Inter-Governmental Relations		EPAO7924
Project Management for Public Managers		EPAP7924
Second academic year		
Mini-dissertation in Public Administration	EPAR7900	
Structured module credits	48	48
Research credits	90	
Total credits	186	

F46.1: To continue with the mini-dissertation, a student must have successfully completed the EPAR7924 module in research methodology (or equivalent modules if that student completed his/her studies at another university). The topic for the mini-dissertation must be selected in conjunction with the study leader as per the research areas in the department. The mini-dissertation must be completed within two years after successful completion of the written examinations, failing which students will only be granted re-admission for a subsequent year if proof can be provided that satisfactory progress is being made with the mini-dissertation.

F46.2: Students who did not pass EPAR7924 after two attempts will be academically excluded and not allowed to continue with their studies since it will not be possible to complete the qualification within the prescribed residential period of N+1.

MASTER OF ADMINISTRATION

RULE F47

MAdmin
(Research)

Minimum total credits: 180
Academic plan code: BC684040

Information

The MAdmin Degree Programme consists of a single advanced research project, completed either as a research dissertation or two interrelated publishable manuscripts/published articles. All students registered according to the dissertation option should, in collaboration with the study leader/s, prepare at least one publishable manuscript in an approved research journal before submitting the dissertation for examination.

Preconditions for admission

Admission to the programme is subject to approval by the departmental chair. To be admitted to the Master’s programme an applicant should have:

- Obtained at least an average of 65% for his/her Honours degree with a major in Public Administration or related field, or a relevant postgraduate diploma with a research component.
- Passed a module in research methodology (or equivalent modules if that student completed his/her studies at another university).
- Passed a proficiency assessment at a level determined by the department.

The proficiency assessment comprises three rounds of selection. The first selection round is based on an assessment of whether an applicant meets the admissions requirements. During the second selection round, applicants who meet these requirements are invited for an online written discipline-specific assessment.. Assessments are developed and assessed by the Department. During the third round, applicants who pass this assessment are invited for a face-to-face and in-person interview at the Bloemfontein Campus of the University of the Free State, with the exception of applicants residing abroad.

Prospective students must apply for admission to the programme before 30 September of each year, prior to registration in the following year. Applications are submitted on the university’s website at <https://apply.ufs.ac.za/Application/Start>. The following supporting documents should accompany an application.

- Certified copy of ID/passport.
- Curriculum Vitae.
- Academic record.
- Certified copies of academic qualifications.
- Submit a 4000 word draft research proposal, presenting the applicant’s basic field of research interest by discussing:
 - Background and reason for the study
 - Literature review
 - Research problem
 - Aim and objectives
 - Research methodology (Approach, data collection method, sampling strategy, which public sector institution or unit of analysis is the target).

NB: Applications with outstanding supporting documents will be regarded as incomplete and will not be considered

Curriculum	
EPAM8900	Dissertation in Public Administration
Research credits	180

ACCOUNTANCY

MASTER OF COMMERCE WITH SPECIALISATION IN FINANCIAL ACCOUNTING

RULE F48

MCom with specialisation in Financial Accounting (Research)
Minimum total credits: 180
Academic plan code: BC685051

- Preconditions for admission**
- Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
 - The applicant should have obtained a relevant Bachelor Honours Degree (or an equivalent qualification at NQF Level 8) with an average of at least 60% and should also have obtained at least 60% in their Bachelor Honours research report (or equivalent).

Curriculum	
EFAC8900	Dissertation or two interrelated, publishable manuscripts / published articles in Financial Accounting
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF COMMERCE WITH SPECIALISATION IN MANAGEMENT ACCOUNTING

RULE F49

MCom with specialisation in Management Accounting (Research)
Minimum total credits: 180
Academic plan code: BC685052

- Preconditions for admission**
- Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
 - The applicant should have obtained a relevant Bachelor Honours Degree (or an equivalent qualification at NQF Level 8) with an average of at least 60% and should also have obtained at least 60% in their Bachelor Honours research report (or equivalent).

