EDUCATION

TABLE OF CONTENT

COMPOSITION AND ORGANISATION OF THE FACULTY RULEBOOK

The Faculty of Education is serious about maintaining academic standards, protecting the professional identity and its administrative, support, and academic staff, and guiding students to ethical conduct. Upon registering for a study career in Education, students thus commit themselves to be conversant with the faculty's rules and comply with the faculty's rule book.

The purpose of this faculty-specific Rulebook is to guide students to plan their study careers purposefully. It provides information on the different qualifications offered by the Faculty of Education, the composition of learning programmes, faculty structures where students can go for support. Students' rights and obligations are spelled out with a specific focus on the Faculty of Education rules.

THE FACULTY RULEBOOK IS ORGANISED INTO SECTIONS:

INTRODUCTION

Vision and mission statements, contact details of the faculty's management, directorates, administrative/support staff.

GENERAL FACULTY REGULATIONS

UFS General Rules complementing faculty-specific requirements and definitions of key terms.

ADMISSION, REGISTRATION, AND ACADEMIC RULES

Principles underpinning the design of programmes leading to teacher education qualifications, higher education qualification types, teaching specialisations, examples of qualification paths in teacher education, information on the admission point calculation, specific information on the curriculum composition of various programmes.

PROGRAMME STRUCTURES

Curricula of qualifications offered in the Faculty of Education.

FACULTY CODE OF CONDUCT

UFS General Rules complementing faculty-specific code of conduct.

FACULTY CODE OF CONDUCT..... 123

Vision of the University of the Free State

A research-led, student-centred, and regionally engaged university that contributes to development and social justice through the production of globally competitive graduates and knowledge.

Vision of the Faculty of Education

To be a faculty that affirms the dignity of the students, its staff, and the community with which it engages and draws on their diversity as a source of strength. To be recognised nationally and internationally for its scholarship and its contextualised understanding of education. To visibly contribute to the social transformation of the broader society.

Mission of the Faculty of Education

The faculty will:

- Promote scholarship that deepens the understanding of education in its local, national, and international context
- Engage in developing pre-service and in-service teachers characterised by firm theoretical grounding, relevant skills, and commitment to serve the community.
- Develop its capacity by strengthening the links between its teaching, research, and community engagement.
- Enable access in ways to overcome the barriers posted by social inequality.

Excellence:

We are committed to pursuing excellence in every aspect of university life. We look at excellence as an idea that is more than a benchmark, more than a goal, more than a distant destination. In the context of the Academic Project, excellence is the foundation of rigour in our scholarship, including the advancement, imparting, and the application of knowledge. It informs our learning and teaching, wider engagement, as well as our management and governance processes.

Innovation and impact:

The University's ultimate goal is to be a University that impactfully supports societal development. We value and encourage creativity and strive to identify, question, and challenge the status quo. Our knowledge will continue to contribute to the development of the Free State, South Africa, and the African continent and to advance global knowledge and understanding.

Accountability:

We recognise our obligation towards our students, staff, stakeholders, society in general, and the global knowledge community. To this end, we will be stewards of good governance who are accountable, responsible, and dutiful in our actions. We will be conscientious in our utilisation of the financial and physical resources of the University as well as concerning our impact on the wider environment.

Care:

We are committed to creating circumstances that are not only conducive to high quality teaching, learning, and scholarship, but doing this in ways that emphasise the well-being and happiness of the University community. We are therefore committed to caring for ourselves, our fellow humans, and the natural environment. We seek a new citizenship and new ways of belonging to the UFS that are premised on respect, inclusivity, listening, and empathy.

Social Justice:

In the pursuit of social justice, we seek to advance the values of human dignity through ethical and transparent institutional responsiveness. We interpret social justice within the South African historical context to entail an emphasis on inclusiveness, the reduction of inequality, and the creation of opportunities and pathways out of poverty and dispossession. Our commitment to social justice is our call to everyone to build on the productive foundations laid by all, and to build new structures in the pursuit of truths and practices that will grant human dignity to everybody.

Sustainability:

We commit to ethical and responsible stewardship of all institutional resources, processes, and practices to ensure operational, financial, environmental, and societal sustainability. Further, we aspire to live in harmony with our environment, and this will influence all our choices and decisions.

GENERAL FACULTY REGULATIONS

The Rulebook should be read in tandem with the UFS General Rules and Regulations for Undergraduate Qualifications, Postgraduate Diplomas, Bachelor Honours Degree, Master's Degree, Doctoral Degrees, Higher Doctorates, Honorary Degrees, and the Convocation, 2024 (hereafter called the UFS General Rules).

These include:

- UFS General Academic Rules
- UFS Disciplinary Code and Procedure
- UFS Assessment Policy

Full details can be accessed at:

www.ufs.ac.za/about-the-ufs/governance/policy-documents

DEFINITION OF KEY TERMS

TERM	DESCRIPTION
EDUCATOR	Person who educates other people or who provides professional educational services or support to schools catering for Grade R to Grade 12 learners
TEACHER	A school-based educator whose core responsibility is that of classroom teaching at a school. (See Appendix A for the seven different roles of teachers in a school and required beginner teacher competences)
QUALIFICATION	The formal recognition and certification of learning achievement awarded by an accredited institution such as the UFS. A qualification certifies that a planned and systematic programme of learning was followed and successfully completed through formal or informal learning and experience
NOTIONAL HOURS	The volume of learning required for a particular qualification. This volume of learning is expressed in terms of notional hours, which in turn specified in terms of a few credits. One credit equals 10 notional hours which may include class attendance, tutorials, self-study, tests, and examinations
CREDIT LOAD	Total number of credits required to complete a qualification or part of a qualifications (e.g., number of credits required at the end of a particular year to be admitted to the next year level). Different learning programmes leading to a qualification in education have unique features and therefore different credit loads
LEARNING PROGRAMME	A combination of compulsory, elective and required development modules. Students in a particular learning programme enrol for all the compulsory modules, they select elective modules in which they wish to specialise according to their field of interest, and they follow required development modules if they do not meet certain admission requirements.
MODULE	Undergraduate modules are offered as either semester or year modules. The credit value of a module indicates how many notional hours are required to complete a particular module successfully
MODULE CODES	Module codes carry information regarding the subject field or discipline. (See Appendix B for the meaning of the different characters that make up a module code)
NQF LEVEL DESCRIPTORS	Level descriptors indicate the kind of learning students must demonstrate to complete a particular qualification
EXIT-LEVEL COMPETENCIES	The purpose of qualifications pitched at the different NQF levels determines the level at which a student should be competent once they have completed a particular qualification. (See Appendix C for exit-level competences/purpose descriptors of learning programmes)

