DISSOLUTION OF THE CONGREGATION

Due to the nature of the graduation ceremony and the number of students who will be graduating, it will not be practically possible to uphold social distancing in the venue. To ensure the protection of all individuals present on campus, the university has implemented the COVID-19 Regulations and Required Vaccination Policy, which regulates the access of staff, students, and visitors to the campuses.

By attending the graduation ceremony, you agree that the UFS may use photographs taken by the official photographer and on which you appear, for marketing purposes.

By attending the graduation ceremony, you agree that the UFS may use video footage taken by the official videographer and in which you appear, for marketing purposes.

Nkosi sikelel' iAfrika

NATIONAL ANTHEM OF SOUTH AFRICA

Maluphakanyisw' uphondo lwayo,
Yizwa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.
Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika -
South Afrika.

Uit die blou van onse hemel,
Uit die diepte van ons see,
Oor ons ewige gebergtes,
Waar die kranse antwoord gee,
Sounds the call to come together,
And united we shall stand,
Let us live and strive for freedom,
In South Africa our land.

In order to maintain the dignity of the ceremony, you are requested to take note of the following:

- Please stand as the procession enters the hall
- Do not move around during the ceremony in order to take photos
- Please refrain from unacceptable actions such as whistling
- Please put your cellphone on silent so as not to disturb the proceedings
- We strive to conduct the ceremonies in a dignified manner
- Please do not leave the hall before the graduation proceedings have been concluded
- Family and friends unable to attend may watch the full graduation ceremonies through our livestream link at <http://livestream.ufs.ac.za>.

Inspiring excellence, transforming lives through quality, impact, and care.

ABOUT THE UFS

The University of the Free State (UFS) has a proud history as one of the oldest, most respected institutions of higher education in South Africa. It opened its doors in Bloemfontein in 1904 as the Grey University College, with six students in the Humanities. Today it is a **multi-campus institution**, with two diverse campuses in Bloemfontein and one in Qwaqwa in the scenic Eastern Free State, accommodating more than 40 000 students in its **seven faculties** (Economic and Management Sciences, Education, Health Sciences, the Humanities, Law, Natural and Agricultural Sciences, Theology and Religion), with an increasing number of international students and associates, and an ever-widening scope of active involvement in and contribution to its surrounding communities.

For the past **118 years**, the UFS has been delivering quality graduates who have made their mark in various sectors. What sets the institution apart is its holistic student support initiatives, enabling it to achieve some of the highest success rates in the country. Delivering students who are in high demand in the global job market, remains a top priority. An established network of industry partners and close collaboration with the public and private sectors, as well as a continuous process of transformation and curriculum renewal, dovetail to produce highly employable graduates.

UFS research efforts are driven by dedicated scholars, some of whom are **international leaders** in their fields, with industry and social impact and real-world application.

Through the principle of **engaged scholarship**, the UFS responds to societal needs, using its **scholarly and professional expertise** with an intentional public purpose and benefit.

The UFS is an institution that goes all out to provide its students and staff with an outstanding **university experience**. Anchored in a value bedrock of **social justice, respect, and caring**, the institution has managed to remain steadfastly relevant in a challenging and ever-changing national higher education landscape.

DEVELOPMENT OF THE UFS CREST OVER MORE THAN A CENTURY

1904

Up to 1935, the same coat of arms was used as the Grey College School.

1935

By 1935, with the name change to University College of the Orange Free State, the coat of arms fell into disuse, especially among students.

1947

In 1947, an agreement between management and students led to the new motto Per Fidem ad Sapientiam (Through faith to wisdom).

1950

In 1952, it was changed to In Deo Sapientiae Lux (In God is the light of wisdom). The traditional orange, white and blue, linking the UFS to the South African national colours, changed in the late 1990s.

The orange was replaced by cherry red.

UNIVERSITY OF THE FREE STATE
UNIVERSITEIT VAN DIE VRYSTAAT
YUNIVESITHI YA FREISTATA

2011

The academic brand - the historic University of the Free State crest that has been the symbol of the university since 1952, has evolved to embrace the aesthetic expectations of the stakeholders.

The shape of the traditional academic shield has been simplified and contemporised. Much of the symbolism of the crest remains intact, acknowledging the location of the UFS brand as one of the country's premier institutions of higher education, with a proud history of academic excellence and an ever evolving, vibrant culture.