Curriculum	
EMAF8900	Dissertation or interrelated, publishable manuscripts/published articles in Management Accounting
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF COMMERCE WITH SPECIALISATION IN TAXATION

RULE F50

MCom with specialisation in Taxation (Research)
Minimum total credits: 180
Academic plan code: BC685053

- Preconditions for admission**
- Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
 - The applicant should have obtained a relevant Bachelor Honours Degree (or an equivalent qualification at NQF Level 8) with an average of at least 60% and should also have obtained at least 60% in their Bachelor Honours research report (or equivalent).

Curriculum	
ETXN8900	Dissertation or two interrelated, publishable manuscripts/published articles in Taxation
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF COMMERCE WITH SPECIALISATION IN AUDITING

RULE F51

MCom with specialisation in Auditing (Research)

Minimum total credits: 180

Academic plan code: BC685054

Preconditions for admission

- 

Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
- 

The applicant should have obtained a relevant Bachelor Honours Degree (or an equivalent qualification at NQF Level 8) with an average of at least 60% and should also have obtained at least 60% in their Bachelor Honours research report (or equivalent).

Curriculum

EAUD8900	Dissertation or two interrelated, publishable manuscripts/published articles in Auditing
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s)

MASTER OF ACCOUNTING WITH SPECIALISATION IN FINANCIAL ACCOUNTING

RULE F52

MAcc with specialisation in Financial Accounting (Research)

Minimum total credits: 180

Academic plan code: BC686061

Preconditions for admission

- 

Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
- 

The applicant should have obtained a relevant Bachelor of Accounting Honours Degree (or an equivalent qualification at NQF Level 8). Applicants must have completed a SAICA-accredited chartered accountancy postgraduate qualification (NQF 8) that provides direct entry into the SAICA. Initial Assessment of Competence (IAC); and must have obtained a weighted average of at least 53% (not rounded to the next integer) in the SAICA-accredited chartered accountancy postgraduate qualification (NQF 8).

Curriculum

EFIN8900	Dissertation or two interrelated, publishable manuscripts/published articles in Accounting
Research credits	180

MASTER OF ACCOUNTING WITH SPECIALISATION IN MANAGEMENT ACCOUNTING

RULE F53

MAcc with specialisation in Management Accounting (Research)

Minimum total credits: 180

Academic plan code: BC686062

Preconditions for admission

- 

Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
- 

The applicant should have obtained a relevant Bachelor of Accounting Honours Degree (or an equivalent qualification at NQF Level 8). Applicants must have completed a SAICA-accredited chartered accountancy postgraduate qualification (NQF 8) that provides direct entry into the SAICA Initial Assessment of Competence (IAC); and must have obtained a weighted average of at least 53% (not rounded to the next integer) in the SAICA-accredited chartered accountancy postgraduate qualification (NQF 8).

Curriculum

EMFM8900	Dissertation or two interrelated, publishable manuscripts/published articles in Management Accounting
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF ACCOUNTING WITH SPECIALISATION IN TAXATION

RULE F54

MAcc with specialisation in Taxation (Research)

Minimum total credits: 180

Academic plan code: BC686063

Preconditions for admission

- 

Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
- 

The applicant should have obtained a relevant Bachelor of Accounting Honours Degree (or an equivalent qualification at NQF Level 8). Applicants must have completed a SAICA-accredited chartered accountancy postgraduate qualification (NQF 8) that provides direct entry into the SAICA Initial Assessment of Competence (IAC); and must have obtained a weighted average of at least 53% (not rounded to the next integer) in the SAICA-accredited chartered accountancy postgraduate qualification (NQF 8).

