Call for symposia, suggestions for plenary speakers, and interest for contributions

The 5-day conference program will typically consist of a limited number of plenaries and parallel presentation and poster sessions. An indication of your possible contribution(s) at the conference will greatly assist the local organizing committee in the planning of the program. We would therefore, appreciate your response to the following before 16 May 2009:

Name:

Country:

Possible title of contribution(s)

1. (oral or poster?):

2. (oral or poster?):

3. (oral or poster?):

Possible title of symposium in which you want to contribute, as well as suggestions for a **plenary speaker**

More detail on the Important dates, Accommodation, Social program and possible post-Conference Tour(s) will be added to the website <http://www.icrbm.org/>

The calls for registration and abstracts will follow later, via the website and circulars.
