

1. We are pleased to announce that our COID bursary is now open.
2. The Compensation Fund identified a need to encourage unemployed persons who suffered occupational injuries/diseases and their dependents to further their studies to participate in the country's economy.
3. Our main beneficiaries are the General Youth, General Persons with Disabilities, COID PWDs and dependants of COID PWD.
4. With this advert, we want to increase our pool for **COID PWDs and dependants of COID PWD**; hence our advert for the 2022 academic year is targeting the **COID PWDs and dependants of COID PWD**
5. The documents can also be accessible on this link