ADMISSION REGISTRATION ACADEMIC RULES

TEACHING SPECIALISATIONS AND QUALIFICATION PATHS IN TEACHER EDUCATION

- Most teachers will begin their careers as phase and/or subject specialists and will usually work in a classroom at a school.
- At some future point thereafter, some teachers may wish to deepen or extend their competence in their chosen specialisations, or else develop an additional role or practice to support teaching and learning in a school. These teachers may continue to work in classrooms, or they may work elsewhere in a school, such as in a library, in a school office as a coordinator of a school-based support, in a specialised teaching centre or as a subject advisor supporting teachers in their district.
- Some teachers may prefer to follow a completely different teaching and learning direction by developing a new specialisation in a phase or subject, and they are likely to continue working in a classroom.
- Some teachers may choose to embark on careers in either management and leadership or in educational planning, research and/or policy development, where they may be employed in a specific post in a school, for example as a principal or deputy principal, or else work in a district, provincial or national office as a human resource development officer, researcher, planner, policy developer or as a data or systems manager.
- Some teachers may choose to move out of the schooling context into other educational settings, for example, to become lecturers at Technical and Vocational Education and Training Colleges (TVET) or Community Education and Training Colleges (CETC) or teacher educators at universities.
- These different directions require specialised and progressive qualification paths. See below for examples of such qualification paths.

HIGHER EDUCATION QUALIFICATION TYPES

For a teacher education career there are 11 different qualification types, organised into three categories pitched at different NQF levels to choose from:

QUALIFICATIONS FOR INITIAL TEACHER EDUCATION *	NQF LEVEL	QUALIFICATIONS FOR THE CONTINUING PROFESSIONAL ACADEMIC DEVELOPMENT OF TEACHERS	NQF LEVEL	QUALIFICATION FOR GRADE R TEACHING	NQF LEVEL
Bachelor of Education Degree	7	Advanced Certificate	6	Diploma in Grade R Teaching** Undergraduate qualification	6
Postgraduate Certificate in Education	7	Advanced Diploma**	7		
		Postgraduate Diploma	8		
		Bachelor of Education Honours Degree	8		
		Master of Education Degree (Research) Master's Degree (Coursework) **	9		
		Doctoral Degree/Doctoral Degree (Coursework)**	10		
		** This qualification is currently not offered in the Faculty of Education at the UFS			

The primary purpose of Initial Teacher Education qualifications is to certify that the holder of the qualification has specialised as a beginner teacher. Specialisation can be linked to a phase (e.g., Foundation Phase, Intermediate Phase, Senior Phase and Further Education and Training) pitched at different NQF levels to choose from.

QUALIFICATIONS FOR HIGHER EDUCATION STUDIES	NQF LEVEL
Postgraduate Diploma	8
Master of Arts Degree	9
Doctoral Degree	10

ADMISSION TO BACHELOR OF EDUCATION (BED)

PURPOSE OF A BACHELOR OF EDUCATION

The BEd programme is specifically designed to prepare students for teaching in the South African schooling system and beyond. The purpose of the BEd degree is to provide a well-rounded education that will shape graduates with an integrated knowledge base enabling them to demonstrate applied competence, commitment and responsibility as academically and professionally qualified beginner teacher. Principles and theory are emphasised as a basis for entry into a professional teaching career. The degree requires a specific depth of, and specialisation in knowledge, together with practical skills and workplace experience, to enable successful students to enter teaching and apply their learning as beginner teachers in schools in varying contexts. The following aims will assist in exploring and fulfilling the purpose of the BEd degree:

- Provision of subject/discipline knowledge
- Provision of pedagogical content knowledge
- Fostering a self-reflectivity and self-understanding to enable commitment to the highest level of professional work ethics
- Development of students as active citizens who will respond to and initiate change
- Development of competences to organise learning among a diverse range of learners in diverse contexts

ADMISSION POINTS FOR UNDERGRADUATE DEGREES

Admission for undergraduate degrees is based on the AP score. See the box below for calculations of the AP score. For four-year degrees, a minimum AP of 30 is required.

The following designated subjects are considered for calculating the admission point for both degree and occasional study: Business Studies, Drama Arts, Economics, Physical Sciences, Geography, History, Engineering Graphics and Design, Information Technology, Agricultural Sciences, Life Sciences, Music, Accounting, Religious Studies, three Languages (of which one must be the language of instruction at the UFS – Sesotho, Afrikaans (Bfn only), English and IsiZulu (Qwaqwa only)), Consumer Studies, Visual Arts, Mathematics/mathematical Literacy.

UFS ADMISSION POINT			
UFS ADMISSION POINT (AP)	NATIONAL SENIOR CERTIFICATE/NA-TIONAL CERTIFICATE (VOCATIONAL)– PERFORMANCE LEVEL	NATIONAL SENIOR CERTIFICATE/NATIONAL CERTIFICATE (VOCA-TIONAL)– PERFORMANCE LEVEL	CERTIFICATE (VOCATIONAL)– PERFORMANCE LEVEL UFS ADMISSION POINT (AP)
8	7 (90–100%)	4 (50–59%)	4
7	7 (80–89%)	3 (40–49%)	3
6	6 (70–79%)	2 (30–39%)	2
5	5 (60–69%)	Life Orientation at an attainment level of 5 or higher, except in respect of certificate programmes that require an attainment level of 3 or higher	1

EDUCATION REQUIREMENTS FOR CURRICULUM MIX FOR SENIOR AND FET PHASE

- Students specialising in the BEd Senior Phase and Further Education and Training Phase must choose elective modules according to their specialisations meeting the following requirements:
- To follow a particular education subject in the Senior Phase, a student must have passed the related subject at first-year level (32 credits at NQF level 5-6).
- To follow a particular education subject in the Further Education and Training Phase, a student must have passed the related subject at second-year level (64 credits at NQF level 6-7).
- While the minimum compulsory credits for the BEd Senior and FET phase are set at 512, in some plan codes the credits amount to 520 or 524 due to the variation in credit count of content modules in the sister faculties.
- The curriculum requires a minimum of two content subjects but three didactics subjects. Thus, students select three didactics from the content subjects they have completed and may augment with the learning support modules (currently LSPT3605 and LSPT4705).
- According to MRTEQ (2015), at least one language of learning and teaching must be offered between ALLT3504 and ELLT2504. Some plan codes of the B Ed senior and FET curriculum at the UFS allocates credits to both modules. The new module Entrepreneurship in Education (ENED3514) is currently offered as alternative option for a second language of learning and teaching.