MESSAGE FROM THE RECTOR AND VICE-CHANCELLOR

Dear Student

Welcome to the graduation ceremony of the University of the Free State (UFS).

We are especially pleased that your graduation ceremony can take place in person and in the presence of the university congregation.

Today is a memorable day and a culmination of the time you spent here at the UFS. You are not only becoming an alumnus of this great 118-year-old institution, but you are now also part of a fraternity of exceptional individuals who have graduated before you.

Congratulations to our graduands – this is a special day indeed and it is certainly heart-warming to see so many of you being conferred these well-deserved qualifications today. You should be proud of your achievements – take a moment to celebrate and acknowledge YOU.

At the same time, you would not have reached this milestone without the support of many people around you – let us also acknowledge and express gratitude to your support structures – the parents, family, friends, guardians, and lecturers who made it possible for you to be here today.

As you venture into the world, you will find yourself contemplating what your role in the world is and what kind of a world you want to live in. Sometimes the road ahead can be challenging and complex – however, remember that the skills of hard work, resilience, determination, and focus will help you forge ahead. After all, these are the skills that have helped you to achieve your UFS qualification.

Also be mindful that collective and individual responsibility is important to our success – this became very clear during the pandemic. Reach out to others, lend a helping hand wherever you can, support each other, involve yourselves in your communities, and most of all, be kind and humane. Be mindful of these in everything that you do.

Graduands, I am proud of your resilience. You are truly inspiring, and I am confident that you are well prepared to embrace the future and flourish in anything you set your mind to.

Be brave, be bold, and make a difference in this world.

Best wishes

PROF FW PETERSEN

RECTOR AND VICE-CHANCELLOR | UNIVERSITY OF THE FREE STATE

Beste Student

Welkom by die Universiteit van die Vrystaat se gradeplegtigheid.

Ons is veral bly dat jou gradeplegtigheid in persoon en in die teenwoordigheid van die universiteitsgemeenskap kan plaasvind.

Vandag is 'n onvergeetlike dag en 'n hoogtepunt van die tyd wat jy hier aan die UV deurgebring het. Jy word nie net 'n alumnus van hierdie wonderlike 118-jaar-oue instelling nie, maar jy is nou ook deel van 'n broederskap van uitsonderlike individue wat voor jou gegraduateer het.

Baie geluk aan ons graduandi – vandag is voorwaar 'n spesiale dag en dit is inderdaad hartverbydend om te sien dat hierdie welverdiende kwalifikasies aan so baie van julle toegeken word. Jy moet trots wees op jou prestasies – neem 'n oomblik om JOU te vier en erkenning te gee.

Terselfdertyd sou julle nie hierdie mylpaal bereik het sonder die ondersteuning van baie mense rondom julle nie – laat ons ook erkenning gee en ons dank uitspreek teenoor julle ondersteuningstrukture – die ouers, gesinne, vriende, voogde en dosente wat dit vir julle moontlik gemaak het om vandag hier te wees.

Waar julle die wêreld aandurf, sal julle vind dat julle dalk wonder oor wat julle rol in die wêreld is en die soort wêreld waarin julle wil leef. Die pad vorentoe kan soms uitdagend en kompleks wees – onthou egter dat die vaardighede van harde werk, veerkragtigheid, vasberadenheid en fokus julle sal help om vooruit te gaan. Dit is immers die vaardighede wat julle gehelp het om julle UV-kwalifikasies te behaal.

Dink ook daaraan dat gemeenskaplike en individuele verantwoordelikheid belangrik is vir ons sukses – dit het baie duidelik geword tydens die pandemie.

Reik uit na ander mense, sit 'n handjie by waar julle ook al kan, ondersteun mekaar, raak betrokke by julle gemeenskappe, en bowenal, wees welwillend en menslik. Hou dit in gedagte in alles wat julle doen.

Graduandi, ek is trots op julle veerkragtigheid. Julle is waarlik inspirerend, en ek is vol vertroue dat julle goed voorbereid is om die toekoms aan te gryp en te floreer in enigiets wat julle aanpak.

Wees dapper, wees sterk en maak 'n verskil in hierdie wêreld.

