Invest in your career and
Be Worth More

The city of Bloemfontein, situated in the South African province of the Free State, is home to the University of the Free State.

Founded in 1904, the UFS currently serves more than 35 000 residential and non-residential students. Thanks to a tradition of excellence and progressive learning programmes, the University of the Free State is regarded as one of the top academic institutions in the country.

The UFS Business School, located in the Faculty of Economic and Management Sciences, has firmly established itself as a leader in the provision of management and leadership programmes within South Africa, specifically central South-Africa.

The UFS Business School provides an exceptional opportunity to **Be Worth More**.

Prof Helena van Zyl | Director

The changing world of work and the challenging business environment increased the need for skilled and proper educated business leaders. In addition, participants in the economic process and business environment should be relevant for the future. The world-wide skills shortages in several fields of expertise increase the pressure on the demand for managerial leaders. Higher education institutions and more specifically, business schools, have an important responsibility not only to deliver sufficient numbers of well-trained managerial leaders, but also with the needed and required skills and competencies. Managerial leaders with vision, commitment, courage and flair, amongst others, are in demand to make significant contributions to the performance of business and industry.

The UFS Business School offers a suite of qualification that will equip candidates to be relevant and successful being business leaders and entrepreneurs.

A dynamic addition to the spectrum of management programmes on offer is the Bachelor of Management Leadership (BML) aimed at working adult learners. This qualification is based on experiential learning and the assessment and recognition of prior learning. The objective of the BML is to deliver a new generation of formally qualified and innovative managerial leaders equipped to excel in and add value to today's corporate and business environment.

The BML programme was developed in collaboration with the School for New Learning at De Paul University in Chicago.

Unique characteristics

- Modules offered at a time and place available to working people
- Presenters who understand and communicate with adults
- A dynamic and flexible curriculum that engages adults in diverse learning experiences in management leadership
- A competence framework that recognises valid prior learning, provides for diverse goals and believes in differing learning styles
- A commitment to dialogue and negotiation that enables the adult learner to own his/her learning

Our approach to management training is characterised by the emphasis on the need for students to become critical and creative thinkers and eventually leaders who utilise innovative approaches in start-up ventures or within established organisations. Graduates of this programme will be able to compete successfully in the domestic economy.

“Completing a PhD through the UFS Business School is a prestigious achievement. The UFS Business School strives on quality and professionalism as they develop their students to be “worth more” by producing material that is of a global standard. I recommend the UFS Business School to those who want to add value in the business world.”

– Dr. Kgantso Ranyane 2014

“The UFS Business School assisted me in a professional manner in order to complete my PhD in Business Administration. The PhD program is structured in such a way that you, as a student, obtain ample support and knowledge from various well known academics and business associates. The Business School also has a very good administration support system, which ensures that there are no time delays and that the student is always up to date with all relevant information. The golden platform of the Business School is that there is no compromise for quality and standard, this gave me the assurance that I will produce a PhD of global standard. I would recommend the UFS Business School to anyone who is serious about developing their business skills.”