The following curriculum options exist:

- Two content subjects must be completed at second-year level. The subject didactics modules for one of these will be taken at both senior and FET levels and the other subject didactic will be either on senior or FET level. Refer to individual plans for more information.
- Two content subjects at first-year level and one content subject at second-year level.

ARTICULATION WITH OTHER QUALIFICATIONS AND PROGRAMMES

The BEd (Foundation Phase Teaching), BEd (Intermediate Phase Teaching) and the BEd (Senior Phase and Further Education and Training Phase Teaching) are NQF exit level 7 qualifications. Students in these programmes must enrol respectively for 96 credits (FP), 96 credits (IP) and 88 credits (SP &FET) in Education Studies, of which the last four 16-credit modules are on NQF level 7. All the exit-level Subject Education modules (20 credits each) are also on NQF level 7, providing students with the means to articulate vertically to postgraduate studies in Education by applying for enrolment for a BEd Hons or a PGDip qualification (both at NQF level 8) at any higher education institution that offers these qualifications. These qualifications also provide the means to articulate horizontally to an Advanced Diploma in Education (e.g., in leadership) or downwards to an Advanced Certificate in Teaching (e.g., in Foundation Phase) on NQF level 6.

DURATION OF STUDY

The UFS General Rules and Regulations, including regulations in respect of the residential period are applicable to this qualification.

- The Bachelor of Education degree (mainstream programme) may be completed within a minimum period of four years full-time study.
- All qualifications must be completed in the maximum residential period, as stipulated in the UFS General Rules (n+2).

MINIMUM REQUIREMENTS FOR PROGRESSION IN THE BED DEGREE

The UFS progression rules apply in both the mainstream and extended programmes. All progression rules comply with the UFS General Academic Rules:

- www.ufs.ac.za/about-the-ufs/governance/policy-documents

A further specific curriculum progression requirement in the Faculty of Education is that students must have passed all first- and second-year modules before the third academic year can be registered.

The reason for this is the requirement of fundamental and theoretical knowledge attained in the first and second year of study before it can be applied in actual teaching in the classroom during the practical teaching component in year three and year four.

In practice, this means that WIL*3606 must be taken in sync with the third-year didactics and WIL*4700 in sync with the fourth-year didactics. Further to this, the requirement of teaching practice means that a student will be occupied at a teaching school for an extended period of time during which the normal on-campus attendance of classes may be jeopardised. A student is therefore, not permitted to register WIL*3606 and WIL*4700 concurrently in the same academic year.

ADDITIONAL REQUIREMENTS AND RULES

LABORATORY LECTURES

All students who are registered for modules with a laboratory component must attend all laboratory lectures and periods presented in the faculty of Natural and Agricultural Sciences, and Education.

A demonstration, process, skill, etc. is presented in each laboratory period or session and cannot be repeated due to the content load of the subject. During these laboratory periods, marks are allocated for attendance, acquisition of skills, application of processes, skills techniques, etc. The above-mentioned marks thus obtained form an integral part of the continuous evaluation of each student’s module mark.

MODULES IN SERVICE FACULTIES

Students who enrol for modules in service faculties are expected to familiarise and fulfil all the requirements of the modules as required.

TEACHING PRACTICE DURATION

Students will spend a minimum of 23 weeks of supervised and assessed work-integrated learning (WIL) at schools.

1. THE ROLE OF TEACHING PRACTICE IN THE INITIAL TEACHER EDUCATION (ITE) PROGRAMMES

Teaching Practice is an integral part of the faculty’s ITE programmes as it:

- Provides the platform for student teachers to interact with the various school context in the broader school community in South Africa
- Facilitates the structuring of a learning community in which student teachers, practising teachers and lecturers can learn from one another and interdependently enhance their professional development.
- Provides student teachers with the opportunity to develop and to demonstrate their applied competence and readiness to enter the teaching profession.
- Encourages student teachers to innovate and reflect on their practice within a supportive environment as part of their professional development process.
- Places student teachers in schools (which are important sites of learning) to teach and progress through the cycle of learning by understanding themselves in context; fulfilling the roles of deliverer, adaptor, creator, and becoming an agent of change.

2. TEACHING PRACTICE ACTIVITIES

Student teachers are provided with a range of experiences, which include visits to a variety of schools within the diverse school context in South Africa. These activities aim to provide student teachers with an increasing involvement in schools over the four years of their education. The main component of teaching practice consists of sustained periods of block teaching practice in the last three years of the BEd programme. Student teachers move from assisting a teacher in the classroom and working with individuals or small groups of learners, to eventually teaching a whole class.

3. VISITS

Visits are made to various types of schools to broaden student teachers' understanding of the rich diversity of learning opportunities. These visits give student teachers a chance to talk to learners individually and in small groups, as well as to observe lessons.

4. SCHOOL PLACEMENTS

School placements that form part of communities of practice at the beginning of the second and third years of the BEd programmes, give student teachers the opportunity to be involved in the day-to-day life of a school as interactive student teachers are expected to help the teachers in class by taking up the supervision of some groups of learners, tutoring and assisting in extracurricular activities. Students are also expected to engage with learners and staff about the learning experiences offered by the school, both in the classroom and outside, to be as fully involved in the life of school as possible.

5. TEACHING PRACTICE IN BLOCKS

Teaching practice in blocks of 2-12 consecutive weeks provide student teachers with opportunities to teach and to be engaged in the life and workings of the school. Student teachers will be placed with mentor teachers in the teaching practice blocks of the BEd programme (2nd, 3rd and 4th years). The block practice is made up of two components, namely teaching and involvement in extracurricular activities such as sport and cultural activities. The student teacher's involvement in both activities will provide the basis for the assessment of the demonstration of the student's applied competence.

ASSESSMENT

Students obtain a pass mark by means of various forms of continuous assessment, according to the stipulations of the faculty. Students must submit evidence of successful participation in the relevant activities, no later than the commencement of the main examination opportunity.