Curriculum

ETAX8900	Dissertation or two interrelated, publishable manuscripts/published articles in Taxation.
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF ACCOUNTING WITH SPECIALISATION IN AUDITING

RULE F55

MAcc with specialisation in Auditing (Research)

Minimum total credits: 180

Academic plan code: BC686064

Preconditions for admission

- 

Admission to the Master's Degree programme is subject to approval by the Programme Director: Postgraduate Studies and Research.
- 

The applicant should have obtained a relevant Bachelor of Accounting Honours Degree (or an equivalent qualification at NQF Level 8). Applicants must have completed a SAICA-accredited chartered accountancy postgraduate qualification (NQF 8) that provides direct entry into the SAICA Initial Assessment of Competence (IAC); and must have obtained a weighted average of at least 53% (not rounded to the next integer) in the SAICA-accredited chartered accountancy postgraduate qualification (NQF 8).

Curriculum

EACG8900	Dissertation or two interrelated, publishable manuscripts/published articles in Auditing.
Research credits	180

The curriculum includes the student's participation in research methodology workshops, seminars and/or other interventions, as advised by the supervisor(s).

MASTER OF DEVELOPMENT STUDIES

The Centre for Development Support (CDS) presents an interdisciplinary Master of Development Studies Degree Programme with lecturers from different departments and centres at the UFS and several other collaborating universities facilitating module material.

The CDS has completed several rapid assessments identifying a great demand for qualified development managers and development workers in the public, NGO and private sectors in Southern Africa. This training field is relatively untapped, and a niche market exists to deepen the understanding of development issues among participants. The programme definitely meets the expectations and needs of society.

Admission requirements

Over and above the General Academic Rules regarding admission to the UFS and the admission to the Master's Degree, the following admission requirements must be met:

- a. A recognised qualification with 120 credits at NQF Level 8 or equivalent by means of Recognition of Prior Learning (RPL).
- b. A satisfactory academic performance.
- c. Five years of work-related learning experience in the field of development.

Prospective applicants need to complete and submit the following:

- d. MDS application form.
- e. Letters of recommendation.
- f. An essay: Topic: "What do you consider to be the most significant development challenges facing your region?"
- g. Motivation on why you wish to be included in the Master of Development Studies Degree Programme.
- h. Academic record.
- i. Curriculum Vitae.

Candidate selection takes place at the end of the year. Admission requirements apply. An admission committee will assess all applicants' prior learning against a set of outcomes written according to level descriptors at NQF Level 8. The number of students accepted for the programme will depend on the availability of spaces, staff and resources.

STRUCTURED AND RESEARCH STUDY OPTIONS

MASTER OF DEVELOPMENT STUDIES (STRUCTURED)

RULE F56

MDevStud
(Structured)

Minimum total credits: 180
Academic plan code: BC677177

Curriculum

Module name	Module code	Credits
Development, Underdevelopment and Poverty	EDSA7905	20
Applied Development Research	EDSR7905	20
Mini-dissertation	EDSQ7900	100
Electives	Elective (choose 2 of 3)	
Development and Natural Environment	EDSS7905	20
Human Settlement in a Developing Context	EDSU7905	20
Action Learning Project	EDSP7905	20
Structured module credits		80
Research credits		100
Total credits		180

F56.1: To be able to continue with the mini-dissertation in the second year of study, the student must have passed the EDSR7905 (Applied Development Research) module.

• Modules offered in a particular year is determined by the Centre for Development Support. Not all modules may be offered every year. The availability of modules also depends on student enrolment. Students must consult the Programme Director / Head of Department prior to registration each year.

MASTER OF DEVELOPMENT STUDIES (RESEARCH OPTION)

RULE F57

MDevStud
(Structured)

Minimum total credits: 180
Academic plan code: BC687171

For purposes of qualification, students selecting this option must submit a research Master’s dissertation, as well as two interrelated publishable manuscripts on one approved topic and presented in a format suitable for publication as accredited articles.

Curriculum

EMDS8900	Dissertation or two interrelated, publishable manuscripts/ published articles in Development Studies
Research credits	180

DOCTORAL DEGREE
PROGRAMMES

DOCTOR OF PHILOSOPHY

RULE F59

PhD

ADMISSION

Admission to a Doctoral Degree Programme is subject to approval by the particular departmental chair and/or programme director in which the degree is envisaged, based on satisfactory academic performance and the submission of an approved research proposal in conjunction with the prescribed procedures of the particular department.

