## TO WHOM IT MAY CONCERN!

**UPCOMING MOTHER'S DAY- COULD THIS BE OUR MUTUAL YET COLLABORATIVE MARKETING EXPOSURE?**

**Hello Hominids & Hominins!**

Hola 7 is for all people in the 7 continents especially my motherly Home, Africa. Eita Mzansi, my rainbow nation! And greetings all. Good gracious people, or should I say fellow folks! International Mother's day is upcoming next month. The world will be acknowledging and celebrating moms of this world (Hominids & Hominins) on the 08th May 2022. Indeed, the sky's the limit for most people across the globe to express their affections to their moms.

As an upcoming songwriter, a recording singer and performing artist based in Gauteng province of the Republic of South Africa, I recently released a praise song in support of mother's day. "Happy Mother's Day" is the song's name by Zamisto ft. Pearl\_V.

As part of my humble beginnings, I just wanted to appreciate, honor and celebrate our Mammias & Mommies as undisputed life champions and forever enabling cornerstones.

The song is available in most digital music platforms available under a released album called "Yabada Africa". In expanding my horizons, I seek value oriented mutual beneficial exposures to use and exploit this song as valuable utility. I welcome all individual, corporate and collaborative ideas including amongst others marketing campaigns, partnership initiatives and sponsorship ventures in celebration of our life pillars.

No idea is bad idea, as little as this gesture may sound-like, to me this is a golden opportunity for my love vibes & music tunes 2 massage our moods about our moms. I know though that my journey is a modest reality without **you & your** support. Join me wherever you are. Let's celebrate OUR mothers physically, emotionally, morally and fiscally. As you know, life doesn't come with a manual, it comes with a mother for love and care.

Thank you in advance for your enabling support and upcoming exposures.

Sincerely, yours

*Zamisto*

# BIOGRAPHY

## I am an African TALLman with short messages

I am an artist, a solo artist, songwriter or a lyricist, singer & performer aspiring to express himself (Imizwa yam) through music vibes essentially healing, delighting & endowing Mzansi and African people with fresh sounds. Oh yes, I'm knocking, (NdiyaNqonqoza) and always calling upon Friday (Hoza Friday) as my favorable day of the week albeit I take every day as a (Brand new day).

Indeed, we have Afro-popped a number of tracks for Afro-poppers and Afro-trappers (Yabada Africa) but only individual singles for Afro-house-keepers Qula Kwedini with some Xhosa cliques & for our Reggae lovers with some Afro-pop flair respectively.

In response to current wreak havocking Amapiano sounds, we have 2 tracks chasing the trend for now, check them out. For Gospel lovers, I have a message for you children of God - I speak peace, love & respect, Nkosi sikelel' abantu bakho. In fact, we have about 4 gospel tracks aimed to heal & restore our people's diverse situations, persistent circumstances and vulnerable life conditions.

Trying 2 be contemporary and versatile at the same time isn't a walk in the park, I ended up becoming Sishumane because of my music ambitions, shame on me but at least it happened during Covid 19 lockdowns, hey' Ishubile bakgotsi keCorona. Anyway, let me congratulate Dillidizza for safely passing through manhood passage during this summer school initiation campaign. Mabaye bephila babuye bephila. Was it lockdown blasphemy and or blemished year Dillidizza? Hay' nam andazi kodwa ke your time was long overdue (Yo tym is up) dedela (amakhwenkwe) abanye.

Yabada Africa album is a 2 year project and it couldn't have been manifested possibly, without faith in action and Masandawana always testify for (people-process-systematic) support, assistance, teamwork including hard work, belligerent hiccups, obstinate obstacles, and self or manufactured regrets but I thank God (Heavenly Father) for his mercy, grace, favor and unconditional love.

By the way, Sumeza (the hottest track) is a true personal story based song. I almost lost my other half whilst chasing my dream (Lord mend this). I dedicate this album to you Sibonise and our beautiful daughter, Sumeza (Intombenhle). I'm truly sorry babe and honored for ukubonisa uthando lwam. Luthi nkente-nkente tiki-tiki boom-boom, love you Khasibe, Ndombela.

Hang on a sec, let me thank you for reading my biography & for your support. Actually, your support is highly appreciated and THANK YOU & take 5 may God bless You and Me.

In anticipation for greater things 2 come, towards realizing my music ambitions - I'm looking forward 2 establish mutual beneficial relationships in business & music world. Hesitate NOT, try me now, let's collaborate, chat & talk business. Indeed, I am an African man, tall in height, humble inside & short in messages.

The first single from YABADA AFRICA is Qula Kwedini, a hot afro house Xhosa single. ## IMIZWA YAM BY ZAMISTO

(lyhu... imizwa yam)

Ndiva njalo kunzim' emhlabeni  
Ndiva ngokungathi kuyabed' ebomini  
Hay' kunzima vele ku a beda  
Ndiba ngay' ekhaya ndigoduke  
Ndisile takanisha mqomboti  
Kunzima ke mathata fela
