A_STEP Tutors

The Academic Student Tutorial and Excellence Programme is focussed on student success.

This is achieved through:

- Tailor-made tutorials based on students' needs
- Tutorials that are informed by discussions with lecturers
- Tutorials that contain discipline-specific materials and examples; and
- Tutorials that are creatively planned and activity-based

The Faculty of Education offers face-to-face tutoring to all its students. This entails:

- Teaching and learning in a classroom with tutors and students meeting face-to-face.
- It is also known as the “traditional method of tutoring”.
- Technology is used to enhance the teaching and learning experience.

The face-to-face tutorials (in small groups) ensure:

- Student engagement
- Group work and energising class discussions
- The freedom for students to ask questions and learn from one another

Student Representatives

What is a student “rep”?

- Student reps act as a link between students, lecturers and the management of the Faculty of Education

Can I become a student rep?

- No, only senior students (second, third & fourth year) may apply to become a student rep
- An overall average performance of 65% is required

What value does a student rep have for me as a first year?

- They ensure communication of important information regarding teaching and learning matters
- They contribute towards the enhancement of students' learning experiences by serving on faculty committees
- They initiate and maintain social cohesion among FoE students
- They are actively involved in identifying and resolving student support needs