No mini-dissertations or dissertations of less than 60 credits or with a duration of less than one academic year will be sufficient to be considered for admittance to a PhD. Adherence to the stated requirements will not necessarily guarantee admission to the PhD.

All students registered should, in collaboration with the promoter(s), prepare at least one publishable manuscript in an approved research journal before the thesis is submitted for examination. Students who wish to pursue the interrelated, publishable manuscripts/published articles route should do so in compliance with the General Academic Rules.

DETAILS REGARDING THE PROCESS TO REGISTER AND COMPLETE A DOCTORAL THESIS

EMS16: Students wishing to complete a Doctoral Degree must comply with the following procedures:

EMS16.1: Submit their academic record as part of an application to the relevant department.

EMS16.2: Submit a copy of their Master’s Degree dissertation/mini-dissertation to be used by the relevant department to assess the applicant’s writing skills.

EMS16.3: The relevant department may also require the applicant to write a language proficiency test, or participate in other forms of proficiency assessments, the results of which will be used in the application assessment process.

EMS16.4: Based on the capacity to provide supervision to unregistered students, write and submit an essay (of not more than 5 000 words) under controlled supervision, in which the applicant describes the scope, focus and envisaged field of the study.

EMS16.5: The relevant department will use the documents listed in EMS16.1 to EMS16.4 to decide on the student’s admission to the Doctoral Degree Programme.

EMS16.6: Once admitted, the student must complete a research proposal within 12 months and present their proposal to the relevant department. Therefore, full-time students who register in January (July) must present their research proposal to the relevant department in the following July/August (January/February). Part-time students who register in January (July) must present their research proposal to the relevant department in the following January/February (July/August).

EMS16.7: Once the relevant department approves the research proposal, the student must present it to the Faculty Research and Higher Degree Committee. If approved, the student is allowed to register for the second academic year.

EMS16.8: The Faculty Research Committee may request the student to resubmit the research proposal at its November (May) meeting. Should the proposal not be approved by the Research and Higher Degree Committee, the student will be expected to present the proposal again at any of the committee meetings. If approved at the November (May) meeting, the student is allowed to register for the next academic year.

- A** If the changes required are small, the resubmission is done in writing. The changed written proposal and the EMS Research Proposal Feedback Reporting Template, setting out how the students addressed the issues raised by the Research and Higher Degree Committee, must be submitted at least two weeks before the meeting.
- B** If the changes required are more substantial, the Faculty Research and Higher Degree Committee may require that, along with the resubmission, the student present the proposal again to the committee.

EMS16.9: If the proposal is academically seriously lacking, the Faculty Research and Higher Degree Committee has the authority to reject the proposal outright at the meeting. Outright rejection implies that the student cannot register for the next academic year of the Doctoral Degree Programme and also does not get another opportunity to present the proposal.

EMS16.10: Once the Faculty's Research and Higher Degree Committee approves the proposal, the title of the thesis and the supervisors will be registered. Assessors can be registered later.

EMS16.11: If no research proposal has been approved after the first year of registration, the student cannot continue with the Doctoral Degree Programme. (The Dean, with the recommendation of Heads of Department or the Faculty Research Committee, can use his discretion to allow continuation if sufficient grounds exist for doing so.)

EMS16.12: If the student makes any changes to the title of the thesis after the Faculty Research and Higher Degree Committee accepts the proposal, the relevant Departmental Research Committee and the Faculty's Research and Higher degree Committee must approve these changes. The student need not submit a new research proposal. Such changes should be minor and not substantially change the topic. Should substantial changes be made to the title and content of the thesis (i.e. a change of topic), the student may be required to submit a new proposal and undergo the complete approval process anew.

EMS16.13: In addition to approval of the research proposal at the Faculty Research and Higher Degree Committee, the student may, also be required to obtain ethical clearance at the UFS Ethical Committee.