Beste wense

PROF FW PETERSEN

DOCTORAL DEGREES

SCHOOL OF CLINICAL MEDICINE

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN COMMUNITY HEALTH

VAN ZYL, Sanet

Sanet van Zyl was born in Johannesburg on 31 January 1966. She matriculated at Carletonville High School in 1983 and obtained her MBChB degree in 1989 at the University of the Free State. She was appointed as Medical Officer in the Department of Family Medicine, obtained a Master's degree in Family Medicine in 1994, and worked in the Department until 1997. She was appointed as Lecturer / Senior Medical Officer in the Department of Medical Physiology in 1998. The Department amalgamated with the Department of Anatomy and Cell Morphology to form the Department of Basic Medical Sciences in 2002. She became Head of the Department of Basic Medical Sciences in 2008.

With her thesis, titled: **CHRONIC DISEASES OF LIFESTYLE: A RISK ASSESSMENT AND HEALTH PROMOTION FRAMEWORK FOR A RURAL AND URBAN PRIMARY HEALTH CARE SETTING IN THE FREE STATE PROVINCE**, the candidate contributes to scholarship on the burden of the chronic diseases of lifestyle (CDL) in the Free State province. With this contribution, she focused on the principles of risk assessment and health promotion in rural and urban communities to minimise the negative impact of CDL. Using a combination of quantitative and qualitative research methods, the candidate identified CDL risk factors in the communities as well as barriers and training needs for the effective implementation of CDL programmes. The study presents a tailor-made community-based patient-centred approach to facilitate the development of focused and effective primary healthcare interventions for CDL in resource-constrained areas of the Free State province.

Promoter: Prof WH Kruger

Co-Promoter: Prof CM Walsh

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN MEDICAL PHYSICS

RAMONAHENG, Keamogetswe

Keamogetswe Ramonaheng matriculated from Eunice High School, Bloemfontein, in 2000 and obtained her tertiary education at the University of the Free State (UFS). She obtained her B.Med.Sc degree in 2006, followed by a B.Med.Sc (Honours) in 2008. After completing her internship at Universitas Academic Hospital (UAH) in 2010 with a Post-graduate Diploma in Medical Physics, she was appointed as a qualified Medical Physicist and Lecturer in the Department of Medical Physics at the Faculty of Health Sciences, UFS, and promoted to Assistant Manager at UAH in 2011. She completed her M.Med.Sc specialising in Medical Physics for Nuclear Medicine in 2014.

With her thesis, titled: **ACCURACY OF LUTETIUM-177 SPECT ACTIVITY QUANTIFICATION AND PATIENT-SPECIFIC DOSIMETRY: A MONTE CARLO STUDY**, the candidate makes a valuable contribution to the body of knowledge for personalised dosimetry in radionuclide therapy using hybrid SPECT/CT imaging. The study used patient-specific voxel-based models created from Computed Tomography images and incorporated Monte Carlo simulations of SPECT images to mimic clinically realistic Lutetium-177 activity distribution patient images. These SPECT images allowed her to virtually assess the accuracy of SPECT activity quantification in the simulated patients and thoroughly recognize the many factors related

to patient-specific radionuclide-based therapy planning. This novel method of virtually evaluating the accuracy of activity quantification has enabled the candidate to determine the accuracy of personalised dosimetry for Lutetium-177 radionuclide therapy. The study will benefit future patients receiving Lutetium-177 radionuclide therapy. Thus far, two articles have been published in international accredited journals from this thesis, and a third manuscript has been submitted for publication.

Promoter: Dr JA van Staden

Co-Promoter: Dr H du Raan

O'REILLY, Frederika Hendrika Jacoba

Dedri O'Reilly was born on 23 November 1983 in Bloemfontein. She matriculated at Diamantveld High School in 2001. At the University of the Free State she obtained the degree B.Med.Sc in 2004, B.Med.Sc Hons with distinction in 2005, and a Postgraduate Diploma in Medical Physics with distinction in 2007. In 2011 she obtained the degree Master of Medical Science and Doctor of Philosophy in 2022. She started her career as a Medical Physicist Bloemfontein. Since 2008 she has been working as a Medical Physicist on the joint staff establishment of the Department of Health and University of the Free State.