LANGUAGE ENDORSEMENTS

FOUNDATION PHASE AND INTERMEDIATE PHASE

All students have to offer two languages of instruction. Home Language Teaching must be offered in one or two of English, Afrikaans, Sesotho, and/or isiZulu. If there is only one Home Language teaching specialisation, then the second language of learning and teaching will be on the First Additional Language level in English, Afrikaans, Sesotho or isiZulu. The endorsements of Language of Learning and Teaching (LoLT) in the specific languages will be printed on the degree certificate.

To obtain these endorsements, students must pass the Language Teaching modules in the final year and obtain 60% in oral presentations of all four subject teaching modules in the LoLT. The oral presentation is part of the continuous assessment activities of a teaching module.

SENIOR AND FURTHER EDUCATION AND TRAINING PHASES

All students have to offer one module (16 credits) in at least one language of learning and teaching. At present these modules are ELLT2504 (compulsory for all students in this qualification) and ALLT3504. Due to the changing profile of our student teacher cohort, the option to substitute the second language of learning and teaching with another 16-credit school-related module has become a necessity. For this purpose, the ENED3514 module (Entrepreneurship in Education) was developed as an option on both Qwaqwa and Bloemfontein campuses in the applicable plans.

Students who pass English as an elective subject at the 200 level (64 credits in total) are exempted from the ELLT module; similarly, those who have passed Afrikaans at the second-year level are exempted from the ALLT module. Visit the programme director to request the exemption.

The endorsement(s) of Language of Learning and Teaching (LoLT) in the specific language(s) will be printed on the degree certificate. To obtain these endorsements, students must pass the ELLT (Language of learning and teaching) module with 60%.

CONVERSATIONAL LANGUAGE REQUIREMENT

Students in the Foundation, Intermediate, Senior and FET phases as well as PGCE programmes are required to offer one language of conversational competence from their choice of Afrikaans, Sesotho, Sign Language, and isiZulu. NB! Eligibility to register for these modules excludes students who offered these languages at either home or additional language level in grade 12. The conversational language modules are presented in year 3 of the curriculum (or year 4 in the extended curriculum programme).

ASSESSMENT AND CALCULATION OF MARKS

The UFS General Rules and Regulations in respect of assessment and examination are applicable to this degree study:

■ www.ufs.ac.za/about-the-ufs/governance/policy-documents

MODULE ASSESSMENT

Module assessment implies the assessment of knowledge, skills, and attitudes by means of continuous assessment (module mark) as well as a final assessment (exam mark).

There will be a maximum of three formative assessment opportunities per 12/16 credit module. However, a fourth assessment opportunity may be scheduled as a special opportunity for students who, for valid reasons, could not participate in one of the first three assessments. The special assessment opportunity will cover all the work of the module, and it will be conducted at the end of the term/semester.

Additional, continuous assessment opportunities as set out in the study guide (counting to a maximum of 50% of the module mark) may take place during contact sessions. A student will forfeit the mark in the case of absence from such assessment opportunities.

A lecturer has the right not to accept late assignments. If accepted, marks will be deducted for each day the submission is late.

MINIMUM MODULE MARK – SPECIAL ASSESSMENT OPPORTUNITY

Students must note that, in terms of the UFS General Rules and Regulations, a minimum module mark of 40% must be obtained to be eligible to write the special examination. In the case of continuous assessment, the subminimum semester mark to qualify for a special assessment opportunity is 45%. This arrangement only pertains to students who have one module outstanding to complete the degree.

INCOMPLETE MODULE

A module will be regarded as incomplete if a student did not participate in 75% of scheduled assessment activities. In the case of Teaching Practice modules (TPR* 1502, TPR* 2502, WIL* 3606 and WIL* 4700), 100% participation is required.

“Incomplete” implies that the student will not be allowed to participate in the scheduled examination opportunities and the student thus fails the module.

CALCULATION OF FINAL MARK

The main summative assessments are compulsory, subject to individual module weightings.

DURATION OF PAPERS

Assessment during the scheduled University examinations will usually take the form of a two-hour paper for a 12- or 16-credit module. Modules exceeding these credits qualify for a three-hour paper.

EXAMINATION IRREGULARITIES

The UFS General Rules and Regulations about examination irregularities, as well as relevant UFS policies, are applicable to all qualifications offered in the Faculty of Education.

AWARDING OF QUALIFICATION

The qualification will be awarded when all modules have been completed successfully. Any module outstanding must be repeated or taken under the conditions as stipulated below. Module marks are not transferable from one year to another.

QUALIFICATION WITH DISTINCTION

The UFS General Rules and Regulations in respect of a qualification with distinction are applicable to the BEd degree.

EQUIVALENT MODULE CODES

The table below describes equivalent modules presented in various degree programmes. Thus, a student who changes programmes may be credited for the corresponding module already offered and passed:

PEDAGOGICAL PRINCIPLES	PEDF	GPED	GPEV
TEACHING PRACTICE	TPRF	TPRI	TPRV
WORK-INTEGRATED LEARNING	WILF	WILI	WILV

UNDERSTANDING THE MODULE CODE

The UFS uses an alphanumeric denotation to represent the DNA of each module, making it easy to know several things about the module just by analysing the module code.

The first four alphabetic digits speak to the name of the module; the numeric digits identify the year level, NQF level, semester of presentation and the number of credits for every module.

The first numerical digit identifies the year level; the second one the NQF level; the third one differentiates between first (uneven numbers), second semester (even numbers) or year (0) modules, and the fourth digit is multiplied by four to indicate the number of credits.

E-MAIL COMMUNICATION BETWEEN THE FACULTY AND REGISTERED STUDENTS

In line with the affordances of the POPI Act, the Faculty of Education will communicate with registered students ONLY via the @ufs4life email address. This also means that queries from registered students will only be attended to via the student email address.

ADMISSION TO POSTGRADUATE CERTIFICATE IN EDUCATION (PGCE)

The Postgraduate Certificate in Education (PGCE) qualification offers entry-level initial professional preparation for undergraduate degree or diploma holders who wish to develop focused knowledge and skills as classroom teachers in a chosen phase(s) and/or subject(s). The qualification requires a specific depth and specialisation of knowledge, together with practical skills and workplace experience to enable successful students to apply their learning as beginner teachers in schools in varying contexts.

