

NSFAS BURSARY INFORMATION 2019

NEW FIRST TIME ENTERING (FTEN) AND 2018 FTEN RENEWALS

1. GENERAL INFORMATION

The Financial Aid Office will only communicate to all NSFAS students via their “ufs4life” email address.

1.1 STUDIES THAT ARE FUNDED BY NSFAS

- Only a first tertiary qualification will be funded.
- Only undergraduate studies will be funded (except the Post Graduate Certificate in Education and the Postgraduate Diploma in General Accounting).
- Occasional studies and short course programmes will not be funded by NSFAS.

1.2 Qualifying registered NSFAS funded students does not have to make a first payment towards 2019, however, if you made a first payment to enable you to register while you were waiting for the outcome of your NSFAS application, the payment may be refunded to you. NSFAS funded students will be informed of dates at which they may apply for refunds of the first payments made subject to the full payment of all amounts not paid by NSFAS see par 1.4.

1.3 Senior students who registered before 2018 for an undergraduate programme and who will be receiving a NSFAS bursary in 2019 for the first time.

If you have registered before 2018 for an undergraduate programme and will be receiving a NSFAS bursary in 2019 for the first time, your tuition fee account will only be paid after you have signed a NSFAS agreement and the Financial Aid Office has received confirmation from NSFAS in this regard. Please note that you will receive notifications from Student Finance to pay your outstanding tuition and accommodation fees until a NSFAS allocation for the payment of fees has been made.

1.4 The following costs are examples not covered by your NSFAS bursary:

- Any outstanding fees from previous years except in circumstances where you signed an Acknowledgement of Debt form at Financial Aid for NSFAS qualifying outstanding fees,
- internet fees,
- doctor’s fees,
- deposit for hostel or private accommodation,
- breakage cost in hostel,
- any fines.

1.5 Interest charged on overdue NSFAS qualifying fees will be reversed at the end of each year.

- 1.6 It is your responsibility to often and carefully check your tuition fee account in order to identify any charges which you have to pay (see 1.4 above).
- 1.7 A written request must be submitted at the Financial Aid Office when a student wishes to cancel the NSFAS bursary.
- 1.8 Should you receive any bursaries or make any payments after your NSFAS bursary amount has been finalised and transferred to your tuition fee account, your bursary amount will be adjusted accordingly. Any over allocation of NSFAS funds (credit balances) will be returned to NSFAS.
- 1.9 The minimum bursary amount determined by the NSFAS Board that may be contractually allocated to a student is R2 000.
- 1.10 Please take note of the following as outlined in the NSFAS Guidelines:

“If a student receives a merit award from their institution, the NSFAS funding will also be reduced accordingly, so that the full cost of study is covered, but the student does not receive an amount over and above the full cost of study, as outlined in these Guidelines.”

Therefore, merit awards cannot be paid out to a student nor can it pay for costs not covered by NSFAS.