With her thesis, titled: **AN IMAGE GUIDED ADAPTIVE RADIOTHERAPY STRATEGY FOR CERVIX CANCER TREATMENT BASED ON EQUIVALENT UNIFORM DOSE**, the candidate contributes to the knowledge on external beam radiotherapy for cervix cancer patients focusing on designing an approach that balances workload and excellence. Image data of cervix cancer was used to quantify tumor and organ motion. Innovative radiotherapy treatment methods were studied in an attempt to reduce toxicities associated with treatment, while maintaining tumoricidal doses. Several approaches to perform treatment adaptation to a changing tumour environment, while retaining a minimum effort workload, were investigated. The outcomes of this study established several clinically feasible solutions for high quality treatments in both low/high income countries. Even with limited resources, patients can now be treated with exceptional quality techniques, irrespective of the equipment available for this.

Promoter: Dr W Shaw

Co-Promoter: Dr FCP du Plessis

DIVISION OF HEALTH SCIENCES EDUCATION

DOCTOR OF PHILOSOPHY IN HEALTH PROFESSIONS EDUCATION

NELL, Eduard Nico

Eduard Nico Nell was born in Steynsburg on 13 July 1976. He received his secondary education in Steynsburg where he matriculated at Paul Kruger College in 1995. He obtained a diploma in Emergency Medical Care (EMC) in 2004 at the Central University of Technology, the degree Baccalaureus Technologiae (EMC) in 2012 at the Cape Peninsula University of Technology, and the degree Magister in Health Professions Education in 2016 at the University of the Free State. He started his career as a basic life support emergency care provider in Aliwal North in 1996. In 2008, he was appointed as an emergency medical care programme coordinator at the Free State Department of Health.

With his thesis, titled: **DEVELOPMENT OF QUALITY ASSURANCE AND EDUCATIONAL GUIDELINES FOR AN EMERGENCY MEDICAL CARE PREPARATION PROGRAMME IN SOUTH AFRICA**, the candidate did a document analysis of an Emergency Medical Care Preparation Programme (EMPP), which is a Short Learning Programme designed to enable Emergency Medical Care (EMC) personnel who wish to further their studies but do not meet the requirements to be admitted

into higher education programmes. The document analysis was followed by a Delphi survey and an Expert panel discussion to develop quality assurance and educational guidelines that can enhance the quality of training in EMC education as well as Short Learning Programmes such as the EMPP.

Promoter: Prof MP Jama

Co-Promoter: Dr J du Plessis

DOCTOR OF PHILOSOPHY IN HEALTH PROFESSIONS EDUCATION AND COMMUNITY HEALTH

MULONDO, Mutshidzi Abigail

Mutshidzi Abigail Mulondo was born on 05 Apr 1991 at Thohoyandou, Limpopo province, South Africa. She matriculated in 2008 from Divine Kingdom Academy. She completed a Bachelor of Social Sciences in Human & Societal Dynamics and Honours in Psychology from University of the Free State (UFS), 2012 and 2013 respectively. In 2018 she completed a Masters in Psychology from the University of Pretoria. In 2021 she was appointed as lecturer in the newly established Division of Public Health, UFS. In the same year she was recognized in the Mail and Guardian Top 200 young South Africans in the Health category. In 2022 she was accepted to the prestigious Mandela Washington Fellowship in USA.

With her thesis, titled: **TOWARDS THE DEVELOPMENT OF A CAPACITY DEVELOPMENT FRAMEWORK FOR RESEARCH ETHICS ADMINISTRATORS: LESSONS FROM SOUTH AFRICA** the candidate contributes to the frontiers of the field of Health Research Ethics. Using a triangulation of a scoping review, cross-sectional survey and Delphi survey, the candidate developed a capacity development framework for research ethics administrators in South Africa. This framework will serve as a model for supporting the research community, by optimising RECs, and improving the ethical review experience and quality of processes through better capacitating research ethics administrators. To date, three papers from this thesis have been published; two in international and one in a national journal. One paper was recognised as lead article in the journal.

Promoter: Prof JM Tsoka-Gwegweni

Co-Promoter: Prof P LenkaBula & Dr P Chikobvu

SCHOOL OF PATHOLOGY

DOCTORAL DEGREES

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN HAEMATOLOGY AND CELL BIOLOGY

JOUBERT, Jaco

Jaco Joubert was born in Johannesburg, South Africa, on 27 November 1979, where he also received his secondary education, matriculating at Linden High School in 1997. He obtained an MBChB at the University of Pretoria in 2003 and an MMed (Haematology) and Postgraduate Diploma (Transfusion Medicine) in 2012 and 2014, respectively, both at the University of the Free State, with distinction. He started his career as a haematologist in Bloemfontein in 2012. He is presently the Head of the Department of Haematology and Cell Biology and the Academic Head of the School of Pathology at NHLS Universitas and the UFS.