Two programme options exist: the PGCE in FET, where a holder will be qualified to teach two content subjects up to the further education and training phase, and the PGCE in senior and FET, where a holder will be competent to teach one subject up to senior phase and one subject up to FET phase.

CAREER OPPORTUNITIES

The PGCE programme is appropriate for teaching in secondary schools.

PGCE ADMISSION REQUIREMENTS

Admission to the PGCE (Senior Phase and Further Education and Training, or Further Education and Training Phase) is subject to the UFS General Rules and Regulations (2024). The following minimum requirements apply:

An approved bachelor’s degree that exits at NQF level 7, or equivalent. This Bachelor’s Degree must include at least 24 credits on NQF level 6 in (an) appropriate discipline(s) to specialise in at least one FET school subject and one Senior Phase subject. **OR** An appropriate 360-credit NQF level 6 Diploma, or equivalent qualification. This diploma must include at least 24 credits on NQF level 6 in (an) appropriate discipline(s) to specialise in at least one FET school subject and one Senior Phase subject.

- Introductory or special courses are not regarded as sufficient in-depth study on which to base a teaching method. A completed full first year academic degree course stretching over two semesters can be regarded as compliant with NQF level 6 study, for example Chemistry I. A completed full second year academic degree course stretching over two semesters can be regarded as compliant with study at NQF level 7, for example Chemistry II. However, there is not necessarily a one-to-one correspondence between university academic year levels and NQF levels.
- Admission to the PGCE will not be granted unless the subject matter requirements have been satisfied prior to registration.

ADDITIONAL REQUIREMENTS FOR SPECIALISATION IN A PARTICULAR SUBJECT DOMAIN

- **LIFE SCIENCES TEACHING:** a student must have passed Biology at first year level and one of the following at third year level: Zoology or Botany or Microbiology or Biochemistry e.g., Biology I (NQF6) and Zoology III (NQF7).
- **PHYSICAL SCIENCES TEACHING:** a student must have passed both Physics and Chemistry, at least one of which should have been passed at third year level, and the other at least at first year level, e.g. Physics III (NQF7) and Chemistry I (NQF6).
- **MATHEMATICS TEACHING IN FET PHASE:** a student must have passed Mathematics at third year level (NQF7).
- **HISTORY, ACCOUNTING, BUSINESS STUDIES, ECONOMICS OR GEOGRAPHY TEACHING:** a student must have this subject at NQF level 7 (i.e. second- or third year).

STREAMS	MODULE COMBINATIONS
EMS	Accounting and Business Studies OR Accounting and Economics
Maths, Sciences and Technology	Mathematics and Physical Sciences OR Natural Sciences and Agriculture OR Mathematics and Life Sciences OR Physical Sciences and Life Sciences OR Natural Sciences and Physical Sciences

Human and Social Sciences	Geography and History OR History with a language OR Geography with a language
Languages	English and Afrikaans (Bfn only) OR Sesotho and English OR English FAL and IsiZulu Home Language (QQ)
Arts Education	Dramatic Arts and a language (Bfn only)

LANGUAGE ENDORSEMENT

PGCE certificates will be endorsed to indicate the holder’s level of competence in specific languages, namely, Language of Learning and Teaching (LoLT), e.g. (English/Afrikaans), and language of conversational competence (LoCC), e.g. (Afrikaans/ IsiZulu/Sesotho/ Sign Language).

DURATION OF STUDY

The UFS General Rules and Regulations in respect of the residential period are applicable to this qualification:

- The Postgraduate Certificate in Education may be completed within a minimum period of one-year full-time study.
- All qualifications must be completed in the maximum residential period, as stipulated in the UFS General Rules and Regulations (i.e., minimum period allowed for a particular qualification, plus an additional two years, with the second period following immediately after the first).

ASSESSMENT

PGCE students need to demonstrate applied competence. This means that they must put achieved learning outcomes into practice in this context that is relevant to real life.

- Traditional forms of assessment such as tests and examinations, focusing primarily on foundational competence (i.e., testing the same restricted range of knowledge and intellectual skills), will thus be balanced by assessments requiring students to perform tasks in authentic or simulated real world, operational (i.e., practical competence) and reflexive contexts, to demonstrate learner autonomy.
- Students may be assessed by a combination of the following methods: tests, projects, research projects, poster presentations, group assessments, role play, case studies, reflective journal writing and portfolios. The type of assessment activity employed in the different modules will depend on the unique nature of each module.

AWARDING OF A QUALIFICATION

The qualification will be awarded when all the minimum required compulsory and elective credits comprising the curriculum have been successfully completed.

WORK-INTEGRATED LEARNING (WIL)

School-based work-integrated learning (WIL), including supervised and assessed teaching practice, is an important part of the PGCE programme. Students will spend 12 – 14 weeks of supervised and assessed WIL at two different schools. The school-based teaching practice will be scheduled over a period of 1 year (full-time).

During the first WIL visit, the focus will be on the student teacher’s roles of observer – with emphasis on learning from practice via observation. During the subsequent WIL visits, the focus will be on the student teacher’s roles of adapter and creator/agent of change – with the emphasis on service learning and learning through practice. Assessments will be covered in this period.

Skills such as observation, reflection and presentation will also be developed in weekly micro-lesson situations on campus.

ADMISSION TO POSTGRADUATE DIPLOMA IN HIGHER EDUCATION (PGDIP HES)

PURPOSE

A Postgraduate Diploma strengthens and deepens an educator’s knowledge in a particular field of higher education. The primary purpose of the Postgraduate Diploma is to enable working professional educators to involve themselves in advanced reflection and development by employing a systematic survey of current thinking, practice, and research methods in the field of higher education.

ADMISSION REQUIREMENTS

To be admitted to this diploma, a student must be in possession of a relevant qualification on NQF level 7, and current experience in teaching and learning environment within higher education, according to HEQSF definitions:

- An approved and recognised four-year BEd, or
- A three-year general bachelor’s degree capped by a PGCE (or equivalent) / 120 credit level 7 Diploma in Education in a cognate specification, or
- A preceding cognate qualification(s) that meet NQF exit level 7 outcomes, or
- A preceding qualification(s) that is exceptional cases is approved by assessment of prior learning, provided they meet level NFQ exit level outcomes.
- A selection process is applicable for admission to the PGDip programme (minimum of 60% average in preceding Degree OR 64% in a preceding Advanced Diploma).
- Experience in the Higher Education environment will be required for the PGDip in Higher Education.

