CONVERSION

The UFS uses a conversion table to help us consider all applications equally. If you are an international and/or home-schooled prospective student, use the conversion table below to calculate your AP (admission point). The table applies to all examination authorities/bodies in South Africa and internationally (upload international results as symbols).

The conversion table on the next page reflects the minimum admission requirements and is a guideline only. Meeting the minimum admission requirements for your chosen/intended programme of study does not guarantee admission, as limited space is available in each programme. Final selection is subject to the availability of space, academic results, and other admission requirements where applicable.