With his thesis, titled: **CHARACTERISATION OF THE FIBRINOLYTIC SYSTEM AND THE VON WILLEBRAND FACTOR-ADAMTS13 AXIS IN THE CHACMA BABOON**, the candidate makes an important contribution to the use of the Chacma

baboon as a preclinical model to study human haemostatic disorders and possible pharmaceutical interventions. Currently, preclinical animal models remain the only viable option to evaluate the safety and efficacy of these drugs before using them in humans. With this study, the largest of its sort ever performed, the candidate characterises similarities and differences between the Chacma baboon and human haemostatic systems and their implications for preclinical haemostatic drug testing. This study validates the use of the Chacma baboon model and provides important recommendations for the refinement of the model, which will allow for the improved evaluation of treatment options of these debilitating and often fatal haemostatic disorders.

VOW OF GRADUANDS IN NURSING

PROMISE TO REMAIN TRUE TO THE VOCATION - BELOFTE TOT ROEPINGSGETROU - KE TSHEPISA HORE KE TLA DULA KE TSHEPAHALA MOSEBETSING WA KA

I solemnly pledge before God and all who are gathered here that I am convinced that the honourable profession which I am about to enter is a great privilege and lays a humbling responsibility in my hands.

Ek sal myself van alles wat skadelik en verkeerd is onthou, en sal nooit enige nadelige en bedwelmende middel neem, of dit doelbewus aan andere toedien nie.

Ke tla etsa sohle se matleng a ka ho boloka le ho phahamisa maemo a mosebetsi wa ka, mme ke tla boloka ka hohle-hohle e le lekunutu ditaba tsohle tsa botho le tsa lelapa tseo nka tshohang ke di hlokomela nakong ya ho phetha mosebetsi wa ka.

I see myself as the sounding-board for my patients in pain, dismay and fear, and therefore each of them is an individual to me with an own personality and needs. Each is an embodiment of the wonder of life, whom I want to acknowledge and protect in all modesty.

In the final instance I see my work as an expression of love, a love that includes all my fellow-humans - regardless of their race or religion or status. Thus I want to see my vocation as part of a divine truth: And now abide faith, hope, love, these three; but the greatest of these is love.

DOCTORAL DEGREES

DOCTOR OF PHILOSOPHY IN THEOLOGY WITH SPECIALISATION IN PRACTICAL THEOLOGY

NADEL, Berend Arnoldus

Berend Arnoldus Nadel was born in Germiston on 11 July 1956. He started school at Jan van Riebeeck Primary School, Cape Town, and matriculated at Adamantia High School, Kimberley, in 1974. He obtained the following qualifications: BA Admission (1981), BTh (1986), and MA in Congregational Studies (2016) from the University of the Free State. After military conscription (1987-2. 1988), he was ordained a minister at Vryheid-East DRC in 1989. He served as minister at several congregations until his retirement in 2020.

With his thesis, titled: **DISSIPELSKAP EN 'N MISSIONALE EKKLESIOLOGIE: 'N ONDERSOEK IN DIE NG KERK (DISCIPLESHIP AND A MISSIONAL ECCLESIOLOGY: AN INVESTIGATION IN THE DR CHURCH)**, the candidate contributes to the current debate on the role of discipleship in missional ecclesiology. Discipleship is a call from the Trinity to participate in the missio Trinitatis guided by the faith community who leads the disciple on the journey of faith. Discipleship is a lifelong journey of faith for the disciple under the guidance of the Holy Spirit. A mixed methods empirical research was done in six congregations in the Synod of the Free State. The research revealed a few essential markers: the congregation as missional bearer; the missional congregation as partaker in the missio Trinitatis; the disciple as an imago Christi; the ongoing transformation of the disciple, and the disciple as mentee and mentor.

Promoter: Prof WJ Schoeman

DOCTOR OF PHILOSOPHY IN THEOLOGY WITH SPECIALISATION IN SPIRITUALITY

VAN STADEN, Elmor

Elmor van Staden was born in Pretoria on 20 June 1972. He received his secondary education in the Eastern Cape and Gauteng, where he matriculated at Hoërskool Overkruin in 1990. He obtained the degrees B.Com. Marketing in 2004 and B.A. Hons. Biblical Archaeology in 2009 from UNISA. In 2016, he was awarded a Masters in Spirituality, from the UFS. He currently works as a Service Delivery Manager in the field of Information Technology.

