

**SHORT LEARNING PROGRAMMES** offer an alternative to formal qualifications. For scholars who do not wish to complete a degree, but rather want to accumulate skills and knowledge for a specific purpose, this is the pathway for you.

**Short Learning Programmes are designed to offer you flexible learning opportunities relevant to your desired outcome.**

MARCH 2026				
SLP NAME	DURATION OF SLP	MODE OF DELIVERY	SYSTEM LINK	DESCRIPTION
INFECTION PREVENTION & CONTROL	5 Days	Online	APPLY NOW	An integrated approach towards the theory and practice of Infection Prevention and Control to equip health care practitioners with integrated knowledge and skills to provide holistic high quality health care through appropriate implementation, evaluation and improvement of Infection Prevention and Control practices in different work places, clinical fields and the community.
WOUND CARE (5 MODULES)	1 Year	Blended	APPLY NOW	The purpose of the short learning programmes are to enable health care practitioners to treat patients with various wounds comprehensively according to the available best practice principles to the benefit of the patients, their families, and health care providers.
PRINCIPLES OF PATIENT BLOOD MANAGEMENT FOR MEDICAL DOCTORS	14 weeks	Blended	APPLY NOW	This programme will equip medical practitioners with adequate knowledge and skills that they can implement patient blood management (PBM) in their own working environments. They will be introduced to the principles of PBM. The programme will emphasise the following main areas: the early detection and treatment of anaemia, minimising bleeding and blood loss, the use of blood conserving modalities, optimising the patient's physiological reserves, balancing risks and benefits of transfusion, patient-centred decision making and implementing PBM programmes. Interdisciplinary co-operation and ethical principles will be emphasised.
FINANCIAL COACHING	12 Weeks	Online	APPLY NOW	This programme will equip successful learners to apply the Ontological Coaching Principles, with specific context of coaching clients around their financial behavior.
FINANCIAL PLANNING CASE STUDIES	12 Weeks	Online	APPLY NOW	This programme will equip professionals with the essential practical skills for modern financial planning. By covering key areas like tax, estate, investments, and retirement planning, focusing on practical case studies ensures that participants can confidently create uniquely tailored financial plans for their clients. It also delves into behavioural finance, exploring how psychology impacts decision-making, allowing for more personalised client strategies. With a strong emphasis on legal and regulatory frameworks, this SLP ensures students are prepared to navigate financial complexities and deliver actionable, results-driven advice to help clients reach their goals.
STOMA CARE NURSING	6 Months	Face-to-Face	APPLY NOW	The purpose of the short learning programme is to enable professional nurses to prepare patients with a urinary or faecal diversion in the pre-operative setting, establish an effective pouching system post-operatively, and to implement an evidence based plan to prepare the patient and family for discharge from hospital.
ADVANCED PRINCIPLES OF COMMERCIAL LAW	6 Months	Face-to-Face and Distance Learning	APPLY NOW	The SLP deals with basic legislative and theoretical principles regulating business enterprises. It includes topics relating to sole proprietorships, partnerships, business trusts, close corporations and companies.
BASIC PRINCIPLES IN COMMERCIAL LAW	6 Months	Face-to-Face and Distance Learning	APPLY NOW	This programme deals with basic legislative and theoretical principles regulating commercial law. It includes topics relating to contracts, delicts, agency, insurance, consumer law and credit agreements.
ALTERNATIVE DISPUTE RESOLUTION	6 Months	Face-to-Face and Distance Learning	APPLY NOW	This programme deals with basic legislative and theoretical principles regulating labour conflict resolution. It includes topics relating to alternative forms of dispute resolution e.g. negotiation, conciliation, mediation, arbitration as well as conflict analysis and conflict sensitivity.
ADVANCED PRINCIPLES OF LABOUR LAW	6 Months	Face-to-Face and Distance Learning	APPLY NOW	This programme deals with advanced legislative principles regulating the individual and collective labour law relationship. It includes topics relating to the individual employment relationship, collective labour law and resolution of labour disputes.
BASIC PRINCIPLES OF LABOUR LAW	6 Months	Face-to-Face and Distance Learning	APPLY NOW	The SLP deals with basic legislative principles regulating the employment relationship. It includes topics relating to the contract of employment, basic conditions of employment, dismissals, unfair labour practices, industrial action and unfair discrimination
BASIC CONVERSATIONAL SESOTHO COURSE	14 Weeks	Online	APPLY NOW	In the workplace, we sometimes experience poor working relationships or some misunderstandings between colleagues due to language deficiency. This programme is intended to equip the non-Sesotho speaker with basic communication skills in Sesotho. These skills will enable the learner to acquire the communication skills to speak to a Sesotho speaker on a basic level.
