ABOUT THE UFS

BLOEMFONTEIN, QWAQWA, AND SOUTH CAMPUSES

The University of the Free State (UFS) has a proud history as one of the oldest institutions of higher education in South Africa. It opened its doors in Bloemfontein in 1904 as the Grey University College, with six students in The Humanities. Today it is a multi-campus institution, with two diverse campuses in Bloemfontein and one in Qwaqwa in the scenic Eastern Free State, accommodating more than 39 000 students in its seven faculties (Economic and Management Sciences, Education, Health Sciences, The Humanities, Law, Natural and Agricultural Sciences, Theology and Religion), with a significant number of international students and associates, and an ever-widening scope of active involvement in and contribution to its surrounding communities.

For the past 121 years, the UFS has been delivering quality graduates who have made their mark in various sectors. What sets the institution apart is its holistic student support initiatives, enabling it to achieve some of the highest success rates in the country. Delivering students who are in high demand in the global job market remains a top priority. An established network of industry partners and close collaboration with the public and private sectors, as well as a continuous process of transformation and curriculum renewal, dovetail to produce highly employable graduates.

The UFS' research efforts are driven by dedicated scholars, some of whom are international leaders in their fields, with industry and social impact and real-world application.

Through the principle of engaged scholarship, the university responds to societal needs by using its scholarly and professional expertise with an intentional public purpose and benefit.

The UFS is an institution that goes all out to provide its students and staff with an outstanding university experience. Everything the institution does is rooted in its values of excellence, innovation and impact, accountability, care, social justice, and sustainability.

The university aspires to be a research-led, student-centred, and regionally engaged university that contributes to development and social justice through the production of globally competitive graduates and knowledge. Our *Vision 130* is an elaboration of our strategic intent to reposition the university for 2034, when we will commemorate our 130th anniversary.

Inspiring excellence, transforming lives through quality, impact, and care.

MORETLO MOKUELE

GUEST SPEAKER

Moretlo Mokuele's academic journey began at the Qwaqwa branch of the University of the North, now the University of the Free State (UFS), where she earned her Bachelor of Administration majoring in Industrial Psychology and Public Administration. Her connection to this university is profound, having served as a student development officer early in her career, supporting student success and institutional growth. She later earned a Master of Business Administration (MBA) from the University of Pretoria, further honing her strategic leadership skills.

Her journey is one of excellence, resilience, and unwavering commitment to the development of people and institutions. Her remarkable career spans leadership roles in higher education, public administration, and strategic organisational transformation. With more than two decades of experience in senior and executive management in the public sector, Mokuele has contributed significantly to the governance and transformation of institutions such as the Tshwane University of Technology and the Walter Sisulu University.

Recognising her level of expertise, the Minister of Higher Education, Science and Innovation appointed her as one of the members of the Administrator's Technical Team at the Mangosuthu University of Technology in 2022. While she remains available to share her expertise and mentor others within the higher education sector, she is now the Managing Director of the Glow Genesis Beauty Company (Pty) Ltd, a business founded from her passion for entrepreneurship and excellence. Her goal is to contribute towards broadening the participation of black South Africans in the mainstream economy.

MOJAKI, Mojaki Gilbert

Mojaki Gilbert Mojaki was born in Mapoteng, Berea, Lesotho. He received his secondary education in Mapoteng, Berea, and matriculated at Dahon High School in 1999. He obtained a Bachelor's Degree in Education in 2004 at the National University of Lesotho. He obtained Honours in Education in 2019, a Masters Degree in 2022 and a PhD in Curriculum Studies in 2024, all at the University of the Free State. He started his career as a teacher in Mapoteng, Lesotho in 2004. He later relocated to South Africa and continued his work as a teacher until November 2023, when he was appointed as a lecturer in the Department of Languages in Education at the University of the Free State.

With his thesis titled: **MITIGATING THE COVID-19-INDUCED LEARNING LOSS IN READING IN RURAL ENGLISH FAL GRADE 10 CLASSROOMS: A FREE VOLUNTARY READING APPROACH**, driven by the devastating ripple effects of COVID-19, which resulted in learning loss amongst learners, this qualitative study sought to explore how the Free Voluntary Reading (FVR) approach could be implemented to mitigate the COVID-19-induced learning loss in reading among Grade 10 English First Additional Language learners in one rural school in the Free State province, South Africa. Participatory Action Learning and Action Research was adopted as a guiding methodology to involve learners and teachers in the collaborative implementation of FVR. The findings revealed that FVR was implemented successfully to mitigate the COVID-19-induced learning loss in reading. Evidence for successful implementation points to increased confidence to read, increased motivation to read for pleasure, reading with comprehension, increased imaginative abilities, and expanded vocabulary. Guided by these findings, the study developed a model for implementing FVR in English language classrooms in South Africa and beyond.