With his thesis, titled: **'LEADING FROM WITHIN: THE SPIRITUALITY AND DEVELOPMENT OF THE CONTEMPLATIVE LEADER'**, the candidate contributes to the academic discipline of Spirituality by elucidating its relevance, inter alia, in the field of management, business, and leadership. Drawing on the cognate discipline of Contemplative Studies, the candidate clearly explains the relevance of a contemplative spirituality for a new paradigm of leadership. Utilising an interdisciplinary approach, inter alia, Theology, Psychology, and Mysticism, in addition to Spirituality and Contemplative Studies, the candidate illustrates the wider significance of his research for the field of Leadership Studies. His comparison with other leadership styles such as, for example, transactional, charismatic, servant and self-leadership, highlights the particular relevance of contemplative leadership. By providing a conceptual framework for the development of the latter, the candidate contributes to the discipline of Spirituality and its relevance for the Academy and society as a whole.

Promoter: Prof. Celia Kourie

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN PRACTICAL THEOLOGY

OOSTHUIZEN, Leon

Leon Oosthuizen was born in Wynberg, Western Cape, on 9 November 1965. He matriculated at Voortrekker High School, Kenilworth, in 1983. He obtained a BA (Theological Studies) from Stellenbosch University in 1986, followed by a BTh in 1989, and a MTh in 2004. In 1991, he started his career as a youth worker in Port Elizabeth at the Dutch Reformed Church

Heideveld. In 1992, he was ordained a minister in the Dutch Reformed Church Plettenberg Bay. In 2001, he moved to the Dutch Reformed Church Langenhovenpark, Bloemfontein, where he is still a minister.

With his thesis, titled: **SOSIALE MEDIA EN KOINONIA IN GEMEENTES: 'N PRAKTIES TEOLOGIESE STUDIE (SOCIAL MEDIA AND KOINONIA IN CONGREGATIONS: A PRACTICAL THEOLOGICAL STUDY)**, the candidate contributes to an understanding of the role of social media in the formation of koinonia in congregations. The research explores, through a hermeneutical process, the content of social media posts and people's expectations when visiting these platforms. The empirical research clearly shows that users not only want to receive one-way communication on social media, but also have a need to socialise on these platforms and even experience mutual koinonia. Although a koinonia experience in a digital space may be less intense than in a physical environment, this medium can greatly contribute to individuals, who already have a connection to a physical congregation, experience koinonia. Properly used, social media can definitely contribute to the experience of koinonia in the congregation.

Promoter: Prof JA van den Berg

DOCTOR OF PHILOSOPHY WITH SPECIALISATION IN PRACTICAL THEOLOGY

(JOINT DEGREE: VRIJE UNIVERSITEIT AMSTERDAM)

VAN JAARVELD, Jeremias De Klerk

Mias van Jaarsveld was born in Heilbron in the Free State province, and completed Grade 12 in Bothaville, in 2007. He obtained his Bachelor in Theology (BTh) in 2008, and his Master in Divinity (MDiv) in 2012. He graduated in 2013 (cum laude) and received the Dean's medal as well as the prize for the best mini dissertation. In 2016, he started his Master's in Theology (MTh), with the focus on practical theology and pastoral care. In 2017, he graduated (cum laude) and received the Faculty's prize for the best mini dissertation. In 2018, he started his PhD in practical theology, with the focus on masculinities, gender-based violence, and religious agency. This is a joint degree with the Vrije Universiteit Amsterdam. He successfully defended his thesis in Amsterdam on 2 March 2022.

With his thesis, titled: **TRANSFORMING MASCULINITIES IN THE REFORMED CHURCH IN ZAMBIA: THE GOOD MEN, THE GOOD LIFE, AND THE GOOD NEWS**, the candidate contributes to the field of practical theology by focusing on the intersection of religious agency, gender-based violence, and African masculinities. In his contribution, he attempts to address the causes and effects of gender-based violence in Zambia, by focusing on the practices and beliefs of the Reformed Church in Zambian congregations. The candidate did field work in Zambia following ethnographic and narrative approaches with lived religion and intersectionality as hermeneutical lenses. Four main storylines were identified in the empirical data, and each is countered with a possible "transforming" alternative that imagines new possibilities in a world where gender-based violence is eradicated and equality realised.

