

Activator First-Year Conference 2020

24-25 July 2020, UFS

activate. motivate. mentor

Call for applications.....

Be on the lookout for the call to attend the Activator Conference during July this year! We would like to invite and encourage you to apply for this awesome Kovsie opportunity through your student-life structures and communities. More information will follow.

What can I gain?.....

It will certainly be an unforgettable and valuable experience; an ideal opportunity to discover yourself, expand your leadership skills, build team spirit, and make new friends across the student community. Besides, we want to help you become the best leader you can be at the UFS and beyond!

What to expect.....

The conference programme will be fully packed, with the focus on meaningful talks, critical discussions, interesting learning activities, and loads of fun! First-year voices are important and should be heard!

Who can apply?.....

We are looking at hosting around 250-300 participants, with a balanced representation from the different student-life communities. Through your learning/student-life community, you will be informed and recruited to apply, as we are searching for prominent, emerging first-year leaders

What are the outcomes?.....

The objective is to lay the foundation for relationship building, to foster collaboration between students and structures, and to strive towards integration and unity, with the prospect of continued engagement and learning opportunities after the conference. This is where our future Kovsie leaders are developed and shaped!