EMS16.14: A Doctoral Degree can be completed either as a Doctoral thesis or interrelated, publishable manuscripts/published articles written under the guidance of a promoter or a promoter and a co-promoter(s). The requirement with respect to a Doctoral Degree in the form of publishable, interrelated articles is that at least three interrelated, publishable manuscripts/published articles are submitted.

EMS16.15: Students must re-register annually until the completion of the Doctoral Degree.

EMS16.16: The degree must be completed within the period prescribed by the University and the faculty regulations.

SECTION

QWAQWA CAMPUS POSTGRADUATE PROGRAMMES

MASTER'S DEGREE PROGRAMMES

A Master's Degree Programme offers students who are already in possession of an NQF Level 8 exit qualification the opportunity to further their studies in a specialised field of their preference.

A Bachelor's Degree provides a student with a solid general foundation, and a Bachelor Honours Degree Programme offers advanced knowledge in a specific subject or area. Additional postgraduate study for a Master's Degree is an invaluable way of focusing more scientifically on one's field of specialisation. It is also the prerequisite programme for the highest academic qualification, namely a Doctoral Degree.

Except in the case of MPA or MBA programmes, only the Master's Degree that corresponds with the previously obtained Bachelor and Honours Degrees will be conferred. In exceptional cases, only (and only for very well-substantiated reasons) may special permission be granted for a prospective student to be accommodated in a cognate Master's Degree Programme.

Except for programmes such as MPA or MBA, a Master's Degree Programme is obtained in a specific discipline or subject. The Master's Degrees on Qwaqwa campus can be obtained by full dissertation or two publishable manuscripts/ published articles. The Master's Degree Programmes offered are listed below.

PUBLIC SECTOR MANAGEMENT

Programmes will not be offered if, in the sole discretion of the University of the Free State, a sufficient number of enrolments cannot be secured to render the programme sustainable.

Authorised qualification name	Abbreviation	Programme code	Degree code	Academic plan code	SAQA ID
Master of Administration	MAdmin	Q6840	68401	QC684040 (Research)	8507

GENERAL INFORMATION APPLICABLE TO RESEARCH MASTER'S DEGREES

ADMISSION

Permission to follow a Master's Degree Programme in a certain discipline must be obtained from the dean on recommendation from the relevant departmental chair. Admission is further subject to departmental selection Dean. This must be done prior to the student's registration for that particular year. According to the General Academic Rule A20.1(a) a student is required to first inform the relevant academic department before applying online on the UFS system.

Please note: The information below applies to students wishing to complete a Master's dissertation, as well as those wishing to complete a full Master's dissertation with interrelated publishable manuscripts or published articles.

EMS 15: Students wishing to complete a Master's dissertation must comply with the following procedure.

EMS 15.1: Submit an academic record as part of an application to the relevant department and, on the basis of the academic performance, obtain permission from the head of the relevant department to proceed with the process.

EMS 15.2: The relevant department may also require the applicant to write a language proficiency test, which will be used, together with the student's academic record, to gain permission from the department head to proceed with the process.

EMS 15.3: Within three months of the registration, submit a research proposal to the relevant Research Committee evaluating Master's research committee evaluating Master's research proposals and present the proposal to the committee. The three months can be extended by another three months if the student has to resubmit the proposal – see below for more details on resubmission. Note that 3 (+3) months is the maximum time allowed.

EMS 15.4: The Departmental Research Committee should then consider approval of the proposal. Once approval is granted, the student is allowed to continue. If approval is not granted, the student may be given three months to resubmit the proposal. Thus, the research proposal should be finalised and approved within the first six month of registration.

EMS 15.5: The following approval by the Departmental Research Committee, the title, the proposal, the supervisor(s), and assessors must be submitted for approval at the first upcoming meeting of the Faculty's Research and Higher Degree Committee. The internal supervisor should register the title, the supervisor(s) and assessors simultaneously.

EMS 15.6: In addition to approval of the research proposal at the Departmental Research Committee, the student may, also be required to obtain ethical clearance at the relevant University Ethical Committee.