ADDITIONAL REQUIREMENTS FOR ADMISSION

Students must be digitally literate.

This qualification will only be offered if, in the discretion of the faculty, enough enrolments can be secured to render the programme sustainable. Sustainability will depend on the student numbers, availability of staff and resources.

ASSESSMENT

Continuous assessment activities of knowledge, skills and attitudes will take place, implying that no formal examinations will be written.

The final mark of the module will be calculated according to the weights assigned to the various assessment activities over the period of presentation of the module.

A mark of 50% is required to pass a module and no reassessment of a module will be granted.

To pass a module with distinction, a final mark of at least 75% must be obtained.

DURATION OF STUDY

The UFS General Rules and Regulations in respect to the residential period are applicable to this qualification:

- The Postgraduate Diploma may be completed within a minimum period of two years’ part-time study
- All qualifications must be completed in the maximum residential period, as stipulated in the UFS General Rules and Regulations.

ADMISSION TO BACHELOR OF EDUCATION HONOURS (BED HONS)

PURPOSE

The Bachelor of Education Honours is the first postgraduate degree in Education. It is intended to prepare students for research-based postgraduate studies in a particular field of education. It serves to consolidate and deepen a student's knowledge of the field and to develop research capacity in the methodology and techniques of that field. The qualification demands a high level of theoretical engagement and intellectual independence.

Bachelor of Education Honours is a qualification that focusses on the continued training and development of educators to enable them to play a leadership role in the various education sectors in South Africa. The different specialisation within this qualification affords educators the opportunity to become specialists in one of the following fields:

- Education Management and Governance
- Curriculum Studies
- Psychology of Education (not for professional registration with the HPCSA)
- Early Childhood Development and Learning

ADMISSION REQUIREMENTS

- The UFS General Rules and Regulations of the University in respect of admission to the Bachelor Honours Degree (according to the HEQSF) are applicable to this degree.
- To be admitted to the BEd Hons study, a student must possess an acknowledged qualification on NQF level 7, e.g.:
 - A four-year professional teaching degree such as a Bachelor of Education, with a minimum of 480 credits or
 - An appropriate bachelor's degree such as a BSc or BCom, and a recognised professional teaching qualification such as a PGCE, or
 - A four-year professional teaching qualification and an Advanced Diploma in a cognate sub-field of Education, with a minimum of 120 credits.
- A selection process is applicable for admission to the BEd Hons programme (minimum of 60% average in preceding degree or 65% in a preceding diploma).
- Preference will be given to students who completed a degree with an average of 65%.
- This qualification will only be offered if, in the discretion of the faculty, enough enrolments can be secured to render the programme sustainable.

ADDITIONAL REQUIREMENTS FOR THE BED HONS WITH SPECIALISATION IN PSYCHOLOGY OF EDUCATION

This is a selection course. Admission to this programme requires Psychology up to second year level. This degree is not for registration with the HPCSA.

ADDITIONAL REQUIREMENTS FOR BED HONS WITH SPECIALISATION IN EARLY CHILDHOOD EDUCATION

This is a selection course. Admission to this programme requires a Foundation Phase Teaching qualification.

DURATION OF STUDY

The UFS General Rules and Regulations of the University in respect to the residential period is applicable to this qualification:

- The Bachelor of Education Honours degree may be completed within a minimum period of one year full-time or two years' part-time study.
- All qualifications must be completed in the maximum residential period, as stipulated by the UFS General Rules and Regulations.

ATTENDANCE

- a. Part-time students attend class every second Friday afternoon.
- b. Full-time students attend class every Friday afternoon.
- c. Please note the research project is separate from the rest of the timetable.
- d. The BEd Hons classes will be face-to-face for the foreseeable future, as we do not offer any distance learning BEd Hons programmes. Please also note that class attendance is compulsory.
- e. Attendance of teaching opportunities:
 - Compulsory attendance of teaching opportunities in a module, as prescribed by the Faculty Board in which the specific module is offered and indicated in the module guide or its addendum, is one of the prerequisites for admission to the examination.
 - Apology for non-attendance of teaching opportunities on account of unforeseen circumstances must be accompanied by supporting documentation and presented to the lecturer in question at the next available teaching opportunity in the modules.

ASSESSMENT

- The UFS General Rules and Regulations of the University in respect to assessment of the Bachelor Honours degrees are applicable to this degree.
- Assessment in this programme will furthermore comply with the Faculty of Education Research and Postgraduate Supervision Policy.
- Integrated continuous assessment will apply, allowing demonstration of achieved competence, as required by the outcomes of the qualification.
- All modules in the BEd Hons programme are non-examination modules. Students are required to attend class sessions, and the summative end-assessment will consist of a portfolio of evidence, demonstrating that the expected outcomes of the programme have been achieved.
- The number of assessment tasks will vary according to the modules, with a minimum of four assessment tasks per module. These tasks could include tests, case studies, simulations, presentations, essays, group assignment, poster presentations and other assessment tasks that are appropriate at NQF level 8.
- In the case of the research methodology module, assessment tasks will include, inter alia, a literature review, the design of research instruments, the writing of research reports and the drafting of a research proposal.
- No additional examinations will be granted.

ADMISSION TO MASTER'S DEGREE (MED)

PURPOSE

The primary purpose of the Master of Education degree is to prepare researchers who could contribute to the development of knowledge in the field of Education, including knowledge about professional practice at an advanced level.

Master of Education degree students should be able to deal with complex issues in education both systematically and creatively. They should make sound judgements, using data and information at their disposal, and be able to clearly communicate their conclusions to specialist and non-specialist audiences, demonstrate self-direction and originality in analysing and solving problems, act autonomously in planning and implementing tasks at a professional level and continue to advance their knowledge, understanding and skills.

The different specialisations within this qualification are:

- Education Management and Leadership
- Education Policy Studies
- Philosophy of Education
- Psychology of Education
- Community Psychology of Education
- Comparative Education
- Education Law
- Curriculum Studies
- Early Childhood Development and Learning
- Subject Education in Social Sciences
- Subject Education in Mathematics
- Subject Education in Languages
- Subject Education in Science and Technology
- Subject Education in Natural Sciences
- Higher Education Studies

ADMISSION REQUIREMENTS

The UFS General Rules and Regulations in respect to admission of a Master's Degree (according to HEQSF) are applicable to this degree. Admission to a master's degree in education is open to students who have:

- 1. completed a relevant Hons degree in Education
- 2. any Hons degree AND/OR Postgraduate Diploma in Education.

