The Department of Science & Technology (DST) Renewable & Sustainable Energy Scholarships Programme (RSES)

Call for applications for Doctoral and Masters Scholarships for 2014

In an effort to develop the required skills to facilitate and support the transition towards a sustainable energy system, the DST is providing postgraduate research scholarships grants intended to enhance and increase science, engineering and technology (SET) student enrolment into postgraduate research studies (Masters and PhD), thus increasing the SET workforce.

The field of study chosen should be in line with the following broad research focus areas:

- Cleaner fossil fuel development, including clean coal technologies;**
- Renewable energy (bioenergy including bio-fuels, solar energy, wind energy, etc.);**
- Energy impact on the environment;**
- Energy for socio-economic development;**
- Energy system planning and modelling; and**
- Energy policy research**

Closing Date for Applications: 10 August 2013