EMS 15.7: A research Master's Degree can be completed either as a research dissertation or two interrelated publishable manuscripts/published articles. In addition to approval of the research proposal at the Faculty Research and Higher Degree Committee, the student is required to obtain ethical clearance at the relevant University Ethical Committee.

EMS 15.8: Students should re-register annually by the end of March until the completion of the Master's Degree.

EMS 15.9: The degree must be completed within the period prescribed by University regulations.

PUBLIC SECTOR MANAGEMENT

MASTER OF ADMINISTRATION

RULE F60

MAdmin

(Research)

Minimum total credits: 180

Academic plan code: QC684040

Information

The MAdmin Degree Programme consists of a single advanced research project, completed either as a research dissertation or two interrelated publishable manuscripts/published articles. All students registered according to the dissertation option should, in collaboration with the study leader/s, prepare at least one publishable manuscript in an approved research journal before submitting the dissertation for examination.

Preconditions for admission

Admission to the programme is subject to approval by the departmental chair. To be admitted to the Master's programme an applicant should have:

- Obtained at least an average of 65% for his/her Honours degree with a major in Public Administration or related field, or a relevant postgraduate diploma with a research component.
- Passed a module in research methodology (or equivalent modules if that student completed his/her studies at another university).
- Passed a proficiency assessment at a level determined by the department.

The proficiency assessment comprises three rounds of selection. The first selection round is based on an assessment of whether an applicant meets the admissions requirements. During the second selection round, applicants who meet these requirements are invited for an online written discipline-specific assessment.. Assessments are developed and assessed by the Department. During the third round, applicants who pass this assessment are invited for a face-to-face and in-person interview at the Bloemfontein Campus of the University of the Free State, with the exception of applicants residing abroad.

Prospective students must apply for admission to the programme before 30 September of each year, prior to registration in the following year. Applications are submitted on the university's website at <https://apply.ufs.ac.za/Application/Start>. The following supporting documents should accompany an application.

- Certified copy of ID/passport
- Curriculum Vitae
- Academic record
- Certified copies of academic qualifications
- Submit a 4000 word draft research proposal, presenting the applicant's basic field of research interest by discussing:
 - Background and reason for the study
 - Literature review
 - Research problem
 - Aim and objectives
 - Research methodology (Approach, data collection method, sampling strategy, which public sector institution or unit of analysis is the target).

NB: Applications with outstanding supporting documents will be regarded as incomplete and will not be considered

DOCTORAL DEGREE PROGRAMMES

DOCTOR OF PHILOSOPHY

RULE F61

PhD

Minimum total credits: 360

SAQA ID: 116979

A Doctoral Degree is intended for people who would like to pursue further studies after completing a relevant Master’s Degree. A Doctoral degree can be granted in this faculty on the grounds of a thesis or a number of interrelated, publishable manuscripts/published articles in one of the following disciplines.

Doctor of Philosophy with specialisation in Industrial Psychology PhD with specialisation in Industrial Psychology			
Programme code	Degree code	Academic Plan code	Module code
Q6900	69001	QC690031	ETIP9100

Doctor of Philosophy with specialisation in Economics PhD with specialisation in Economics			
Programme code	Degree code	Academic Plan code	Module code
Q6900	69001	QC690020	EEDE9100

Doctor of Philosophy with specialisation in Public Administration and Management PhD with specialisation in Public Administration and Management			
Programme code	Degree code	Academic Plan code	Module code
Q6900	69001	QC690040	EPAM9100

ADMISSION

Admission to a Doctoral Degree Programme is subject to approval by the particular departmental chair and/or programme director in which the degree is envisaged, based on satisfactory academic performance and the submission of an approved research proposal in conjunction with the prescribed procedures of the particular department.

No mini-dissertations or dissertations of less than 60 credits or with a duration of less than one academic year will be sufficient to be considered for admittance to a PhD. Adherence to the stated requirements will not necessarily guarantee admission to the PhD.

All students registered should, in collaboration with the promoter(s), prepare at least one publishable manuscript in an approved research journal before the thesis is submitted for examination. Students who wish to pursue the interrelated, publishable manuscripts/published articles route should do so in compliance with the General Academic Rules.

