

ECONOMICS & BANKING FOR MANAGERS

OBJECTIVES OF THE PROGRAMME

- Economics & Banking for Managers aims to provide participants with a good understanding of the main role players in the economy, the rationale behind decisions taken by them, and examining different types of markets (microeconomics)
- It also focusses on understanding the economy as a whole and investigating the meaning and interpretation of economic growth, inflation, exchange rates, etc (macroeconomics)
- Within the banking part, the South African banking industry is explored, with specific attention paid to how banks function, what the role of the Reserve Bank is and what main risks banks are exposed to This knowledge will enable the participant to better analyse the economy and banking sector, and to accurately interpret changes in the economy and the global economy as well as their implications for their organisations

LEARNING OUTCOMES

By the end of the programme, participants should be able to:

- Understanding how the economy works and explain how interest rates are determined, why there is an increase or decrease, and when an increase or decrease can be observed
- Explain how exchange rates are determined, and why and when they can change
- Think and reason about macro-economics
- Understand globalisation and its effect on the South African economy
- Identify factors influencing price sensitivity for a specific product
- Understand how the market forces of demand and supply interact to determine price and output
- Comprehend how market power and price regulation (such as price ceilings and price floors) impact on price and output levels of a specific product
- Discern the functions and definitions of money and explain the creation and control of money
- Distinguish between the money and the capital market
- Identify and discuss the financial instruments
- Highlight and explain the various financial institutions and their operations
- Apply instruments of monetary policy in the South African context
- Explain important exchange rate determinants
- Understand the political economy of South Africa

Who Should Attend?

The short learning programme is aimed at all individuals, but specifically those in management and policy-making positions, that are responsible for key decision-making within their organisations (e.g. banks, public sector and private sector companies).

Mode of delivery:

Face to face OR Online

Duration: Face to Face

2 Days

Duration: Online

4 Weeks

Accreditation:

- Short learning programmes are accredited with the UFS and recognition to predefined formal programmes is available through Recognition of Prior Learning (RPL).
- All short learning programmes can be customised and offered on an in-house basis.
- NQF level: 5
- Credits: 9