Admission to this programme is based on selection considering the academic achievement (at least 60% in the previous qualification) and the focus of research.

REQUIREMENTS FOR MED WITH SPECIALISATION IN MATHEMATICS OR SCIENCE AND TECHNOLOGY

Students will be selected to these programmes taking into consideration their fields of specialisation, previous experience and academic achievement

ADDITIONAL REQUIREMENTS

Enrolment for a MEd degree must have been preceded by a cognate subject of specialisation.

- Within the first twelve months following registration, a student must: Defend his/her research proposal before a panel comprising members of the relevant Special Research Interest Group (SIG), as well as before the Title Registration Committee (CTR).
- Submit ethical clearance application. All research must have ethical clearance. Ethical clearance can only be obtained after the title has been registered and no data collection can be done without ethical clearance.

DURATION OF STUDY

The Master of Education degree may be completed within a minimum period of one-year full-time study. It is preferable, however, that the dissertation is completed over a period of at least 18-24 months.

All qualifications must be completed in the maximum residential period, as stipulated by the UFS General Rules.

ASSESSMENT

The UFS General Rules and Regulations in respect to the Master's degree are applicable to this degree.

Assessment to this programme will furthermore comply with the UFS policy of Master's and Doctoral Studies (Sept 2022). Assessment is based on evaluation of the student's ability to successfully conduct research and show attainment of advanced knowledge within the field of study.

Ongoing supervision assists in supporting students and helping to shape their work throughout the programme.

Students are required to complete a dissertation OR two interrelated publishable manuscripts/published articles, contributing 180 credits to obtain the qualification.

The dissertation or two interrelated publishable manuscripts/published articles will be assessed internally and externally, as per institutional policy and guidelines.

ADMISSION TO MASTER'S DEGREE IN HIGER EDUCATION STUDIES (MHES)

Admission into the MHES is subject to the UFS Rules and Regulations for Undergraduate Qualifications, Postgraduate Diplomas, Bachelor Honours Degrees, Doctoral Degrees, Higher Doctorates, Honorary Degrees, and the Convocation. Prospective students must further adhere to the specific requirements of the Faculty of Education.

The following minimum entry requirements apply to a Masters of Higher Education Studies qualification:

- **NOTE:** A qualification existing of NQF level 8 or equivalent, such as a Bachelor Honours degree or a Postgraduate Diploma
- The prerequisite qualification must have included a supervised research project of at least 30 credits.
- The research project should focus on teaching, learning and student development in higher education and training.
- An average academic performance of 65% for the previous NQF level 8 qualification
- Proof of current employment in the field of higher education and training
- Students admitted to this programme will have to register and PASS two modules in the PGDip Higher Education programme, namely the foundations and theories of higher education as a field of study (EDHM5812 and EDHT5812).
- The Faculty of Education has the right to limit the student intake per year, based on available staff capacity.

ADDITIONAL REQUIREMENTS

Enrolment for an MHES degree must have been preceded by a cognate subject of specialisation.

Within the first twelve months following registration, a student must:

- Defend his/her research proposal before a panel comprising members of the relevant Special Research Interest Group (SIG), as well as before the Title Registration Committee (CTR).
- Submit ethical clearance application. All research must have ethical clearance. Ethical clearance can only be obtained after the title has been registered and no data collection can be done without ethical clearance.

ADMISSION TO DOCTORAL DEGREES (PHD)

PURPOSE

The PhD degree is a qualification directed at the development of high-level research competence to make a significant and original contribution at the frontiers of the various levels and sectors of education and training in South Africa.

ADMISSION REQUIREMENTS

- a. The UFS General Rules and Regulations in respect to admission to Doctoral degrees (according to the HEQSF) are applicable to this degree. Admission to this programme is based on selection considering the academic achievement (at least 65% in the previous qualification) and the focus of research.
- b. To be admitted to the PhD programme of study in Education the student must possess an acknowledged qualification at NQF level 9.
- c. To be admitted to the PhD programme of study with specialisation in Higher Education Studies, the student must have appropriate experience related to higher education and training
- d. A student must attend the faculty’s orientation programme at the start of their studies
- e. Ethical clearance can only be granted, and the title of the dissertation may only be registered after successful completion of the oral defence.

DURATION OF STUDY

- a. The minimum duration of study for a PhD degree is at least two years
- b. A student must prepare a research proposal and defend the viability of the study in an oral presentation to a panel of academic experts in the field of study
- c. If the student does not meet the requirement within the first 12 months of registration, the registration of the student will be terminated
- d. All qualifications must be completed in the maximum residential period, as stipulated in the UFS General Rules and Regulations.

ASSESSMENT

- a. The UFS General Rules and Regulations in respect of assessment are applicable to this degree
- b. Within the first twelve months following registration the student must:
- c. Defend his/her research proposal before a panel comprising of the relevant Special Research Interest Group, as well as before the Title Registration Committee
- d. Apply for ethical clearance
- e. Ethical clearance can only be granted, and title of the thesis may only be registered after the successful completion of the oral defence.
- f. The thesis can be submitted for examination with the approval of the promoter or the Head of department concerned after study period of at least four semesters
- g. The final product can either be a thesis on an approved research topic in Education or Higher Education Studies chosen by the candidate in consultation with the supervisor(s)
- h. OR
- i. Three interrelated publishable manuscripts/published articles in (an) accredited journal(s) on an approved research topic in Education or Higher Education Studies chosen by the candidate in consultation with the supervisor(s)
- j. Quality assurance is facilitated through external examination of the thesis or manuscripts/articles.

The manuscripts/articles will have to be presented according to prescribed format, which bears similarity to that of the doctoral thesis.

REGISTER ON THE CAREER HUB

The Faculty of Education recommends that students register on the Career Hub at www.ufs.ac.za/careerhub for the Career Development and Employability Pathway to maximise their employability. This pathway is aligned with career development and employability initiatives at the UFS. This pathway aims to enhance your employability by teaching you to perfect the following: your CV and cover letter, LinkedIn Profile, marketing and networking, job application and interview skills.