DETAILS REGARDING THE PROCESS TO REGISTER AND COMPLETE A DOCTORAL THESIS

EMS16: Students wishing to complete a Doctoral Degree must comply with the following procedures:

- EMS16.1: Submit their academic record as part of an application to the relevant department.
- EMS16.2: Submit a copy of their Master’s Degree dissertation/mini-dissertation to be used by the relevant department to assess the applicant’s writing skills.
- EMS16.3: The relevant department may also require the applicant to write a language proficiency test, or participate in other forms of proficiency assessments, the results of which will be used in the application assessment process.
- EMS16.4: Based on the capacity to provide supervision to unregistered students, write and submit an essay (of not more than 5 000 words) under controlled supervision, in which the applicant describes the scope, focus and envisaged field of the study.

- EMS16.5: The relevant department will use the documents listed in EMS16.1 to EMS16.4 to decide on the student’s admission to the Doctoral Degree Programme.
- EMS16.6: Once admitted, the student must complete a research proposal within 12 months and present their proposal to the revelant department. Therefore, full-time students who register in January (July) must present their research proposal to the relevant department in the following July/August (January/February). Part-time students who register in January (July) must present their research proposal to the relevant department in the following January/February (July/August).
- EMS16.7: Once the relevant department approves the research proposal, the student must present it to the Faculty Research and Higher Degree Committee. If approved, the student is allowed to register for the second academic year.
- EMS16.8: The Faculty Research Committee may request the student to resubmit the research proposal at its November (May) meeting. Should the proposal not be approved by the Research and Higher Degree Committee, the student will be expected to present the proposal again at any of the committee meetings. If approved at the November (May) meeting, the student is allowed to register for the next academic year.
- A

If the changes required are small, the resubmission is done in writing. The changed written proposal and the EMS Research Proposal Feedback Reporting Template, setting out how the students addressed the issues raised by the Research and Higher Degree Committee, must be submitted at least two weeks before the meeting.
- B

If the changes required are more substantial, the Faculty Research and Higher Degree Committee may require that, along with the resubmission, the student present the proposal again to the committee.
- EMS16.9: If the proposal is academically seriously lacking, the Faculty Research and Higher Degree Committee has the authority to reject the proposal outright at the meeting. Outright rejection implies that the student cannot register for the next academic year of the Doctoral Degree Programme and also does not get another opportunity to present the proposal.
- EMS16.10: Once the Faculty’s Research and Higher Degree Committee approves the proposal, the title of the thesis and the supervisors will be registered. Assessors can be registered later.
- EMS16.11: If no research proposal has been approved after the first year of registration, the student cannot continue with the Doctoral Degree Programme. (The Dean, with the recommendation of Heads of Department or the Faculty Research Committee, can use his discretion to allow continuation if sufficient grounds exist for doing so.)
- EMS16.12: If the student makes any changes to the title of the thesis after the Faculty Research and Higher Degree Committee accepts the proposal, the relevant Departmental Research Committee and the Faculty’s Research and Higher degree Committee must approve these changes. The student need not submit a new research proposal. Such changes should be minor and not substantially change the topic. Should substantial changes be made to the title and content of the thesis (i.e. a change of topic), the student may be required to submit a new proposal and undergo the complete approval process anew.
- EMS16.13: In addition to approval of the research proposal at the Faculty Research and Higher Degree Committee, the student may, also be required to obtain ethical clearance at the UFS Ethical Committee.
- EMS16.14: A Doctoral Degree can be completed either as a Doctoral thesis or interrelated, publishable manuscripts/ published articles written under the guidance of a promoter or a promoter and a co-promoter(s). The requirement with respect to a Doctoral Degree in the form of publishable, interrelated articles is that at least three interrelated, publishable manuscripts/published articles are submitted.
- EMS16.15: Students must re-register annually until the completion of the Doctoral Degree.
- EMS16.16: The degree must be completed within the period prescribed by the University and the faculty regulations.