Promoter: Prof Jan-Albert van den Berg, Prof Ruard Ganzevoort

Co-promoter: Dr Gideon van der Watt

THE SEANAMARENA THE TRADITIONAL BASOTHO BLANKET

The Main Procession Graduation Gowns – embroidered with rich diversity

South Africa, and the Free State in particular, has a long-standing friendship with our neighbouring country, Lesotho.

Through a shared history, we have become co-creators of our futures. For this reason, the UFS decided to incorporate our tradition with that of the Basotho in the design of our Main Procession graduation gowns.

The gowns are inspired by the Seanamarena – the traditional Basotho blanket. The different patterns on the Seanamarena indicate the status one holds in the Basotho nation or reflect the occasion being celebrated. Keeping the Seanamarena pattern in mind, we combined our traditional academic designs with that of the Basotho nation.

YOKE PATTERNS

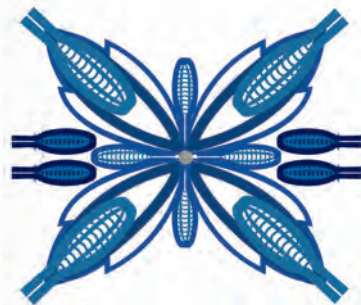

Yoke pattern for the Chancellor and Vice-Chancellor

This Seanamarena pattern is an interpretation of a design – used exclusively for the king and chiefs – which means ‘to swear by the king’. This blanket has the highest status of all Basotho blankets.

Yoke pattern for the Chairperson of the Council

This Seanamarena Victorian crest motif appeared after the visit of the Prince of Wales to Lesotho in 1925, which made a profound impression on the local people. Customers refer to this blanket as ‘lesiba’ – meaning feathers – when buying it.

Yoke pattern for the Vice-Rector

This Seanamarena Poone design symbolises good crops, wealth, and fertility. The Poone is given as a present to honour an important visitor.

Yoke pattern for Registrar

The same Seanamarena Poone design used for the Vice-Rector applies to the Registrar, with some slight design and colour alterations.

The Deans wear gowns made in the colours of the faculties, or others which indicate the office they hold.

CONGRATULATIONS FROM THE ALUMNI OFFICE

Congratulations on your graduation and best wishes for your next adventure!
We are very proud of you and your achievements.

KEEP CONNECTED

Alumni are a real measure of a university's brand, and we strive to keep you informed of the latest news about our young leaders, pioneers, and the projects emerging from the UFS. We do this through our online platforms, social media, publications like **BULT** and events such as the **Chancellor's Distinguished Alumni Awards**. We hope that you will keep connected with your alma mater by sharing your future achievements with our alumni community.

THE ALUMNI TEAM

VOICES FROM THE FREE STATE

Voices from the Free State is a series of alumni-initiated and -led personal podcast narratives by outstanding alumni of the UFS who reflect on their experiences at the UFS, telling their stories, and explaining how their university years shaped their future and paved the way for their respective successes. Join the **Voices from the Free State** podcast series as we release a new podcast featuring a different alumnus on the first Monday of each month throughout 2021.

A CONNECTED COMMUNITY

We exist not only to keep you connected to your alma mater but

to help you stay connected to each other. We encourage engagement and networking opportunities through virtual or hybrid events, informal visits, and guest lectures. You can connect with alumni globally and reconnect with former peers through the Alumni Office.

STRENGTHENING BONDS

We value your financial contributions, your time, your skills, and your networks. Strengthen your bond with your alma mater by becoming involved in mentoring, projects, events, and initiatives aimed at creating a fulfilling student and alumni experience for fellow UFS students and alumni. For more information on impactful

projects or to donate, visit our **donations webpage**.

HERE FOR YOU

We are the Alumni Office team, and we are here for YOU. Stay connected with us via email, our **website**, or social media (**Facebook** and **LinkedIn**). Ensure that you update your details with us regularly so that we may celebrate your unfolding journey and successes with you.

To update your details

online at www.ufs.ac.za/alumni or email alumni@ufs.ac.za. Include your date of birth, cell-phone number, and full names.