Students who register on the Career Hub will also have access to the job portal where both UFS student jobs as well as vacancies at companies are regularly advertised. Although there are events that you can sign up for and attend in-person or online, the majority of this pathway is self-paced, and you can work through it in your own time. Please make use of this opportunity throughout your degree to upskill yourself, learn more about expectations in the workplace, and become work ready.

FACULTY OF EDUCATION

PGCE

POSTGRADUATE CERTIFICATE IN
EDUCATION

PGCE IN SENIOR PHASE AND FURTHER EDUCATION AND TRAINING TEACHING

ACADEMIC PLAN: BC/QC737500 TOTAL COMPULSORY CREDITS: 164
SAQA ID: 101976 MINIMUM DURATION: 1 YEAR
EXIT LEVEL: NQF LEVEL 7

PGCE IN FURTHER EDUCATION AND TRAINING TEACHING (PGCE: FET)

PGCE IN FURTHER EDUCATION AND TRAINING TEACHING (PGCE: FET)

ACADEMIC PLAN: BC/QC736500 TOTAL COMPULSORY CREDITS: 164
SAQA ID: 101980 MINIMUM DURATION: 1 YEAR
EXIT LEVEL: NQF LEVEL 7

CURRICULUM

GROUP 1 MODULES: COMPULSORY CORE MODULES		
Education Studies 1: Education for social transformation, conceptualising education for diverse contexts	EDST1713	12
Education Studies 2: Responsive teaching for meaningful learning	EDRT1713	12
Educational Studies 3: Education systems in global and national context	EDES1713	12
General Pedagogy: Teaching, learning and assessment in diverse education contexts	GPEP1713	12
Basic computer literacy	CSIL1511**	4
Teaching Practice	WILP1700	40*
*THE REMAINING 4 CREDITS ALLOCATED TO TEACHING PRACTICE ARE INCLUDED IN THE TWO ELECTIVE SUBJECT TEACHING MODULES		
**CSIL1511: THIS MODULE CODE IS UNDER REVIEW AND MAY BE REPLACED BY AN EQUIVALENT OR ALTERNATIVE AS PROPOSED FROM TIME TO TIME		
GROUP 2 MODULE: LANGUAGE OF LEARNING AND TEACHING		
STUDENTS MUST SELECT AND PASS EITHER AFRIKAANS OR ENGLISH LOLT		
Afrikaans as medium of Learning and Teaching * OR English as medium of Learning and Teaching*	ALLT3504 OR ELLT2504*	16
GROUP 3 MODULES: CONVERSATIONAL COMPETENCE		
STUDENTS MUST SELECT AND PASS ONE 16 CREDIT MODULE FROM GROUP 3		
Conversational Language: Afrikaans OR Conversational Language: Sesotho OR Conversational Language: IsiZulu OR Conversational Language: Sign Language	GAFR3504 OR SSCL3504 OR ZUCL3504 OR SICL3504	16
GROUP 4 MODULES: SUBJECT TEACHING		
STUDENTS MUST SELECT AND PASS TWO 20 CREDIT MODULES FROM LIST 4		
TOTAL	Subject teaching x2	20 20
TOTAL		164
*RPL: STUDENTS WHO HAVE PASSED ENGLISH IN THEIR FIRST B DEGREE PROGRAMME AS AN ELECTIVE OR MAJOR SUBJECT AT FIRST- AND SECOND-YEAR LEVELS QUALIFY FOR AN EXEMPTION FOR THESE MODULES. SUCH A STUDENT CAN TAKE A PRE-COURSE LITERACY TEST AND IF THEY OBTAIN A SCORE OF 80%, THEY WILL QUALIFY FOR PROMOTION. IN THE LATTER CASE, THE STUDENT WOULD STILL NEED TO REGISTER FOR THE MODULE, AND THEY REMAIN RESPONSIBLE FOR ALL CLASS FEES.		
** A STUDENT IS NOT ALLOWED TO REGISTER FOR A PARTICULAR LANGUAGE AT CONVERSATIONAL LEVEL AND AT SUBJECT TEACHING LEVEL.		

SUBJECT FIELD	MODULE NAME	MODULE CODE	NQF LEVEL	CREDITS
ECONOMIC AND MANAGEMENT SCIENCES	Accounting Teaching 1 & 2: Further Education and Training	ACTV3705	7	20

CODE	MODULE NAME	CREDITS
EDCS9100 OR ECSA9100	Thesis: Subject Education in Social Sciences OR Three interrelated publishable manuscripts/published articles: Subject Education in Social Sciences	360

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN HIGHER EDUCATION STUDIES

ACADEMIC PLAN: BC798894/QC798894 TOTAL COMPULSORY CREDITS: 360

SAQA ID: 116979 MINIMUM DURATION: 2 YEAR

EXIT LEVEL: NQF LEVEL 10

THE CURRICULUM FOR THIS QUALIFICATION CONSISTS OF A CHOICE BETWEEN TWO OPTIONS:		
CODE	MODULE NAME	CREDITS
EDHE9100 OR ECHA9100 OR EDHI9100 OR ECHI9100	Thesis: Higher Education Studies OR Three interrelated publishable manuscripts/published articles: Higher Education Studies OR Thesis: Higher Education Studies (Interdisciplinary)* OR Three interrelated publishable manuscripts/published articles:(Interdisciplinary) *	360
*THE OPTION IS ONLY POSSIBLE IF AGREED BETWEEN THE DEANS OF THE RELEVANT FACULTIES		

NOTE: FOR THIS SPECIALISATION, THE FOLLOWING ADDITIONAL REQUIREMENTS WILL APPLY:

- The student must have current employment in higher education and training , OR a Masters of Higher Education Studies degree with relevant research component;
- The research project should focus on teaching, learning and student development in higher education and training.
- Students without prior higher education qualifications admitted to this programme will have to register and PASS two modules in the PGDip Higher Education Programme, namely the foundations and theories of higher education as a field of study (EDHM5812 and EDHT5812).

DISCONTINUED (TEACH OUT) PROGRAMMES

The Faculty of Education, from time to time, re-evaluates its offering and resolves not to offer some programmes and/or plan codes. The following programmes and plan codes have pipeline students but there will be no new intake.

DIPLOMA'S				
NAME OF QUALIFICATION	ACADEMIC PLAN CODE	LOCATION	TOTAL CREDITS	DURATION
