

European Research Council visit

A webinar will be presented to South African researchers on **17 March 2023** to explain the procedures in terms of applying for a visit to a European Research Council (ERC) team in Europe.

Click on the following link to register: [Opportunities for South African researchers to visit an ERC team | ERC \(europa.eu\)](https://erc.europa.eu/opportunities-for-south-african-researchers-to-visit-an-erc-team)

This initiative offers the opportunity for researchers supported by the South African National Research Foundation (NRF) Research Career Advancement Fellowships and the Postdoctoral Research Fellowships to temporarily join ERC research teams based in Europe, facilitating cooperation in similar areas of research or on topics of mutual interest. This [arrangement](#) is part of the ERC's global outreach strategy, which aims to make Europe a hub for research talent.

This webinar will explain how to apply and what is included (per *diem* subsistence costs, salaries, travel, health insurance, and living expenses). Visiting researchers are welcomed into ERC research teams for the duration of their visit – which may be a short stay of a few months or a maximum of a full year. A visiting researcher from South Africa will provide a testimonial of their time with an ERC-funded team in Europe.

Agenda:

17 March 2023

10:00-11:00 CET (11:00-12:00 South African time)

- [Ahmed Maalel](#), EURAXESS Regional Representative for Africa
- [Davide Innocenti](#), ERC – the ERC's international arrangements
- [Prof Andrew Swarts](#), Associate Professor, School of Chemistry, University of the Witwatersrand – testimonial as a visiting researcher
- **Valencia Mashiloane**, South African National Research Foundation

Question and answer session moderated by EURAXESS
